[57] **CLAIM**

The ornamental design for a surface of a headlight assembly, as shown and described.

DESCRIPTION

FIG. 1 is an elevated front perspective view of a surface of a headlight assembly showing our new design, the broken line showing of the grill and hood being for illustrative purposes only, and forms no part of the claimed design.

FIG. 2 is an enlarged front view of the surface of a headlight assembly design of FIG. 1.

FIG. 3 is an enlarged left side view of the surface of a headlight assembly design of FIG. 1.

FIG. 4 is an enlarged right side view of the surface of a headlight assembly design of FIG. 1.

FIG. 5 is an enlarged plan view of the surface of a headlight assembly design of FIG. 1.

FIG. 6 is an elevated front perspective view of a surface of a headlight assembly showing a second embodiment of our new design, the broken line showing of the grill and hood being for illustrative purposes only, and forms no part of the claimed design.

FIG. 7 is an enlarged front view of the surface of a headlight assembly design of FIG. 6.

FIG. 8 is an enlarged left side view of the surface of a headlight assembly design of FIG. 6.

FIG. 9 is an enlarged right side view of the surface of a headlight assembly design of FIG. 6; and,

FIG. 10 is an enlarged plan view of the surface of a headlight assembly design of FIG. 6.
