[57] CLAIM

The ornamental design for a portable radiotelephone, as shown and described.

DESCRIPTION

FIG. 1 is a top and left side perspective view of the portable radiotelephone showing a first embodiment of our new design;

FIG. 2 is a top and left side perspective view of the portable radiotelephone showing a second embodiment of our new design;

FIG. 3 is a right side view showing the first embodiment thereof;

FIG. 4 is a right side view showing the second embodiment thereof;

FIG. 5 is a bottom view showing the first embodiment thereof;

FIG. 6 is a bottom view showing the second embodiment thereof;

FIG. 7 is an end view showing the first embodiment thereof; and,

FIG. 8 is an end view showing the second embodiment thereof.

The two embodiments, at the front, have the same appearance in the open and closed positions. The only difference between the two embodiments is in the absence of the battery from the second embodiment.

The broken line showings throughout the views are for illustrative purposes only and form no part of the claimed design.
