[57] **CLAIM**

The ornamental design for a combined remote control power strip with remote control, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of the combined remote control power strip with remote control of the present invention;

FIG. 2 is a bottom plan view of the combined remote control power strip with remote control of FIG. 1;

FIG. 3 is a right side elevational view of the combined remote control power strip with remote control of FIG. 1;

FIG. 4 is a left side elevational view of the combined remote control power strip with remote control of FIG. 1;

FIG. 5 is a front elevational view of the combined remote control power strip with remote control of FIG. 1; and,

FIG. 6 is a back elevational view of the combined remote control power strip with remote control of FIG. 1.

The cord of the claimed design is broken away to indicate indeterminate length.
