[57] **CLAIM**

The ornamental design for a three-dimensional formed and perforated film having a nested triangle design therein, as shown and described.

DESCRIPTION

FIG. **1** is a top perspective view of a three-dimensional formed and perforated film having a nested triangle design therein showing my design;

FIG. **2** is a top plan view thereof;

FIG. **3** is a front elevational view thereof, which is a mirror image of the rear side elevational view thereof;

FIG. **4** is a right side elevational view thereof, which is a mirror image of the left side elevational view thereof; and,

FIG. **5** is an enlarged cross-sectional view taken about the sectional lines **5—5** from FIG. **2**.

The sides of the three-dimensional formed and perforated film having a nested triangle design therein have been shown broken away in FIGS. **1–5** to indicate indeterminate length.
