[57] CLAIM

The ornamental design of a beauty salon cape, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a beauty salon cape showing my new design, the broken lines shown on the claimed article throughout the views being understood to represent conventional stitching;

FIG. 2 is a rear elevational view with both rear flaps folded into an open condition;

FIG. 3 is a rear elevational view with one rear flap in a closed position and the other rear flap folded into an open condition;

FIG. 4 is a rear elevational view showing both rear flaps in the closed condition;

FIG. 5 is a top elevational view of the beauty salon cape in the orientation shown in FIGS. 1 and 4;

FIG. 6 is a bottom elevational view thereof;

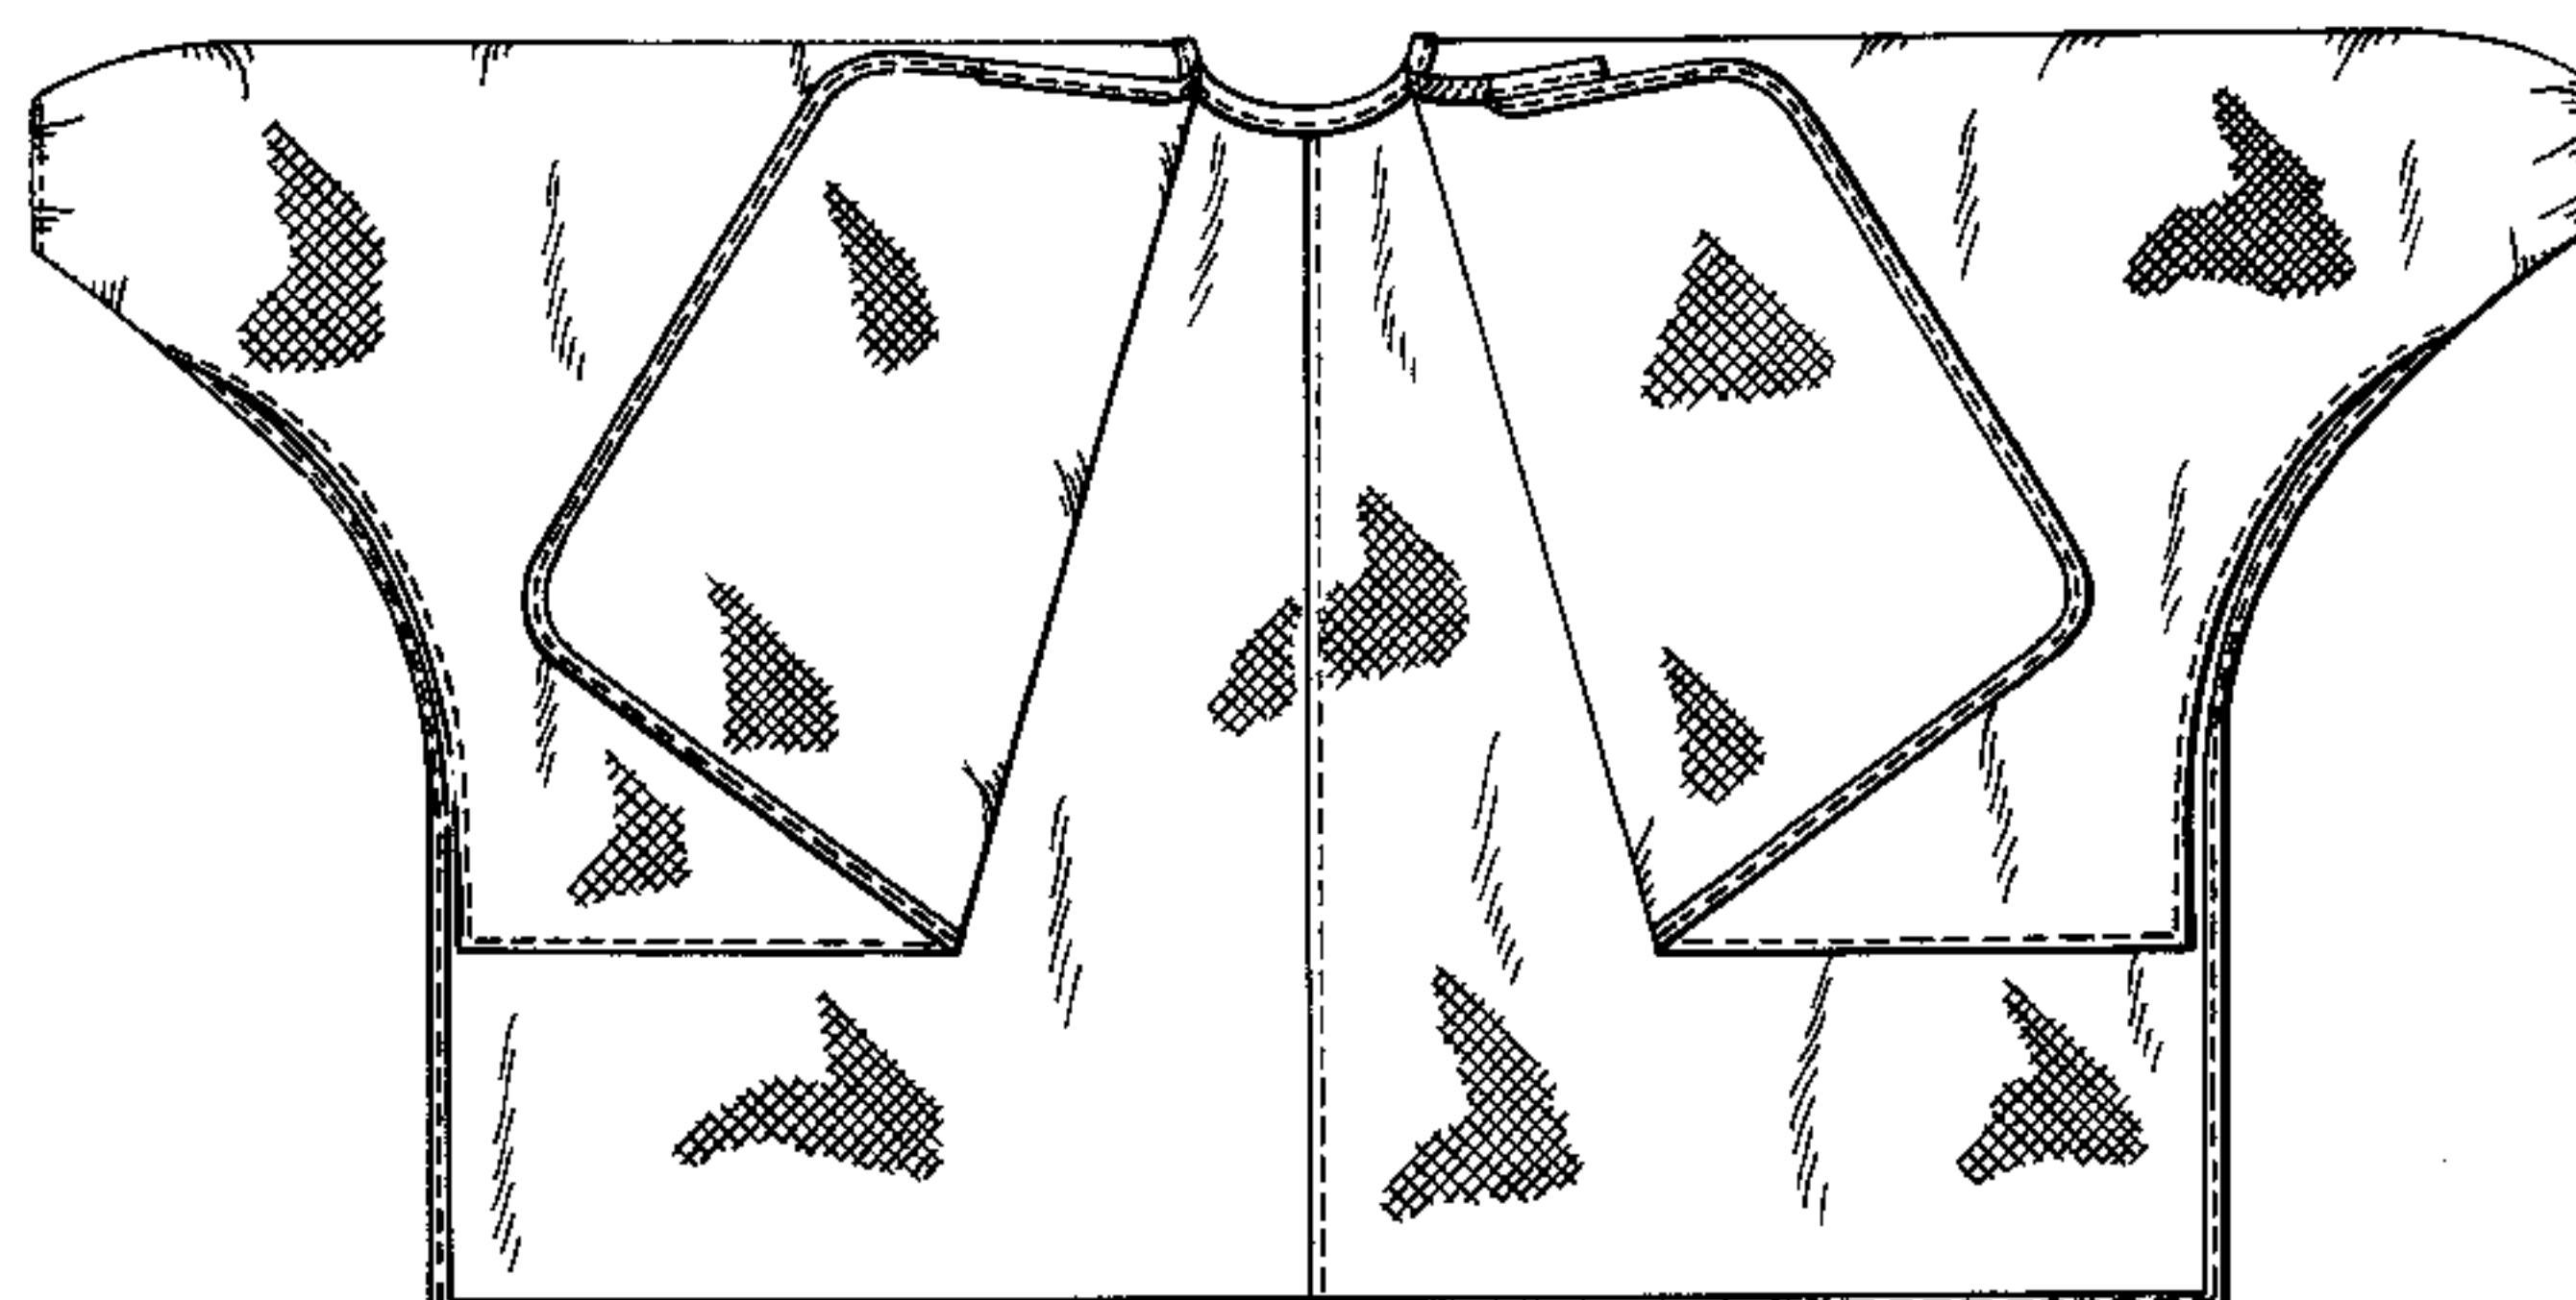

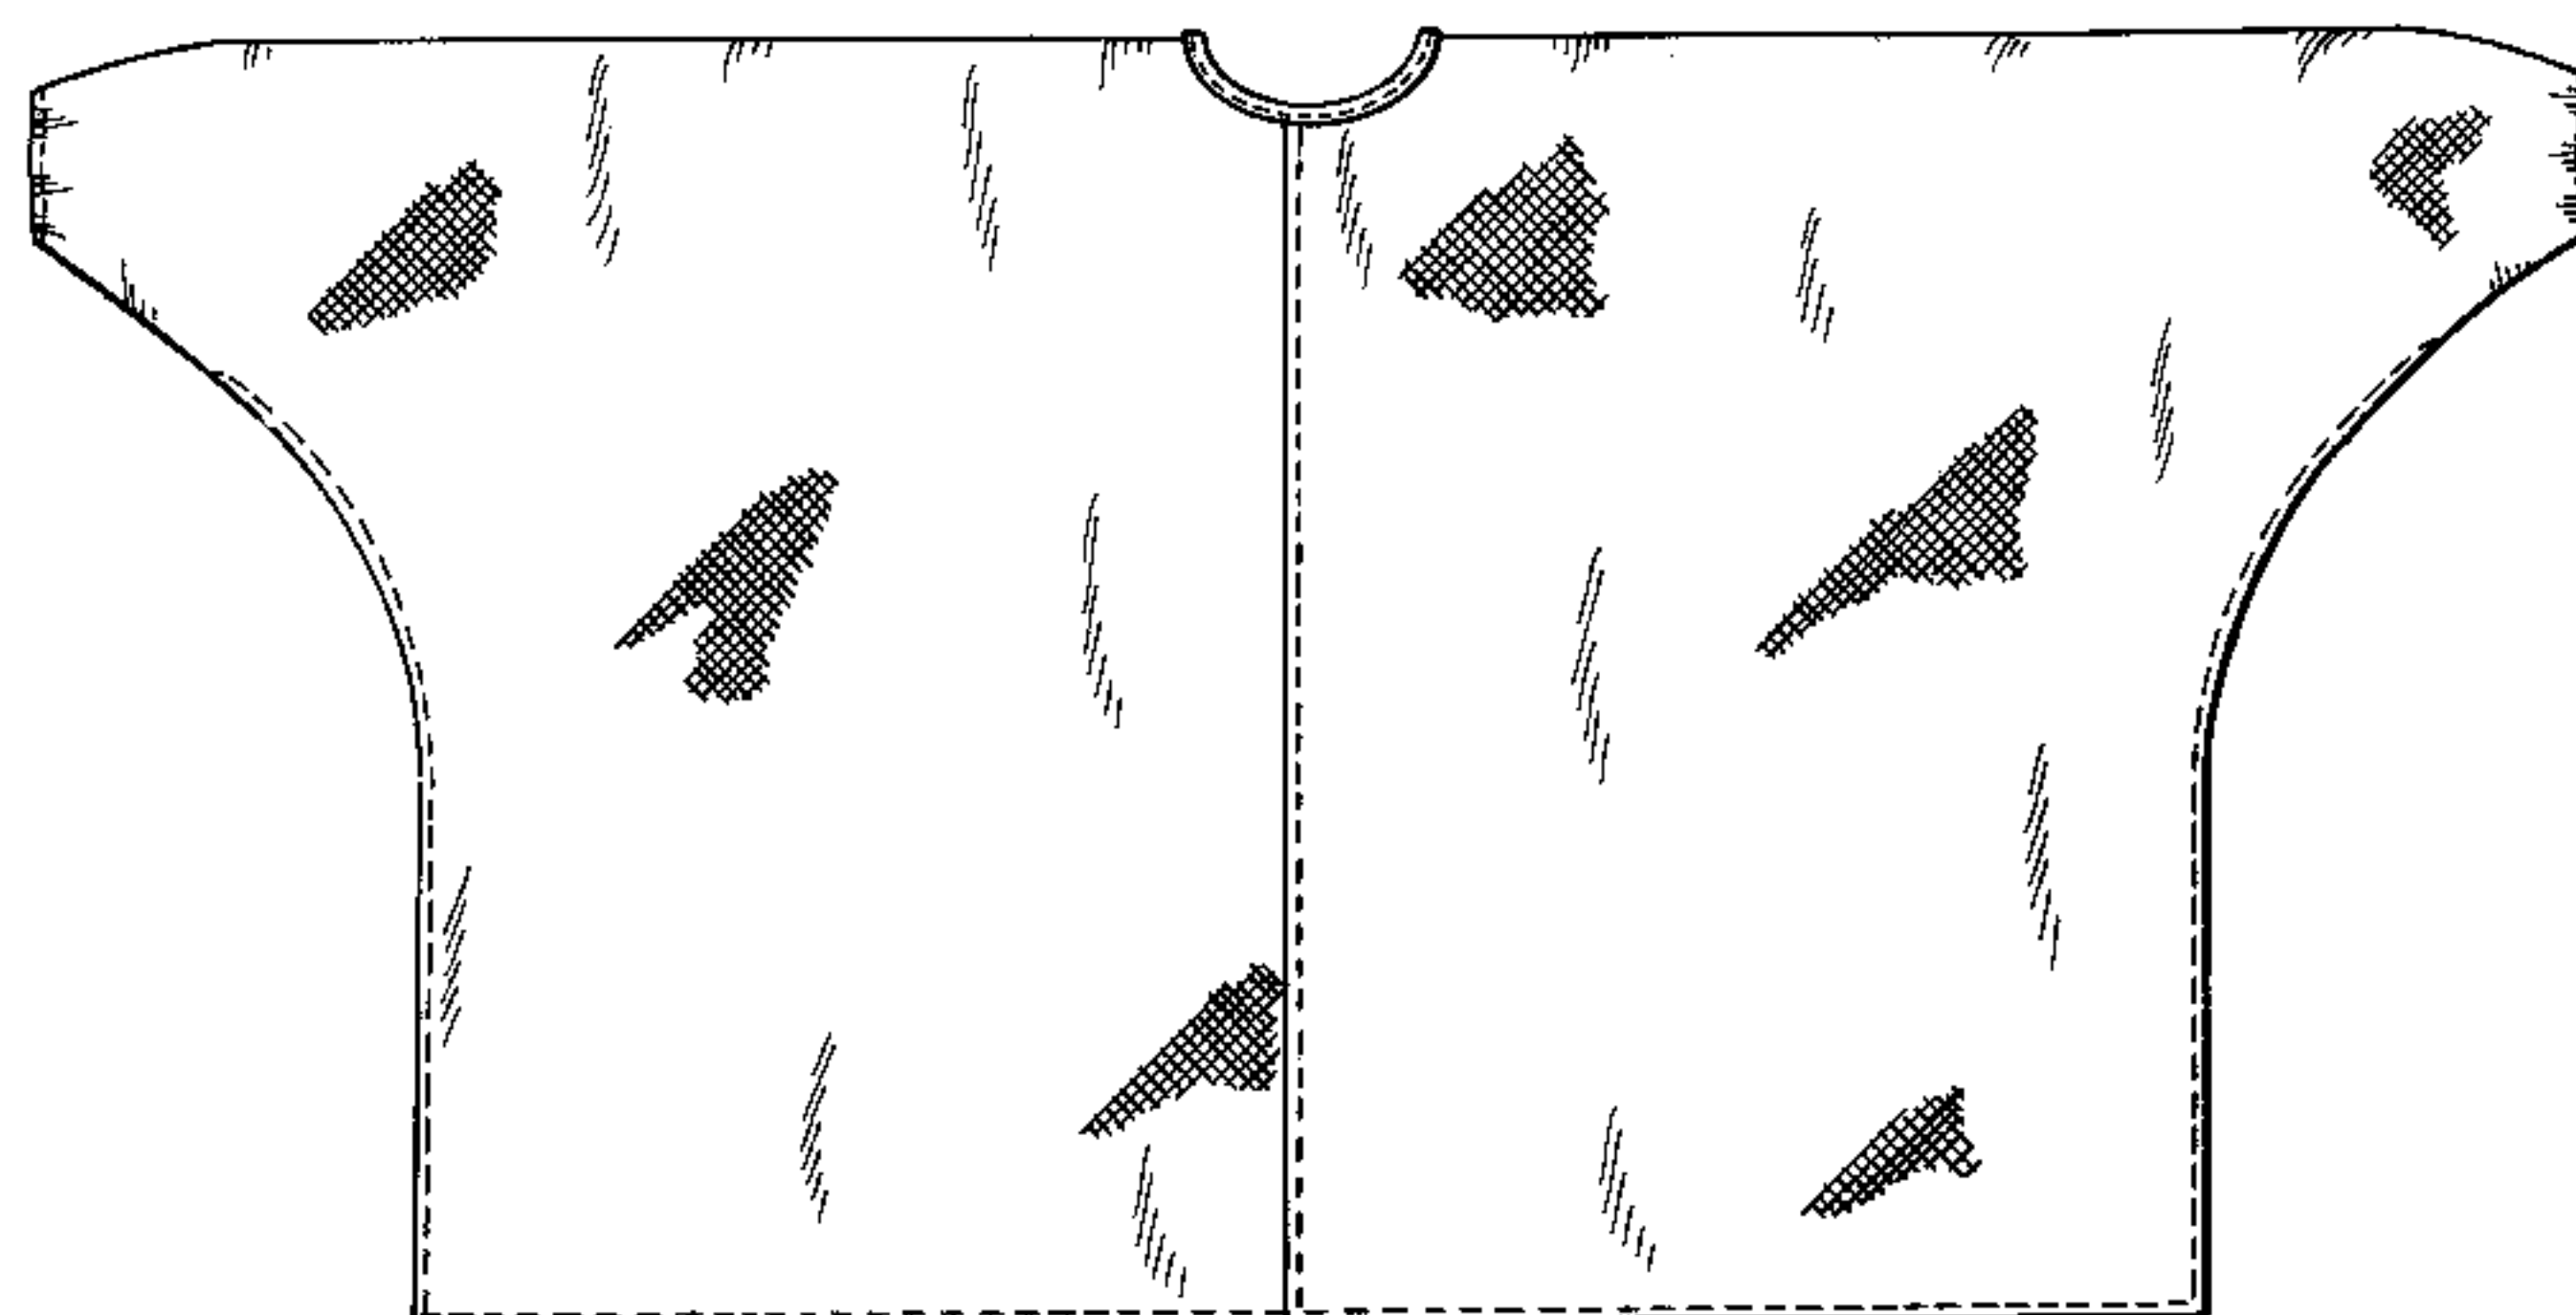

FIG. 7 is a side elevational view as viewed from the right side of FIG. 1;

FIG. 8 is a side elevational view as viewed from the left side of FIG. 1;

FIG. 9 is a side elevational view similar to FIG. 7, but showing one rear flap lifted upwardly and away from the other rear flap and the front panel thereof; and,

FIG. 10 is a perspective view thereof showing the claimed design in the position of use, the broken line showing of a human form being for illustrative purposes only and forming no part of the claimed design.
