[57] CLAIM

I claim the ornamental design for a stud remover, as shown.

DESCRIPTION

FIG. 1 is a front perspective view showing my new design for a stud remover according to the present invention; FIG. 2 is an enlarged front elevational view of the stud remover; FIG. 3 is a back elevational view thereof; FIG. 4 is a top plan view thereof, the opposite view being a mirror image thereof; and, FIG. 5 is a side view thereof, the opposite side view being a mirror image thereof. The characteristic feature of the stud remover design resides in the arrangement of slots, each of which has opposed ends terminating in an area of increased diameter.
