[57] **CLAIM**

The ornamental design for a personnel carrying vehicle, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a personnel carrying vehicle showing our new design, the view being taken from above the left front of the vehicle;

FIG. 2 is a perspective view of the design, as taken from above the left rear of the vehicle;

FIG. 3 is a perspective view of the design, taken from above the right rear of the vehicle;

FIG. 4 is a elevational view of the left side of the vehicle, the right side is symmetrical;

FIG. 5 is a front elevational view of the vehicle design;

FIG. 6 is a front perspective view of the design;

FIG. 7 is a rear elevational view of the design;

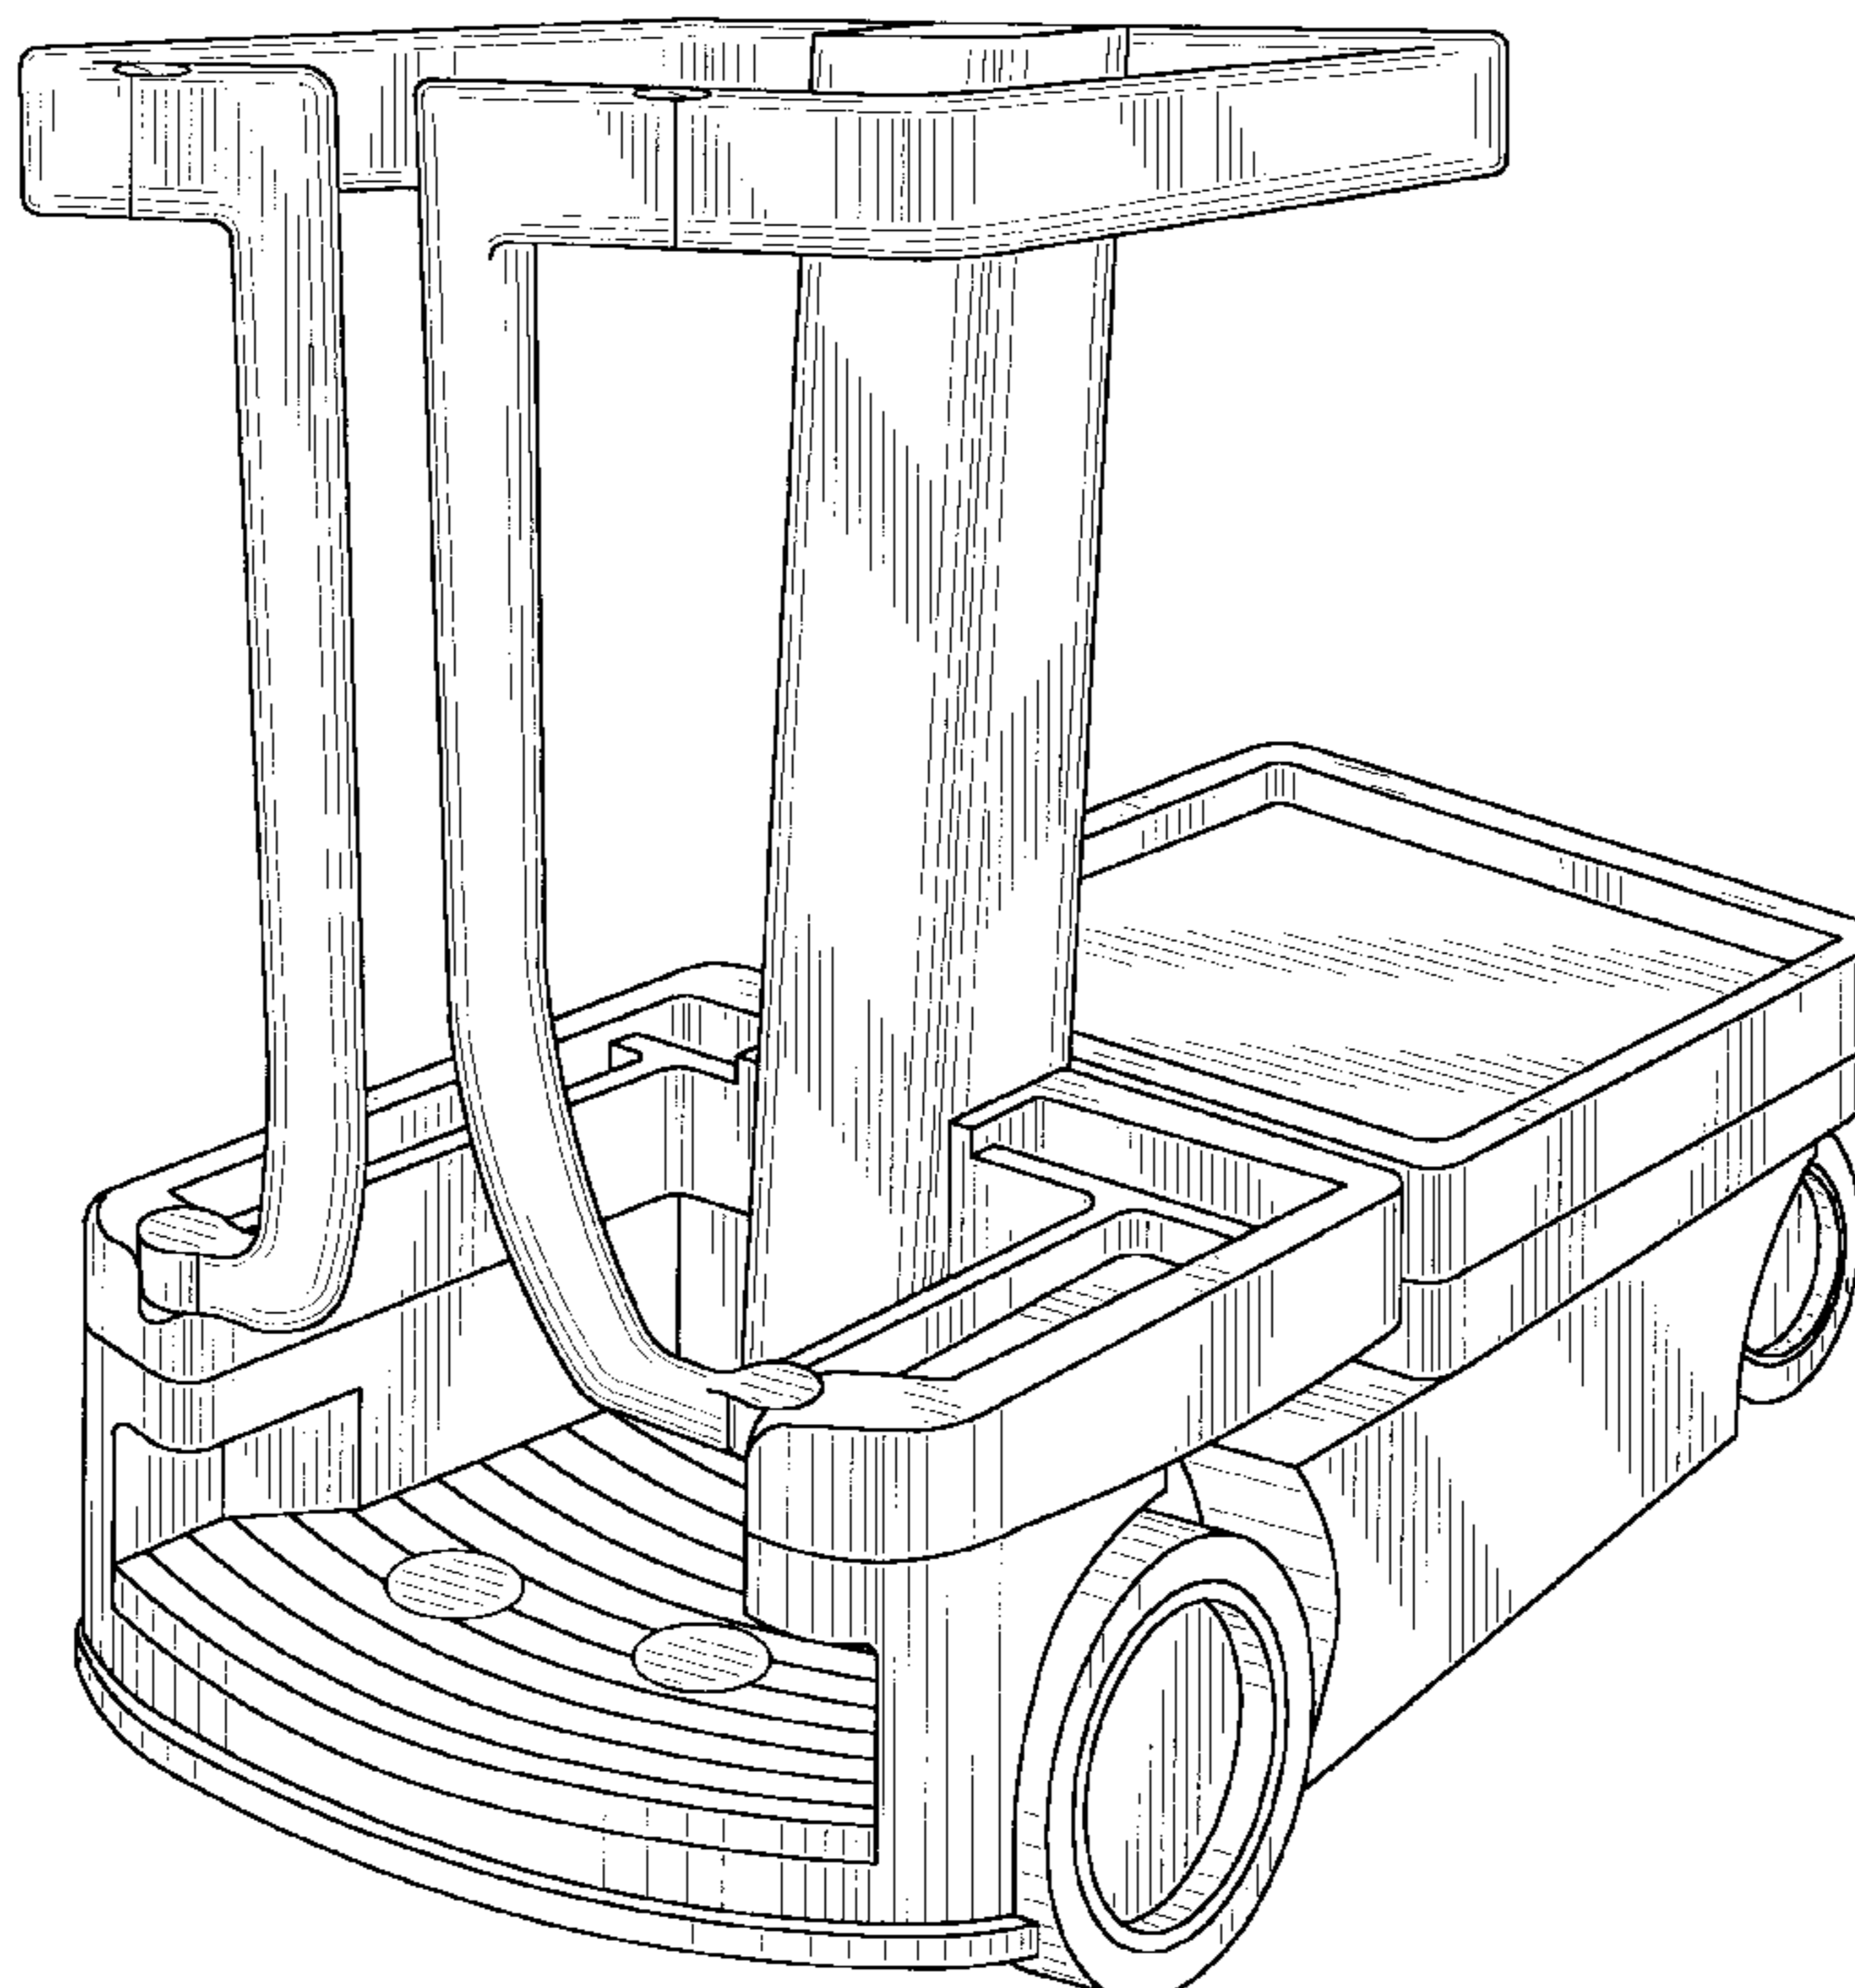

FIG. 8 is a rear perspective view of the design;

FIG. 9 is a rear perspective view of the design, showing the vehicle gates in the open position; and,

FIG. 10 is a perspective view of the design, taken from the above left of the vehicle, with the operator platform in the raised position.

The bottom of the vehicle is plain and unornamented.
