The drawing figure is a front elevational view of a colored calendar sheet showing our new design, it being understood that the rear is flat and plain and the sheet is of conventional thickness. The drawing is lined, in part, for the color yellow and for two different shades of blue, the darker shade of blue being lined more densely than the lighter shade of blue. The numerals depicted by means of broken lines at the top of the design have been shown for illustrative purposes only and form no part of the claimed design.
