[57] **CLAIM**

The ornamental design for a workpiece positioning apparatus, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the workpiece positioning apparatus of the present invention taken from the front and to the right, and showing the handle of the invention in a first position;

FIG. 2 is a top view of the invention of FIG. 1;

FIG. 3 is a bottom view of the invention of FIG. 1;

FIG. 4 is a right side elevational view of the invention of FIG. 1, and showing the handle in a second position;

FIG. 5 is a left side elevational view of the invention of FIG. 1, and showing the handle in the second position;

FIG. 6 is a front elevational view of the invention of FIG. 1, and showing the handle in the second position; and,

FIG. 7 is a rear elevational view of the invention of FIG. 1.
