[57] **CLAIM**

The ornamental design for a telephone holder with long neck and clamp, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the telephone holder with long neck and clamp;
FIG. 2 is a top view of the telephone holder with long neck and clamp shown in FIG. 1;
FIG. 3 is a right side view of the telephone holder with long neck and clamp shown in FIG. 2;
FIG. 4 is a left side view of the telephone holder with long neck and clamp shown in FIG. 2;
FIG. 5 is a bottom view of the telephone holder with long neck and clamp shown in FIG. 1;
FIG. 6 is a front view of the telephone holder with long neck and clamp shown in FIG. 2; and,
FIG. 7 is a rear view of the telephone holder with long neck and clamp shown in FIG. 2.

The patterned surface treatment schematically depicted throughout the views is continuous about the surfaces on which it is shown. The neck is shown broken away and connected by broken lines to indicate an indeterminate length. The broken line showing of a tubular member is for illustrative purposes only and forms no part of the claimed design.
