Attorney, Agent, or Firm—Roger A. Marrs

[57] CLAIM

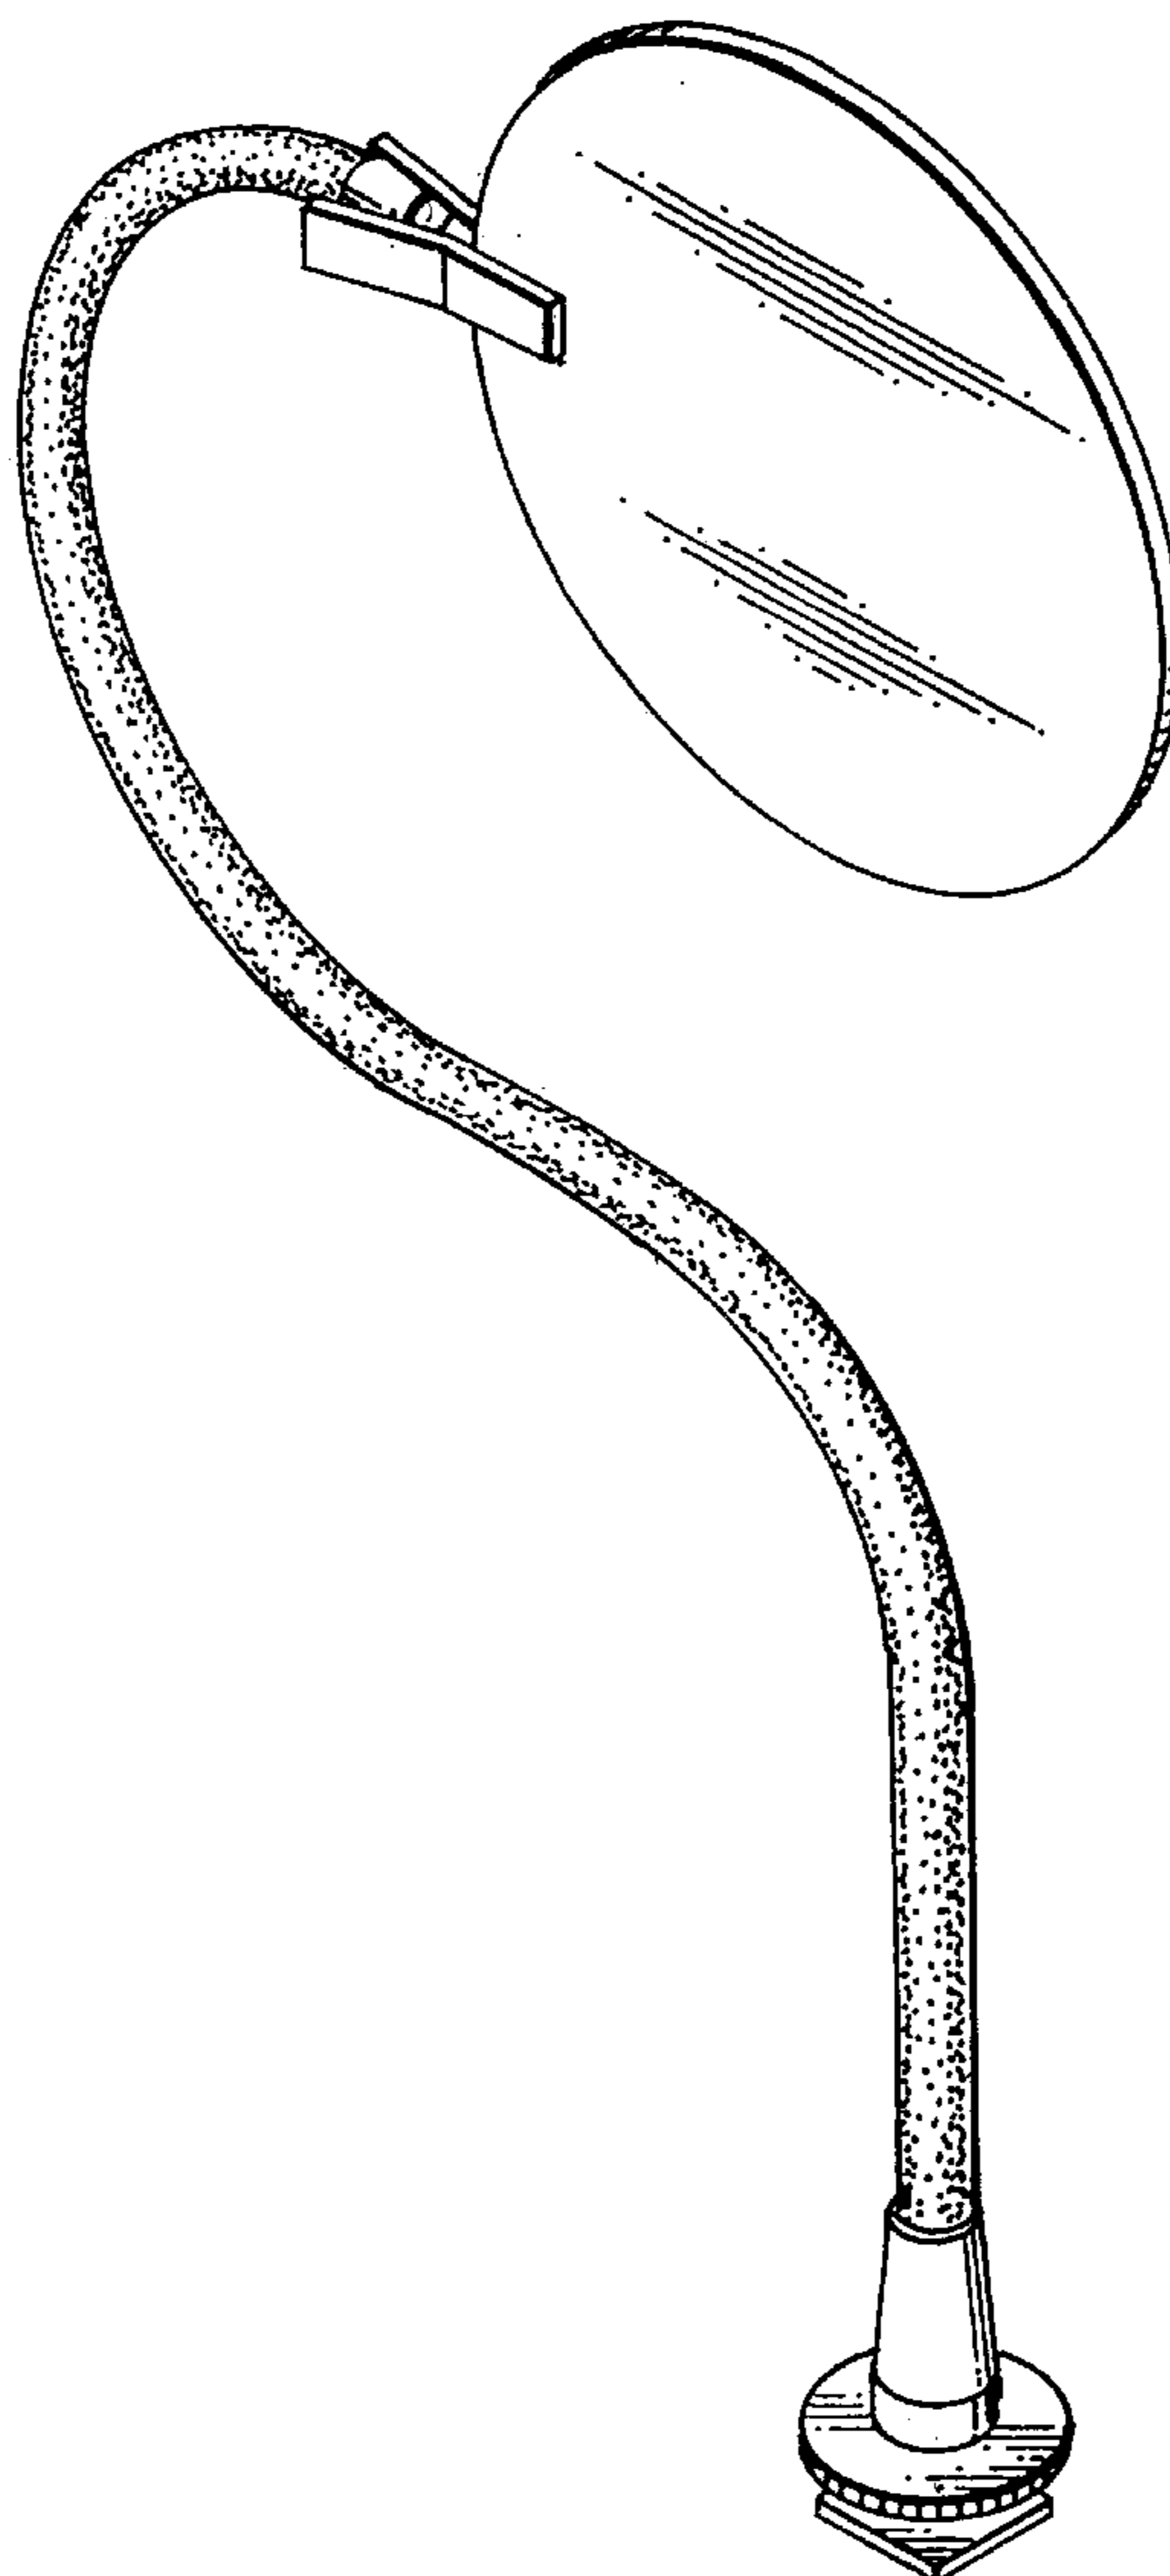

The ornamental design for a flexible lens shade, as shown and described.

DESCRIPTION

FIG. 1 is a front top perspective view of the flexible lens shade showing my new design;
FIG. 2 is a rear elevational view thereof with the opposite side being a mirror image thereof; and,
FIG. 3 is a top plan view thereof, the undisclosed bottom portions of the disk and rectangular shape shoe elements are plain and unadorned.
The cable between the camera attachment shoe and the shade is flexible.
