[57] **CLAIM**

The ornamental design for a starlike anchoring device for musical drum set, as shown and described.

DESCRIPTION

FIG. 1 is a top and side perspective view of a starlike anchoring device for musical drum set showing my new design, with the arms thereof extending in different directions;

FIG. 2 is a top view thereof, with the arms thereof laying in a parallel orientation with each other;

FIG. 3 is a bottom view thereof, with the arms thereof laying in a parallel orientation with each other;

FIG. 4 is a right side view thereof, with the arms thereof laying in a parallel orientation with each other, the left side view being a mirror image, some of the arms being shown broken-away for ease of illustration; and,

FIG. 5 is an end view thereof, the other end view being a mirror image.
