[57] **CLAIM**

The ornamental design for a front panel of a personal computer having a sliding cover, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a front panel of a

personal computer having a sliding cover showing my new design wherein the computer housing is shown in broken lines for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a front perspective view of the ornamental design of the present invention having a sliding cover at a middle position of said invention;

FIG. 3 is a front perspective view of the ornamental design of the present invention having a sliding cover at a bottom position of said invention;

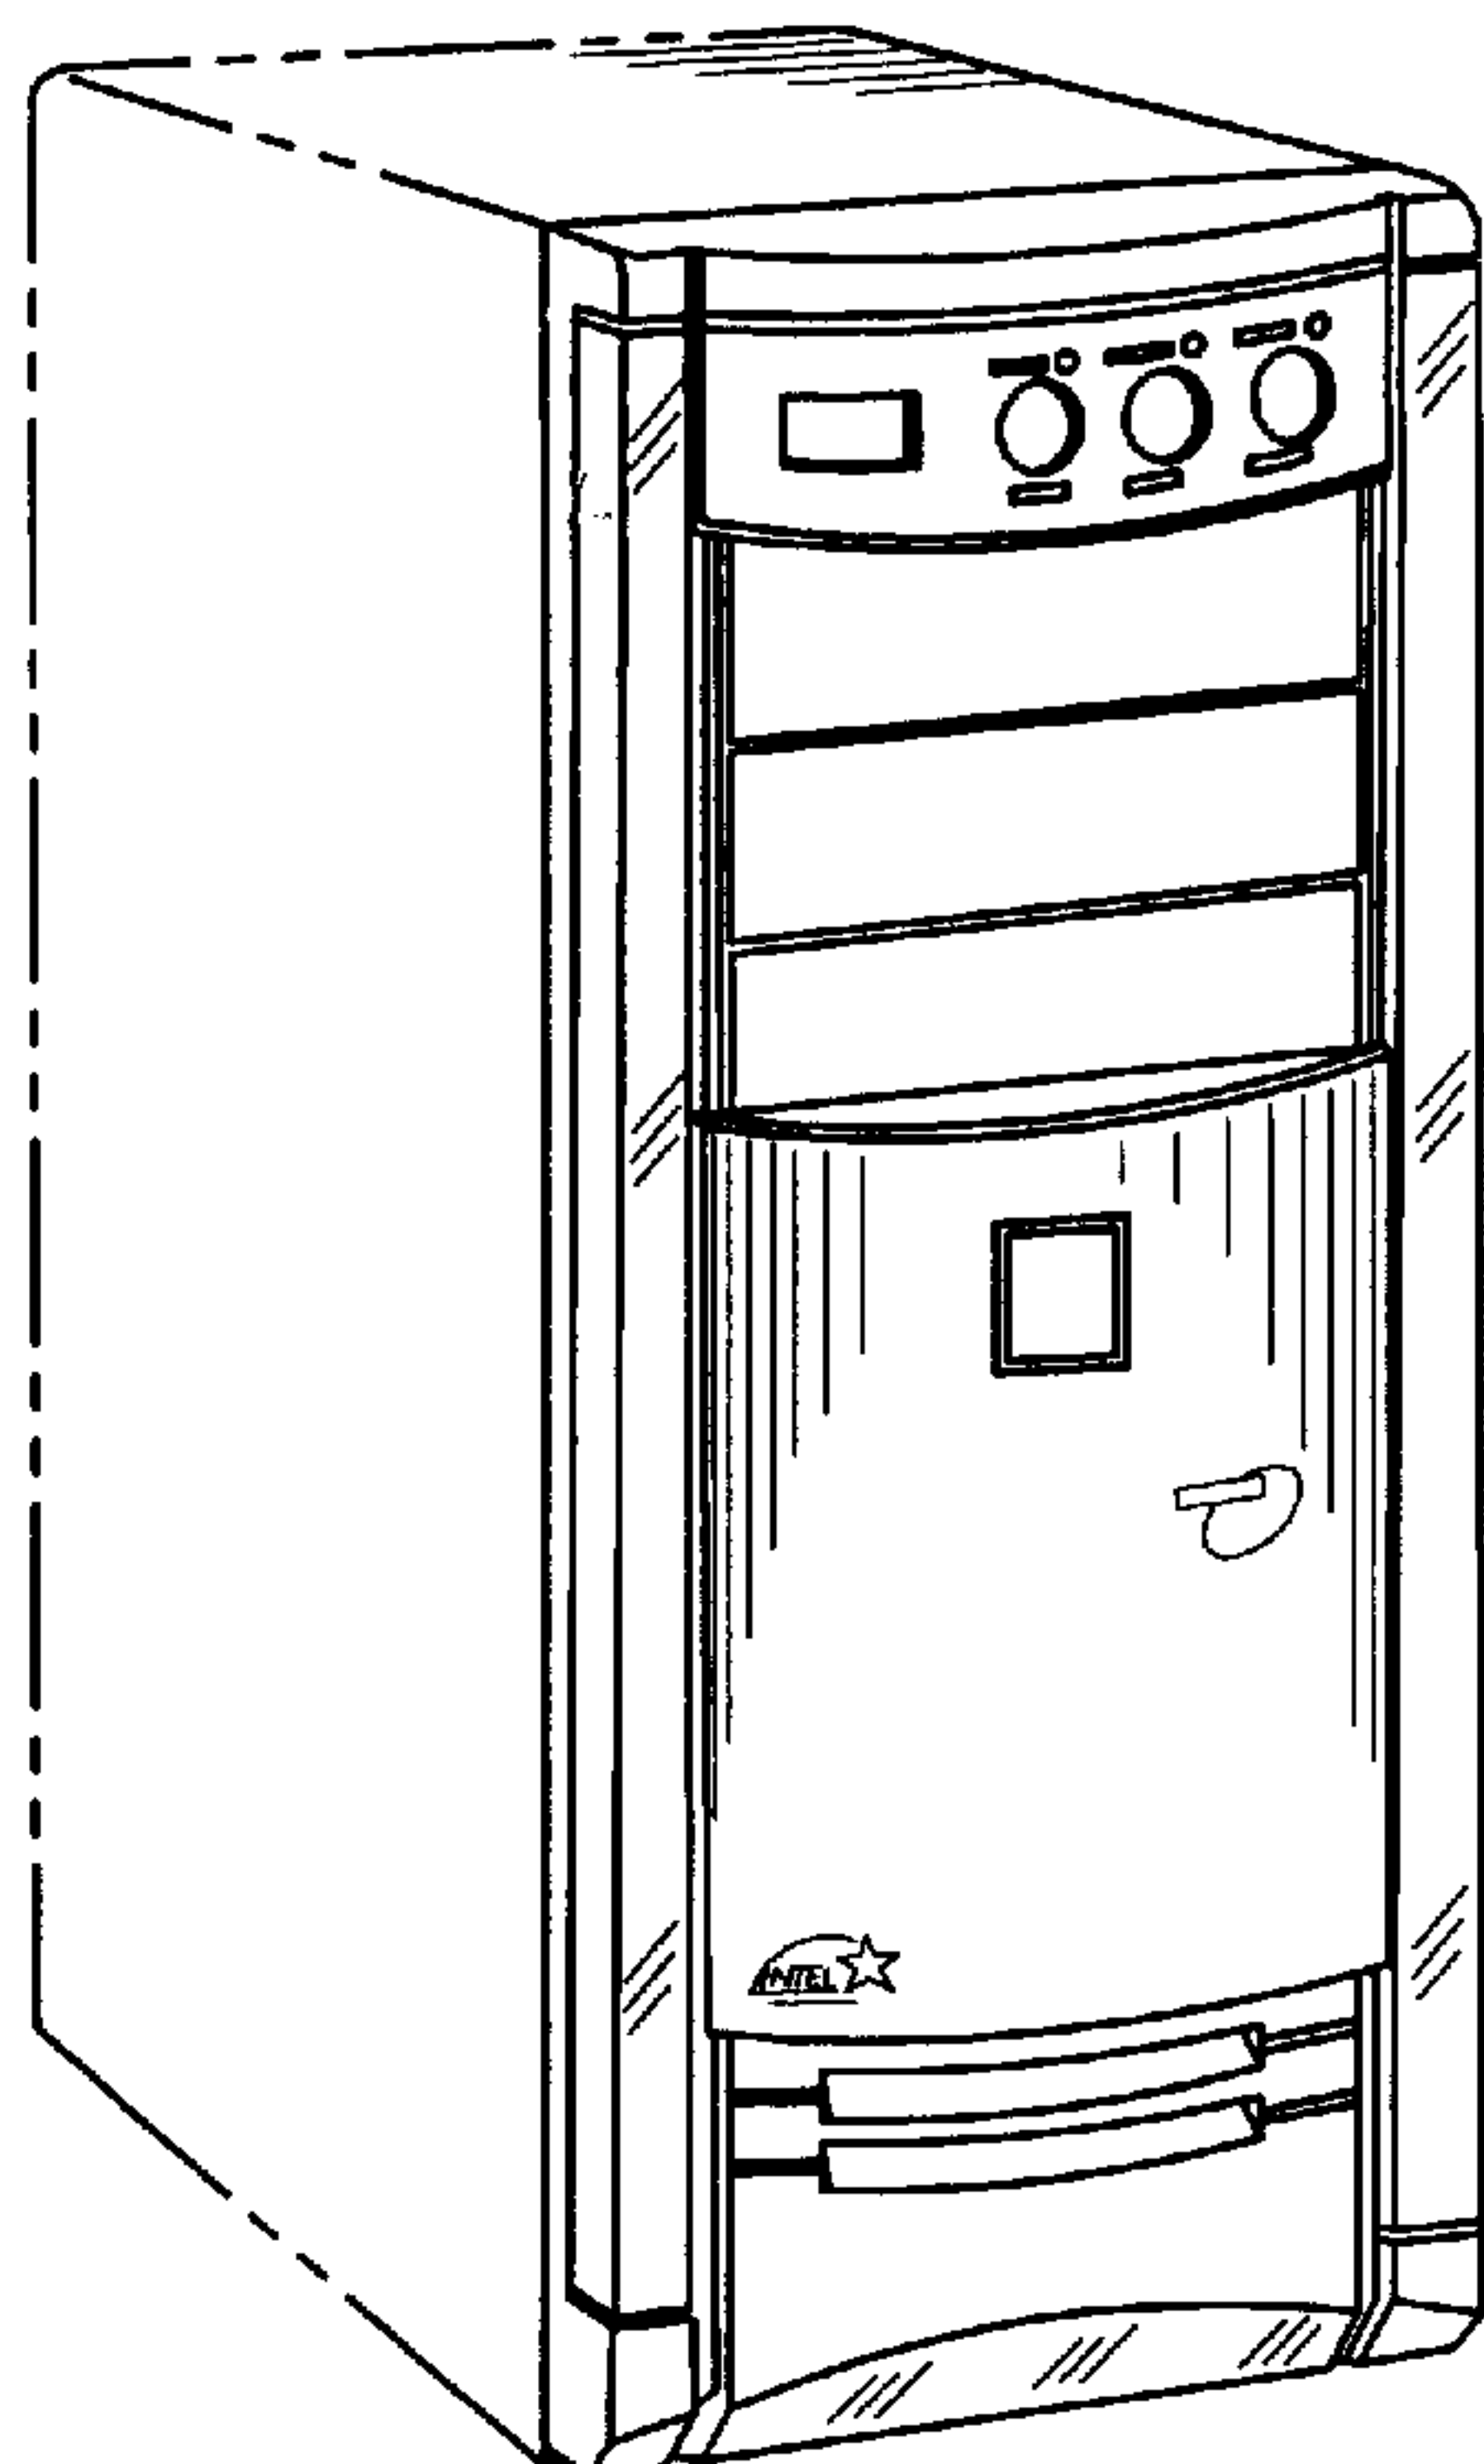

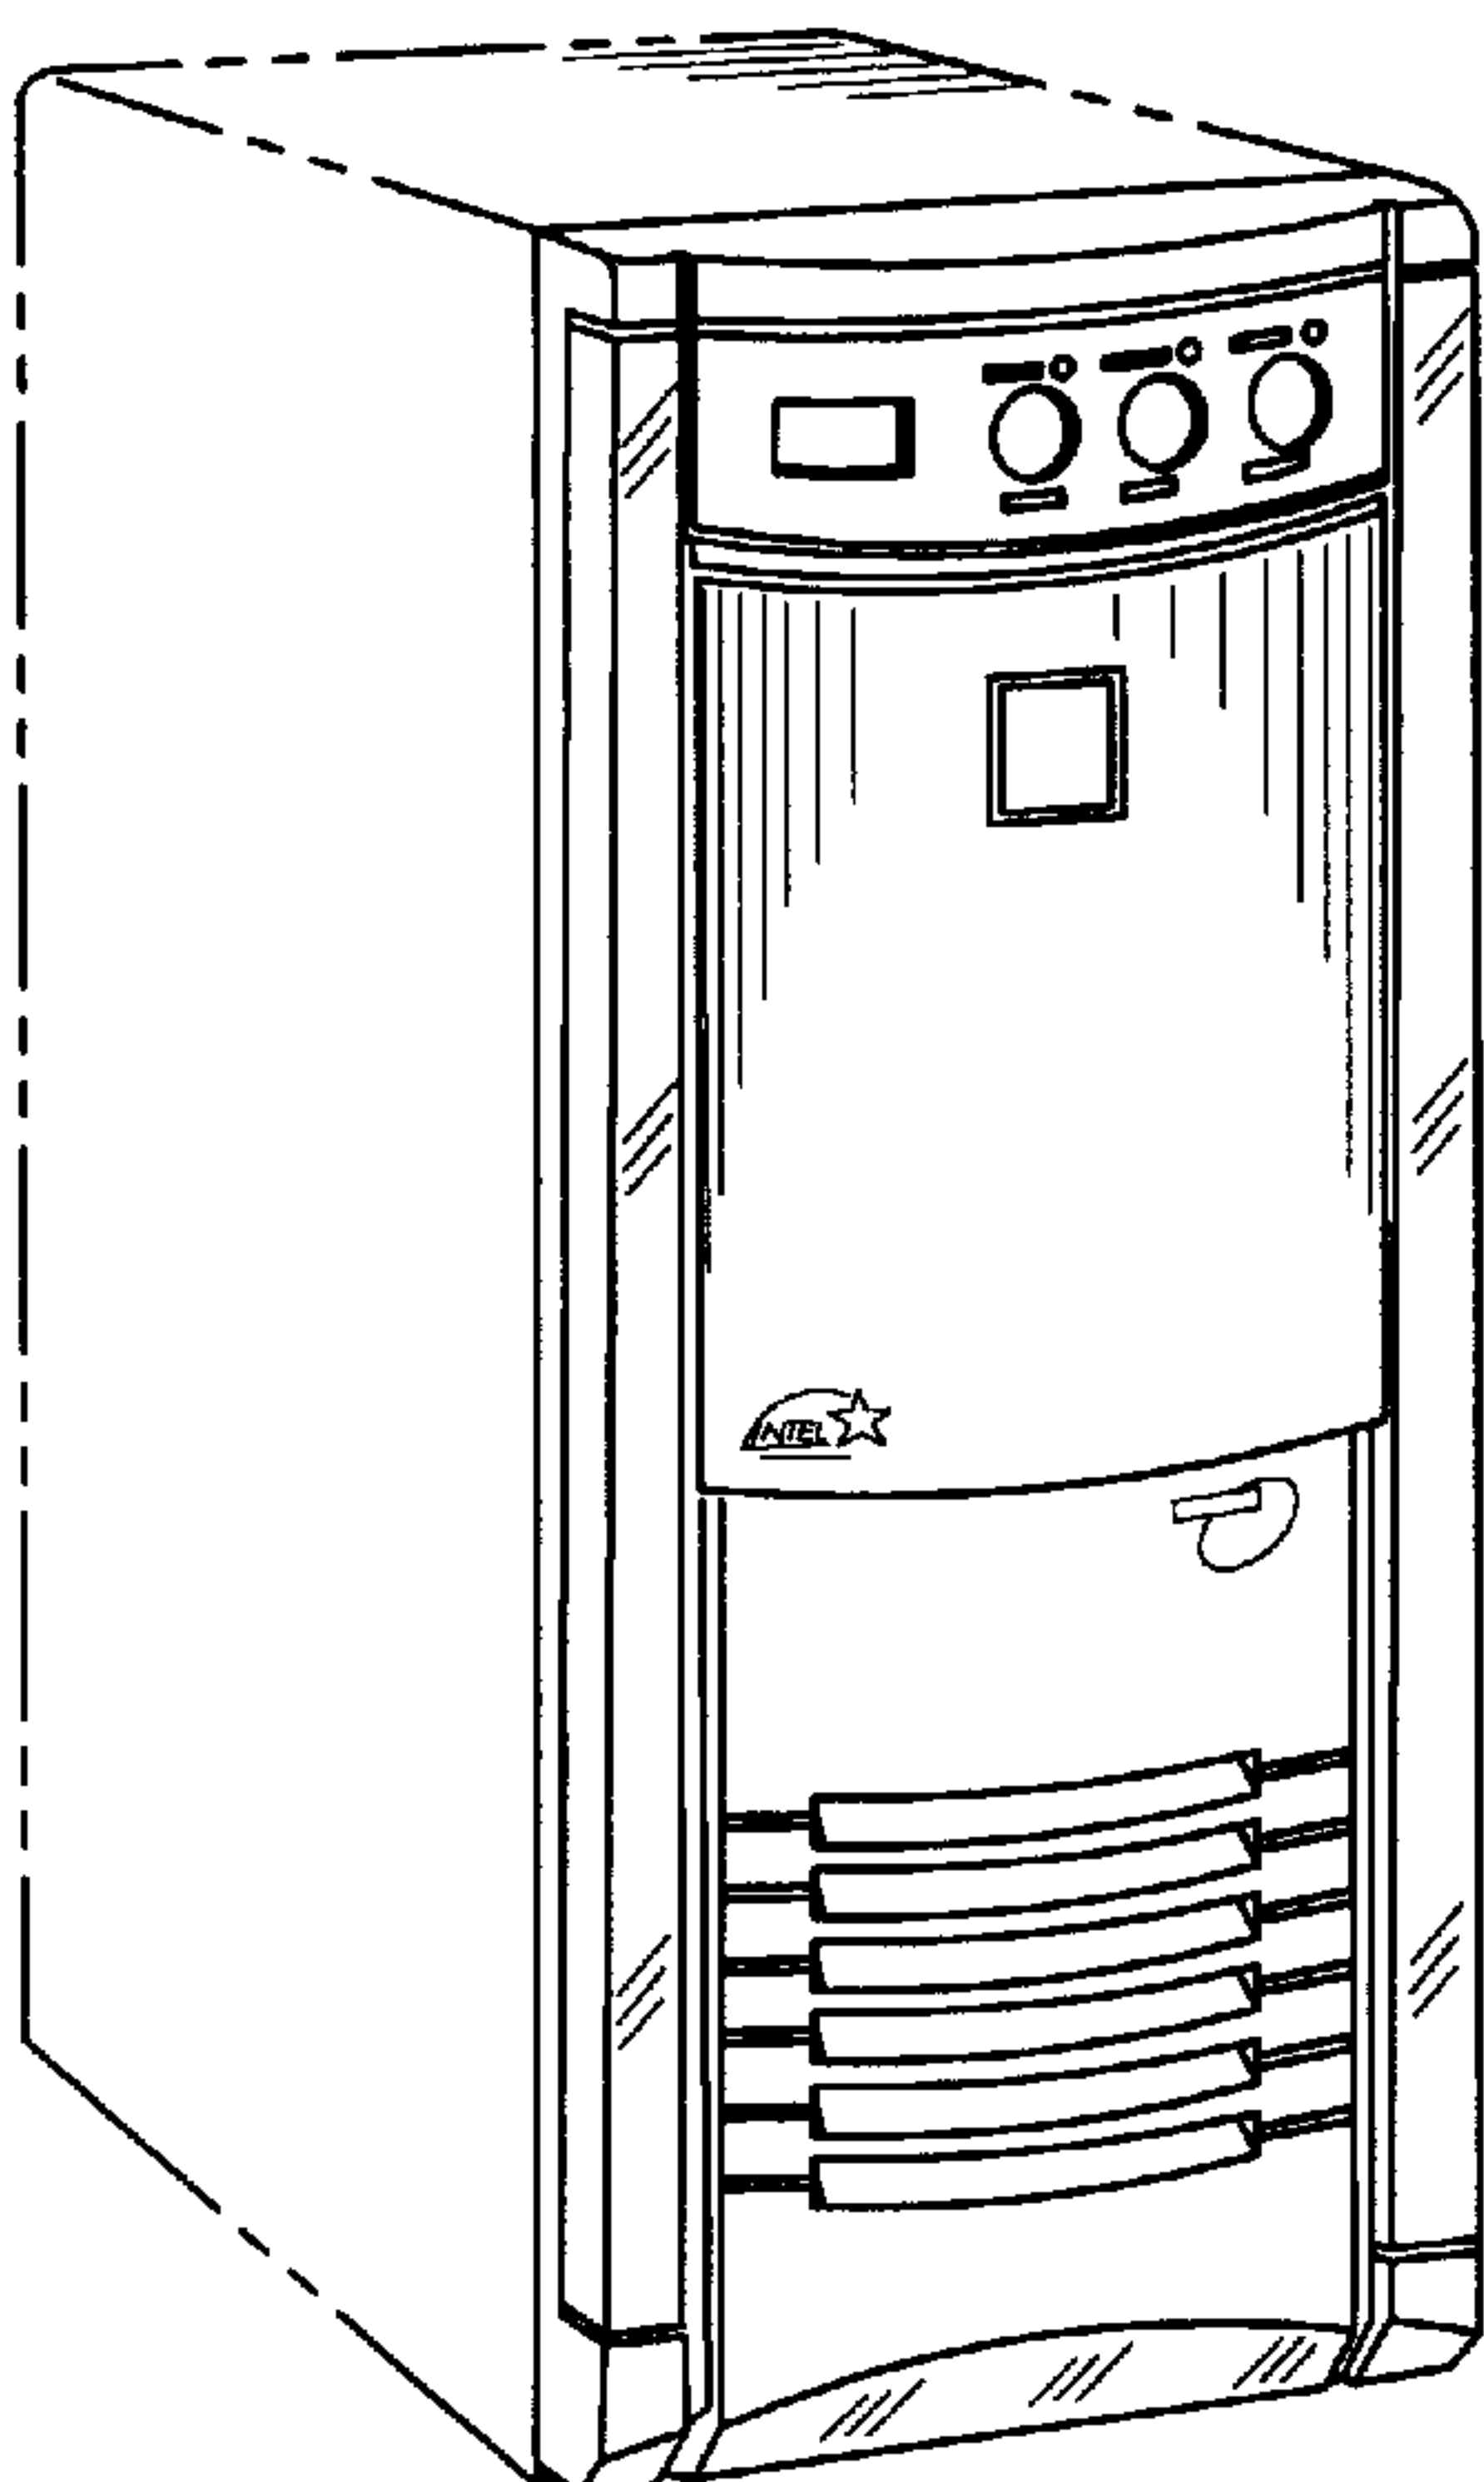

FIG. 4 is a side view of the ornamental design of the present invention having a sliding cover at a top position of said invention the opposite side view being a mirror image;

FIG. 5 is a side view of the ornamental design of the present invention having a sliding cover at a middle position of said invention;

FIG. 6 is a side view of the ornamental design of the present invention having a sliding cover at a bottom position of said invention; and,

FIG. 7 is a front view of the ornamental design of the present invention having a sliding cover at a top position of said invention.
