[57] CLAIM

The ornamental design for a exterior surface configuration of a side panel of a motor vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 2 is a view from the left side of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 3 is a perspective view from the front left of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 4 is a view from the right side of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 5 is a front view of a second embodiment of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 6 is a view from the right side of a second embodiment of an exterior surface configuration of a side panel of a motor vehicle according to our novel design;

FIG. 7 is a perspective view from the front right of a second embodiment of an exterior surface configuration of a side panel of a motor vehicle according to our novel design; and,

FIG. 8 is a view from the left side of a second embodiment of an exterior surface configuration of a side panel of a motor vehicle according to our novel design.

The rear portion of each embodiment of the side panel is not visible during sale or use and therefore forms no part of the claimed design.
