[57] CLAIM

I claim the ornamental design for a rail, as shown and described.

DESCRIPTION

FIG. 1 is a fragmentary perspective view of the rail with its interior elements and associated environmental structure shown in phantom, the interior elements and environmental structure forming no part of the claimed design;

FIG. 2 is a fragmentary perspective view of the rail with its interior elements shown in phantom, the interior elements forming no part of the claimed design;

FIG. 3 is an end view of the rail with its interior elements shown in phantom, the interior elements forming no part of the claimed design;

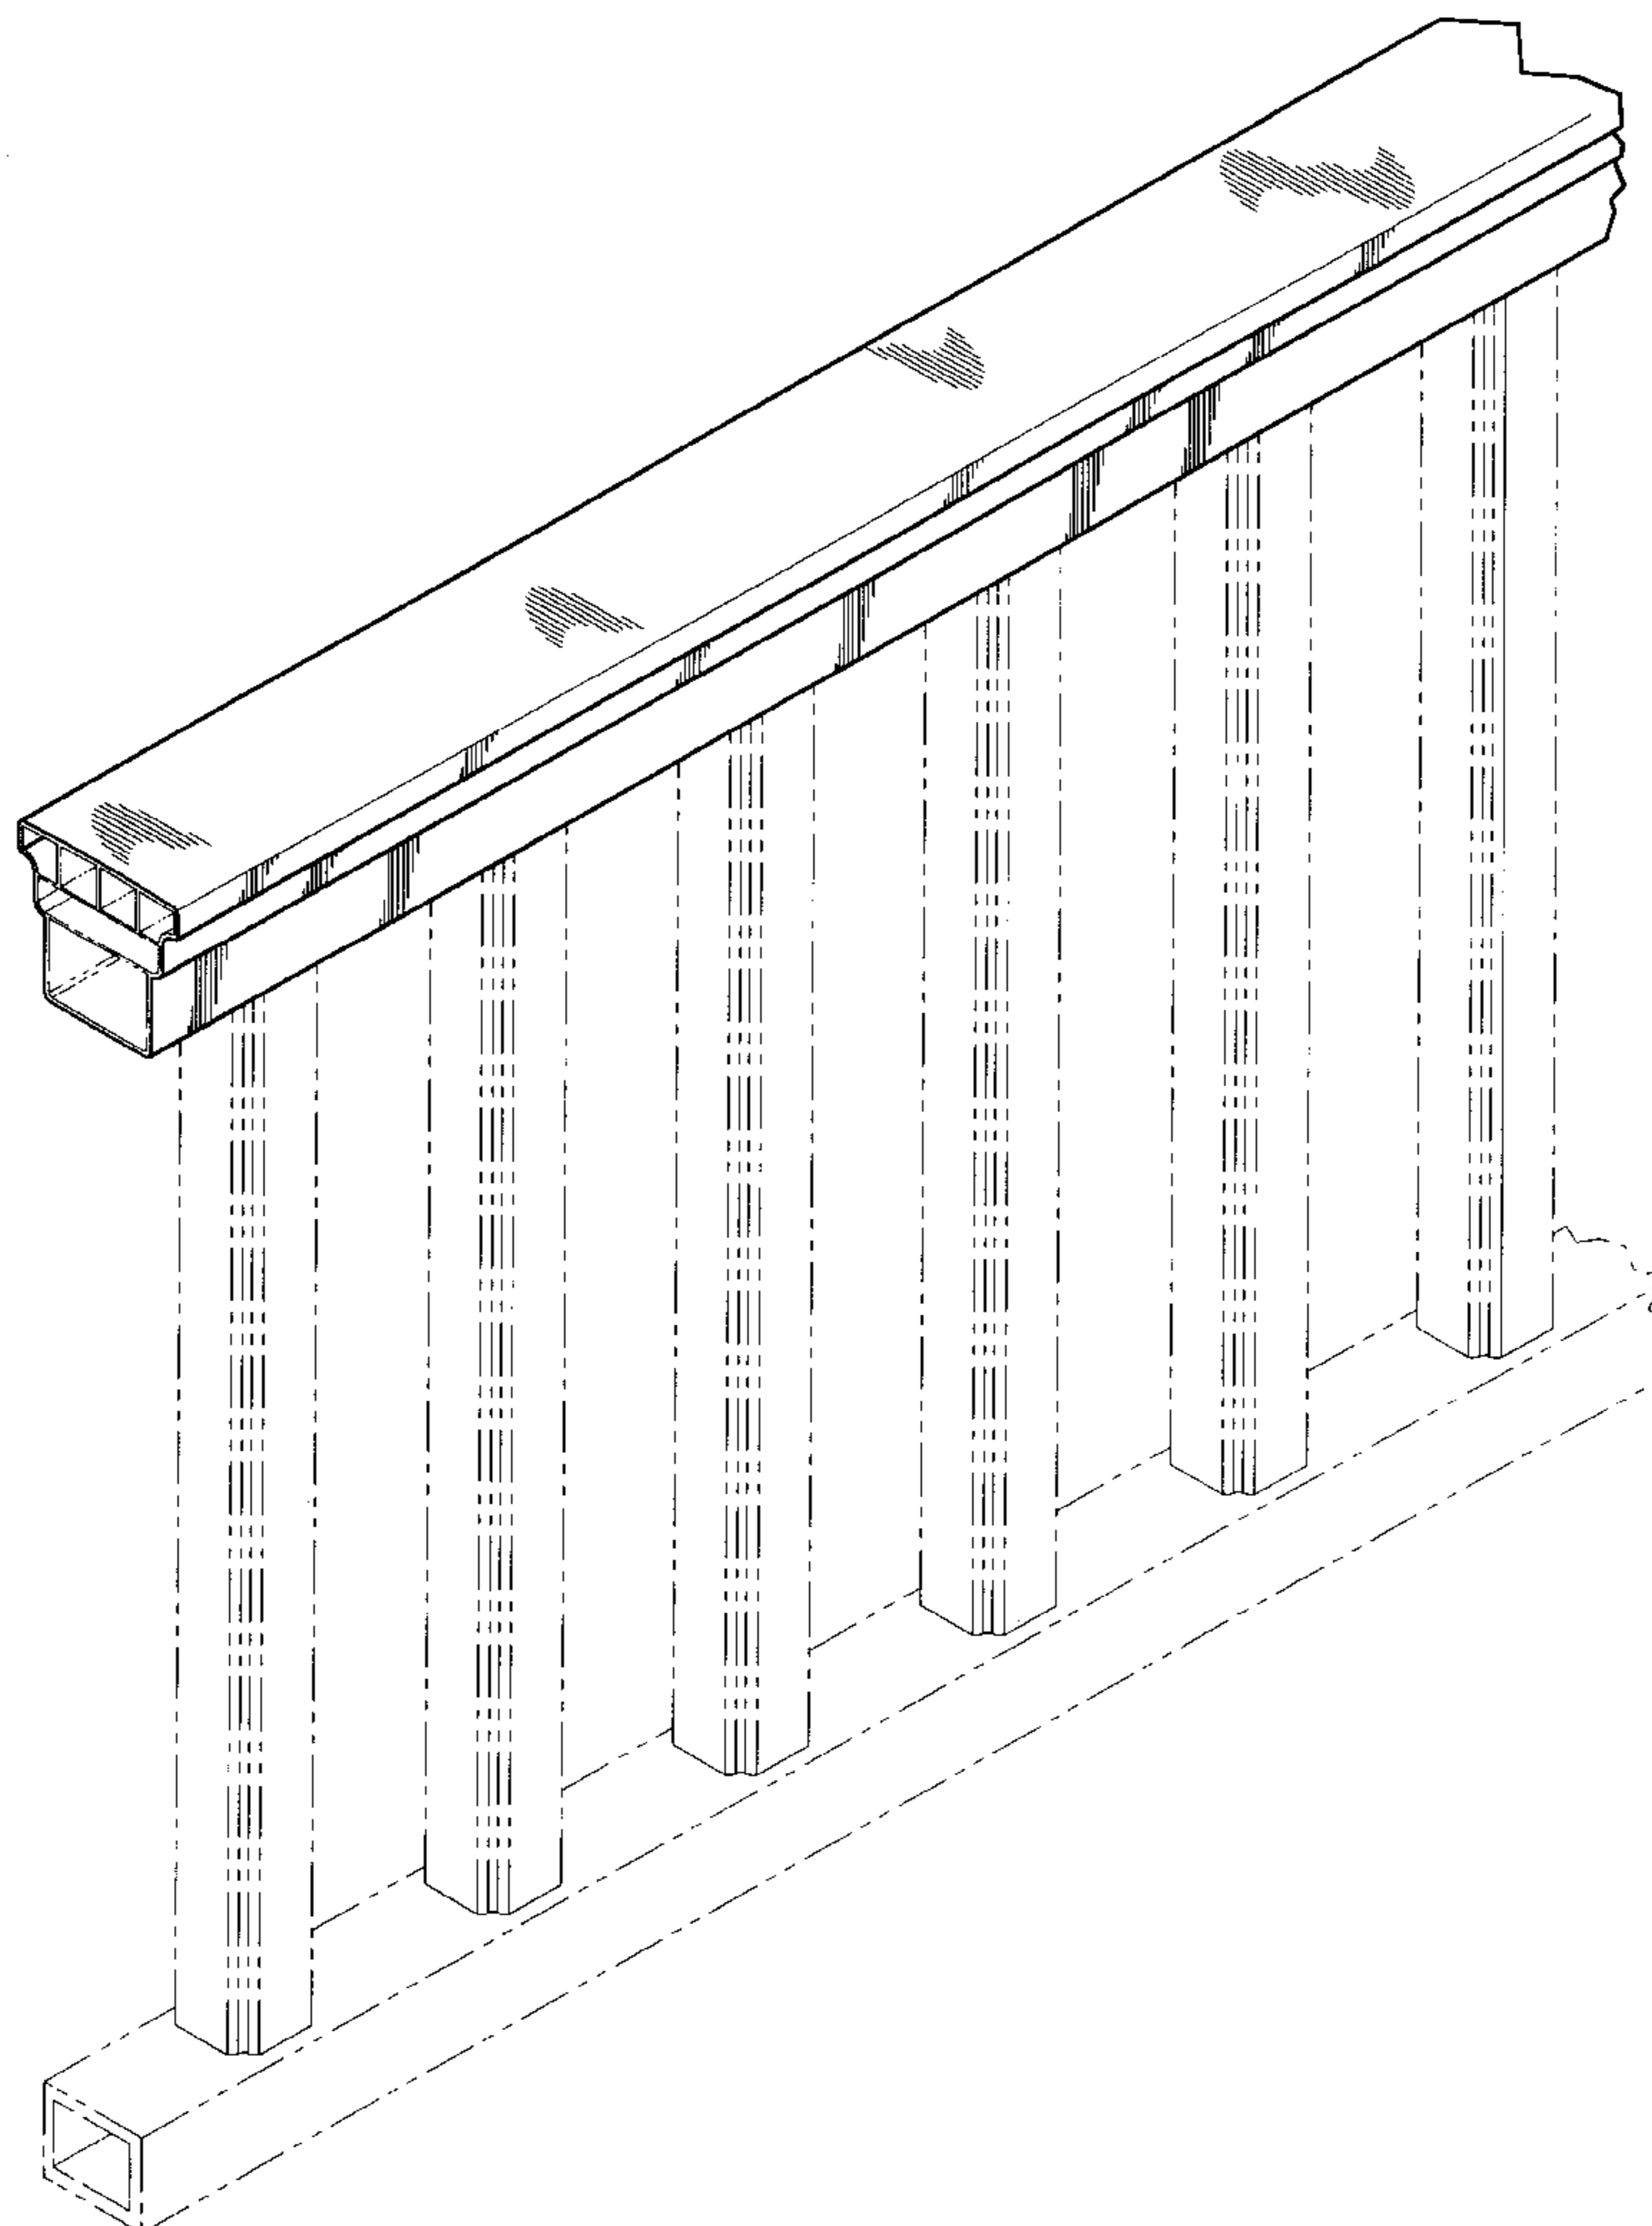

FIG. 4 is a fragmentary side view of the rail, the opposite side being a mirror image thereof;

FIG. 5 is a fragmentary top plan view thereof; and,

FIG. 6 is a fragmentary bottom plan view thereof.

The rail is broken away on one end to disclose indefinite length.
