[57] **CLAIM**

[21] Appl. No.: **29/090,451**

We claim the ornamental design for a connector for printed circuit boards, as shown and described.

[22] Filed: **Jul. 9, 1998**

DESCRIPTION

Related U.S. Application Data

FIG. 1 is a front view of a connector for printed circuit boards showing our new design in a first embodiment, while the rear view corresponds to the front view.

[62] Division of application No. 29/071,612, Jun. 3, 1997, Pat. No. Des. 402,274.

FIG. 2 is a top view of said connector for printed circuit boards of the first embodiment.

[30] **Foreign Application Priority Data**

FIG. 3 is a bottom view of said connector for printed circuit boards of the first embodiment.

Dec. 11, 1996 [JP] Japan 8-37848
Dec. 26, 1996 [JP] Japan 8-39611
Apr. 1, 1997 [JP] Japan 9-50067

FIG. 4 is a left side view of said connector for printed circuit boards of the first embodiment, while the right side view corresponds to the left side view.

[51] **LOC (6) Cl.** **13-03**

FIG. 5 is a sectional view along the line V—V in FIG. 2.

[52] **U.S. Cl.** **D13/147**

FIG. 6 is a sectional view along the line VI—VI in FIG. 1.

[58] **Field of Search** D13/133, 147;
439/344, 353, 357, 660, 682, 685, 686,
687, 695, 696, 712, 713

FIG. 7 is a sectional view along the line VI—VI in FIG. 1, wherein said connector for printed circuit boards is shown in a condition connecting two circuit boards, which are drawn in broken lines for illustrative purposes only. The circuit boards drawn in broken lines form no part of the claimed design.

[56] **References Cited**

FIG. 8 is a front view of a connector for printed circuit boards showing our new design in a second embodiment, while the rear view corresponds to the front view.

UNITED STATES PATENT AND TRADEMARK OFFICE
CERTIFICATE OF CORRECTION

PATENT NO. : Des. 411,512
DATED : June 29, 1999
INVENTOR(S) : Yasuhiro Kataoka, et. al.

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Title page, item [73] the second Assignee should read – Japan Solderless Terminal Mfg. Co., Ltd.
