[57] **CLAIM**

The ornamental design for a repeating pattern for vehicle body accessories, as shown and described.

DESCRIPTION

FIG. 1 is a plan view of the repeating pattern for vehicle body accessories showing the overall pattern wherein the pattern is comprised of a transparent portion, an opaque dark portion, and an opaque portion of intermediate shade indicated as stippling. The outer dot/dash/dot line boundaries indicate that the pattern repeats indeterminately in all directions, and do not constitute a part of the design; and, FIG. 2 is an enlarged plan view of a portion of the repeating pattern of FIG. 1; the outer dot/dash/dot line boundaries indicate that the pattern repeats indeterminately in all directions and the inner broken lines denote one repeat unit of the claimed design, which repeats uniformly throughout the length and width of the pattern. The dot/dash/dot and broken lines do not constitute part of the design.
