[57] CLAIM

The ornamental design for a baby bottle back-pack, as
shown and described.

DESCRIPTION

FIG. 1 is perspective view of a baby bottle back-pack
showing my new design, the broken lines partially showing
the child, bottle and tube being for illustrative purposes only
and forming no part of the claimed design, and the broken
lines shown on the surface of the claimed invention being
understood to represent stitching;
FIG. 2 is a front elevational view of the baby bottle
back-pack of the present invention;
FIG. 3 is a top view of the baby bottle back-pack of the
present invention;
FIG. 4 is a left side elevational view of the baby bottle
back-pack of the present invention, the right side being a
mirror image thereof;
FIG. 5 is a rear elevational view of the baby bottle back-pack
of the present invention;
FIG. 6 is a bottom view of the baby bottle back-pack of the
present invention; and,
FIG. 7 is an enlarged cross-sectional view of the baby bottle
back-pack taken on line 7—7 on FIG. 2, and the straps being
removed for ease of illustration.
