[57] CLAIM

The ornamental design for molded slipper, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the top, front and side of a molded slipper, showing our new design;
FIG. 2 is a top plan view of our new design;
FIG. 3 is a bottom plan view of our new design;
FIG. 4 is a left side elevation view of our new design;
FIG. 5 is a right side elevation view of our new design;
FIG. 6 is a front elevation view of our new design; and,
FIG. 7 is a rear elevation view of our new design.
It should be understood that the stitching along the upper edge of the outsole is an ornamental feature of our slipper design. It should be understood that the tread pattern on the bottom of the outsole is in phantom and does not form part of the claimed design.
