[57] **CLAIM**

The ornamental design for a wireless audio system display, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of a wireless audio system display showing my new design; FIG. 2 is a rear elevational view thereof; FIG. 3 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side elevational view; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; FIG. 6 is a front, right, and bottom perspective view thereof; and, FIG. 7 is a front elevational view of the wireless audio system display of FIG. 1, as shown in one environment, the environment being in broken lines, the environment not being a part of the disclosed and claimed design. FIG. 8 is a front elevational view of a second embodiment of a wireless audio system display showing my new design; FIG. 9 is a rear elevational view thereof; FIG. 10 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side elevational view; FIG. 11 is a top plan view thereof; FIG. 12 is a bottom plan view thereof; and, FIG. 13 is a front, right, and top perspective view thereof.
