Primary Examiner—Jeffrey Asch

[57] CLAIM

The ornamental design for a cordless telephone, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the cordless telephone of the present invention.

FIG. 2 is a bottom perspective view of the cordless telephone.

FIG. 3 is a top view of the cordless telephone.

FIG. 4 is a bottom view of the cordless telephone.

FIG. 5 is a right-side elevational view of the cordless telephone.

FIG. 6 is a left-side elevational view of the cordless telephone.

FIG. 7 is a rear elevational view of the cordless telephone.

FIG. 8 is a front elevational view of the cordless telephone.

FIG. 9 is a top perspective view of the base station of the cordless telephone of the present invention, without the handset.

FIG. 10 is a bottom perspective view of the base station of the cordless telephone, without the handset.

FIG. 11 is a top view of the base station of the cordless telephone, without the handset.

FIG. 12 is a bottom view of the base station of the cordless telephone, without the handset.

FIG. 13 is a right-side elevational view of the base station of the cordless telephone, without the handset.

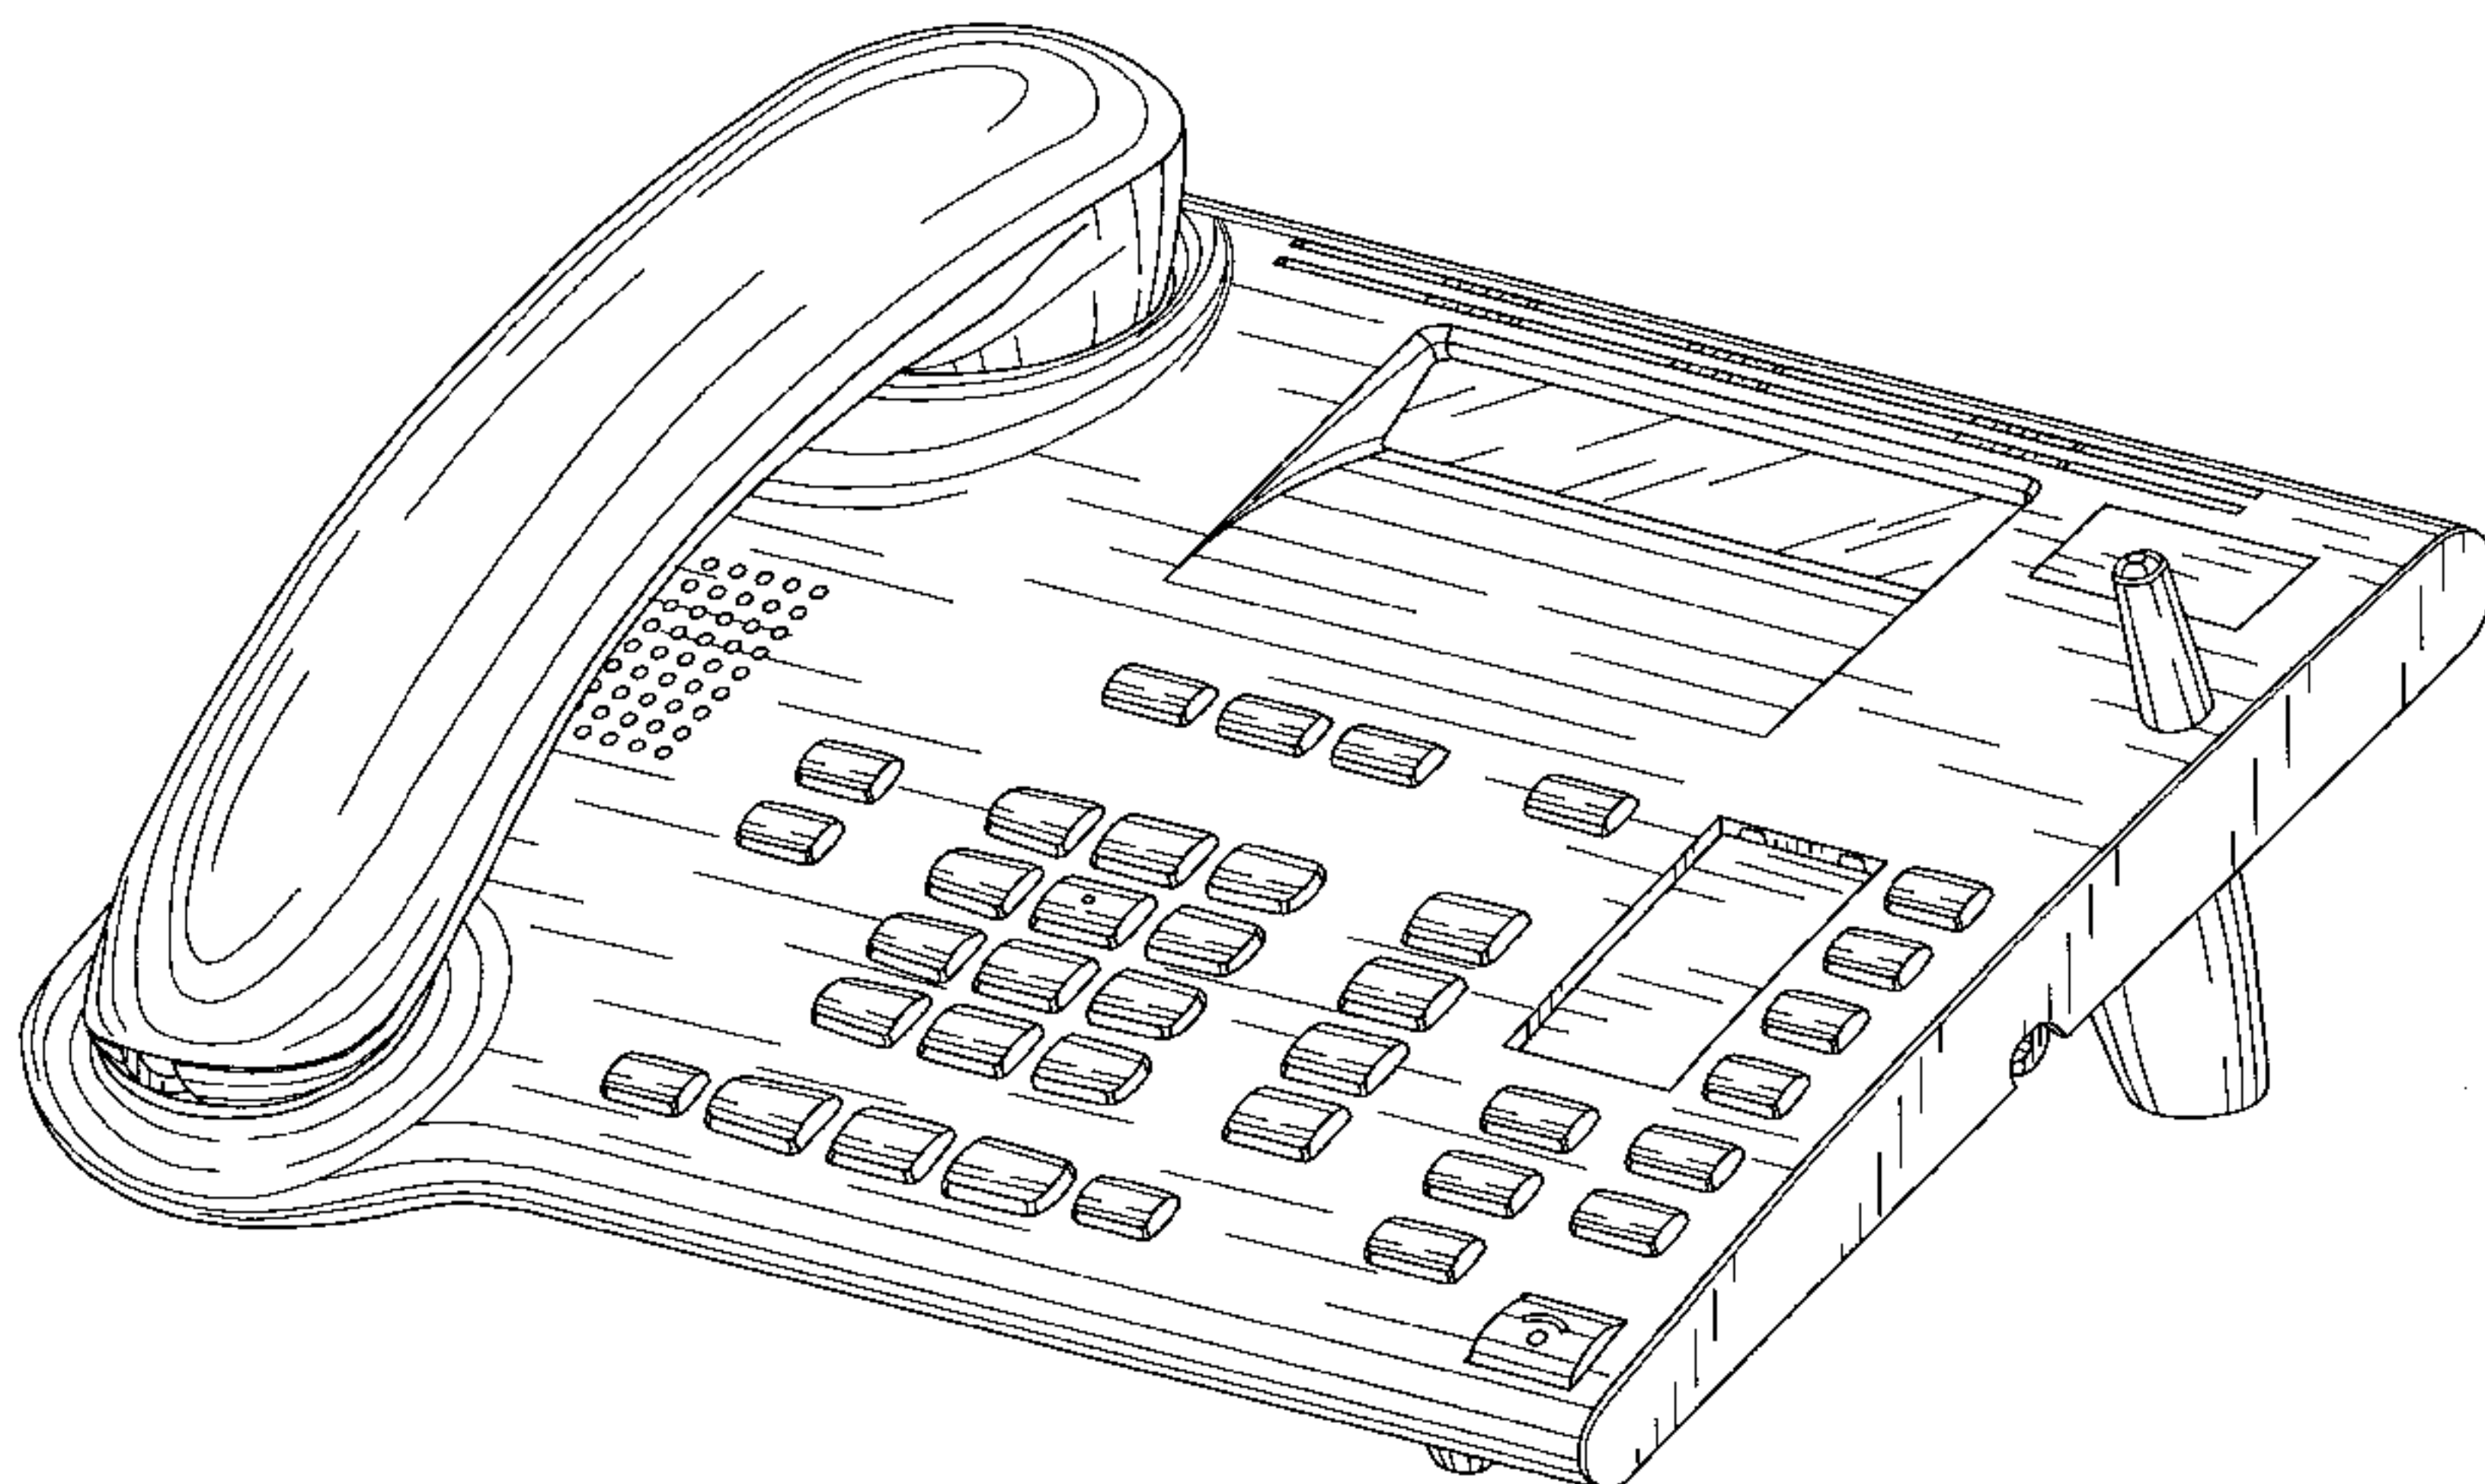

FIG. 14 is a left-side elevational view of the base station of the cordless telephone, without the handset.

FIG. 15 is a rear elevational view of the base station of the cordless telephone, without the handset; and,

FIG. 16 is a front elevational view of the base station of the cordless telephone, without the handset.

The cordless telephone base unit has been shown separately in FIGS. 9-16 for convenience of illustration.
