[57] **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire tread showing my new design, it being understood that the tread pattern repeats uniformly throughout the circumference of the tire tread; FIG. 2 is a front elevational view thereof; FIG. 3 is a side elevational view thereof, the opposite side elevational view being a mirror image thereof; and, FIG. 4 is an enlarged fragmentary front view thereof. The broken line showing of the tire sidewall in the drawings is for illustrative purposes only and form no part of the claimed design.
