[57] CLAIM

The ornamental design for a chair, as shown and described.

DESCRIPTION

FIG. 1 is a front, right side perspective view of a chair showing my new design, the front, left side perspective view being a mirror image;  
FIG. 2 is an enlarged front view of the design of FIG. 1;  
FIG. 3 is an enlarged rear, right side perspective view of the design of FIG. 1, the rear left side perspective view being a mirror image;  
FIG. 4 is an enlarged right side view of the design of FIG. 1, the left side view being a mirror image; and,  
FIG. 5 is an enlarged top view of the design of FIG. 1.  
The portion of the underneath of the chair which cannot be seen does not form part of the design.  
The base and supporting frame does not form part of the design.
