## [57] **CLAIM**

We claim the ornamental design for an extruded section of a door frame, as shown and described.

## **DESCRIPTION**

FIG. 1 is a partial perspective view of the extruded section of a door frame of the present invention. The extruded section of a door frame has been broken or cut at both ends to show indeterminate length.

FIG. 2 is a transverse cross sectional view of the extruded section of a door frame of FIG. 1.

FIG. 3 is a right side elevation view of the extruded section of a door frame of FIG. 1.

FIG. 4 is a top plan view of the extruded section of a door frame of FIG. 1.

FIG. 5 is a plan view of the bottom of the extruded section of a door frame of FIG. 1; and,

FIG. 6 is a left side elevation view of the extruded section of a door frame of FIG. 1.

In FIGS. 3–6, the extruded section of a door frame has been broken or cut at both ends to show indeterminate length.
