[73] Assignee: **Fort James Corporation**, Deerfield, Ill.

[\*\*] Term: **14 Years**

### [57] CLAIM

[21] Appl. No.: **29/088,166**

We claim the ornamental design for the repeating pattern for an embossed paper product, as shown and described.

[22] Filed: **May 18, 1998**

### DESCRIPTION

[51] **LOC (6) Cl.** ..... **05-06**

The sole FIGURE is a top plan view of a repeating pattern for an embossed paper product embodying our design.

[52] **U.S. Cl.** ..... **D5/53**

The pattern of the claimed invention may be applied to either a single or multi-ply product. The broken boundary line in the figure represents the boundaries of the claimed design which repeats uniformly throughout the length and width of the paper product which is understood to extend indeterminately in one or more directions. The dot-dash-dot boundary line represents a single repeating unit of the repeating pattern for an embossed paper product embodying our design. The broken boundary line and the dot-dash-dot boundary line do not represent a part of the claimed design.

[57] **CLAIM**

We claim the ornamental design for the repeating pattern for an embossed paper product, as shown and described.

**DESCRIPTION**

The sole FIGURE is a top plan view of a repeating pattern for an embossed paper product embodying our design. The pattern of the claimed invention may be applied to either a single or multi-ply product. The broken boundary line in the figure represents the boundaries of the claimed design which repeats uniformly throughout the length and width of the paper product which is understood to extend indeterminately in one or more directions. The dot-dash-dot boundary line represents a single repeating unit of the repeating pattern for an embossed paper product embodying our design. The broken boundary line and the dot-dash-dot boundary line do not represent a part of the claimed design.
