[57] **CLAIM**

The ornamental design for a display box with display packs, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view, having an exploded and cutaway portion to better depict the ornamental features, of a first embodiment of a display box with display packs embodying my new design.

FIG. 2 is an enlarged front elevational view of the embodiment depicted in FIG. 1.

FIG. 3 is a rear elevational view of the embodiment depicted in FIG. 2.

FIG. 4 is a right side elevational view, as well as a mirror image of a left side elevational view, of the embodiment depicted in FIG. 2.

FIG. 5 is a top plan view of the embodiment depicted in FIG. 2.

FIG. 6 is a perspective view of a second embodiment of FIG. 1, the only difference being the decreased number of display packs and the decreased length of the box, it being understood that all the other surfaces are the same as embodiment 1, as shown in FIGS. 1-5.

FIG. 7 is a perspective view of a third embodiment of FIG. 1 shown on a reduced scale for ease of illustration, the only difference being the increased number of display packs and the increased length of the box, it being understood that all the other surfaces are the same as embodiment 1, as shown in FIGS. 1-5; and,

FIG. 8 is a perspective view of a fourth embodiment of FIG. 1, the only difference being the different shape of the display packs and box, it being understood that all the other surfaces are the same as embodiment 1, as shown in FIGS. 1-5.

Each of the embodiments comprise an assembly of a display box with a plurality of display packs for holding a plurality of products.

The bottom of the display box with display packs forms no part of the claimed design. The broken lines, which define the bounds of the claimed design, form no part thereof.
