[57] CLAIM

The ornamental design for a mirror, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a mirror according to the present invention. The portions of the drawings shown in phantom lines in this figure and in FIGS. 2 to 6 relate to accessory elements of the mirror; they are given for illustrative purposes only and are not intended to form part of the claimed ornamental design.

FIG. 2 is a front view of the mirror of FIG. 1.

FIG. 3 is a left side view of the mirror of FIG. 1, the right side view being a mirror image thereof.

FIG. 4 is a rear side view of the mirror of FIG. 1.

FIG. 5 is a top view of the mirror of FIG. 1.

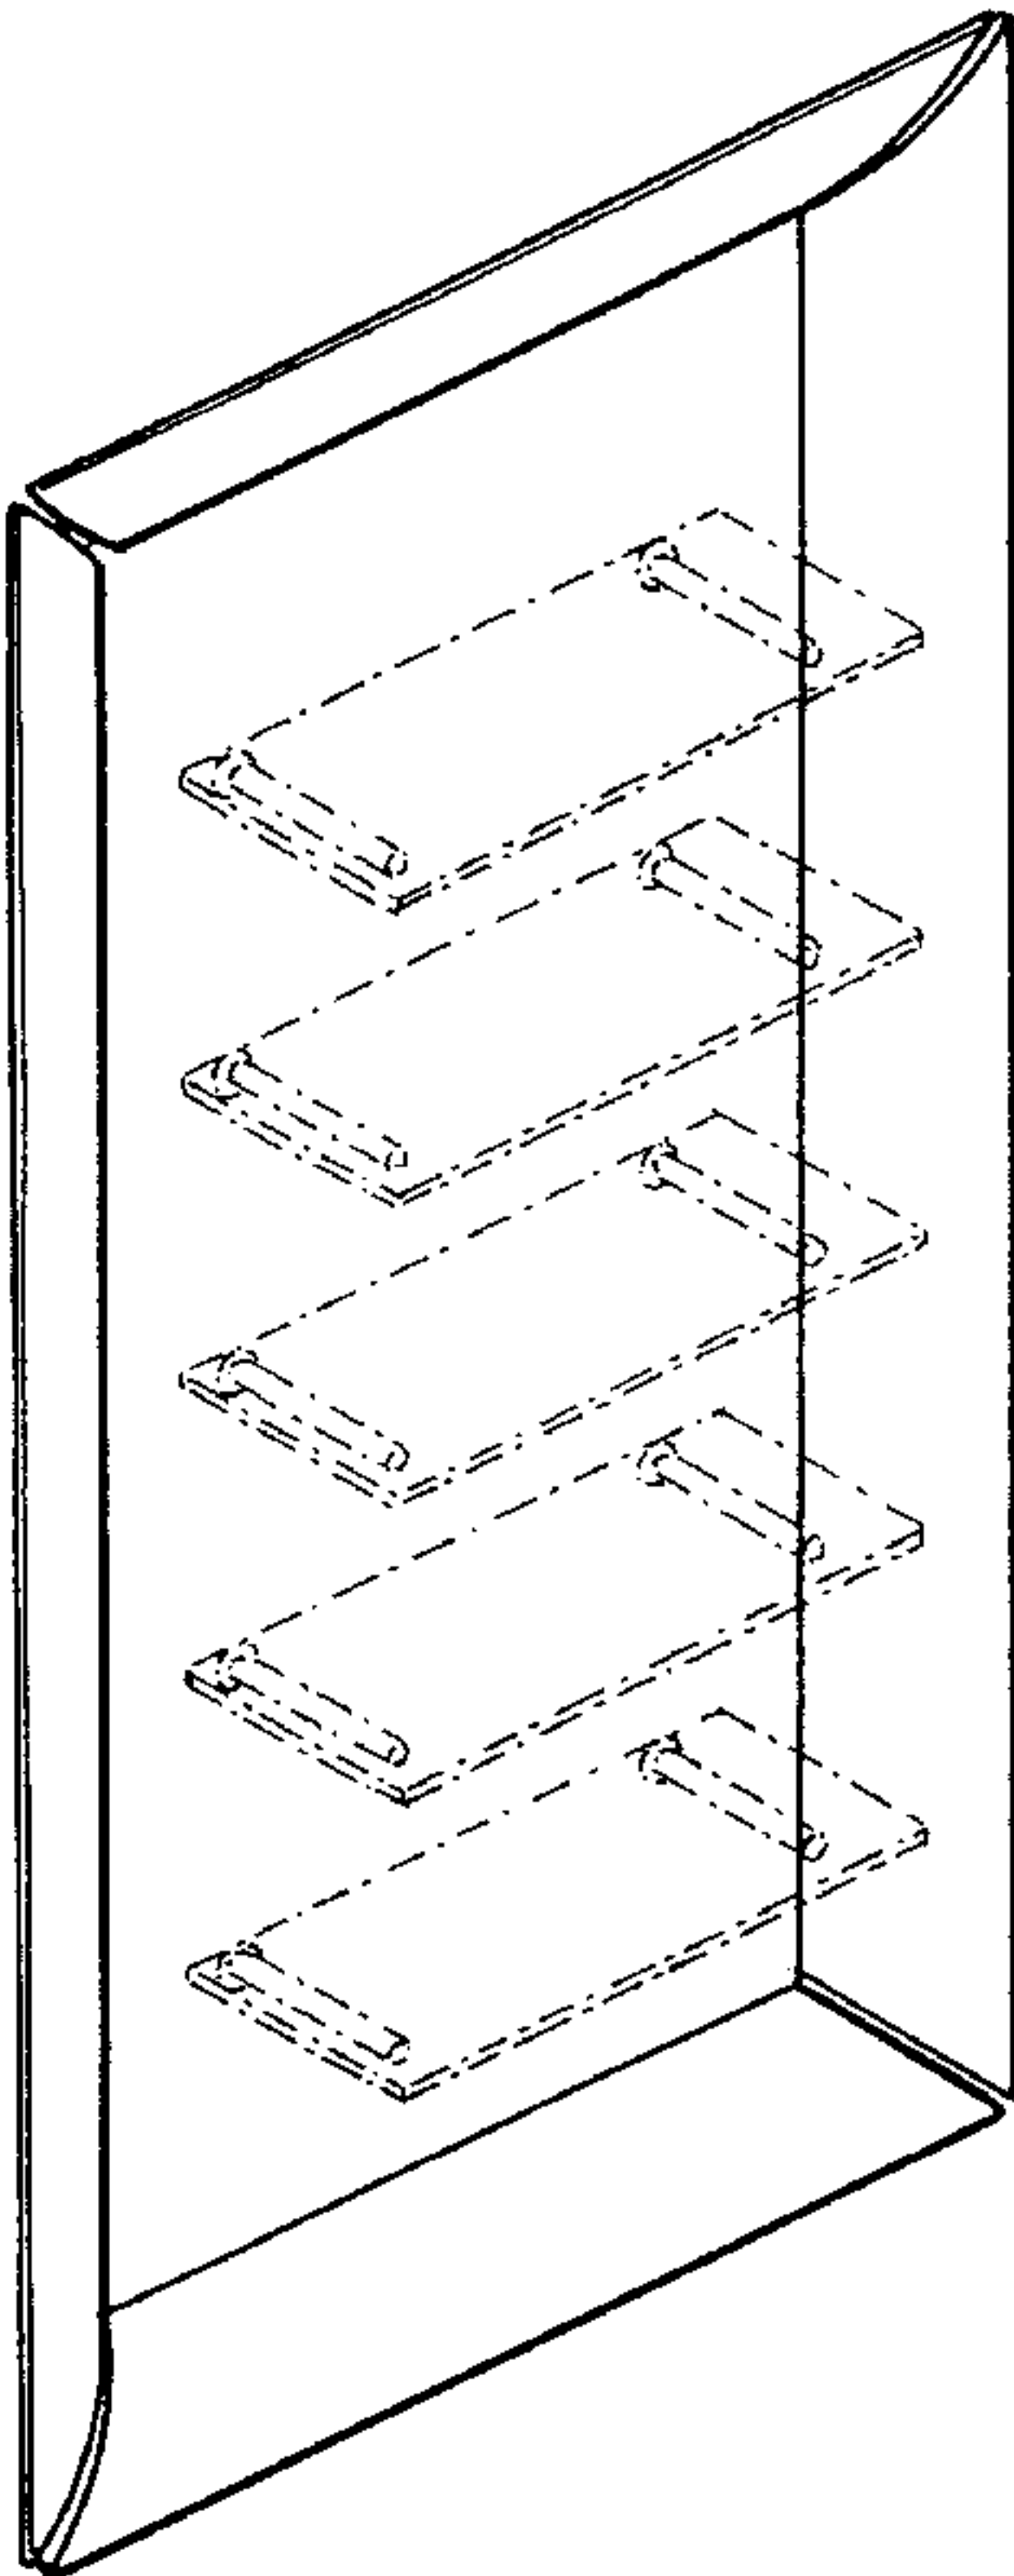

FIG. 6 is a bottom view of the mirror of FIG. 1.

FIG. 7 is a perspective view of a mirror according to the present invention. The portions of the drawing shown in phantom lines relate to accessory elements of the mirror; they are given for illustrative purposes only and are not intended to form part of the claimed ornamental design.

FIG. 8 is a perspective view of a mirror according to the present invention. The portions of the drawing shown in phantom lines relate to accessory elements of the mirror; they are given for illustrative purposes only and are not intended to form part of the claimed ornamental design.

FIG. 9 is a perspective view of a mirror according to the present invention. The portions of the drawing shown in phantom lines relate to accessory elements of the mirror; they are given for illustrative purposes only and are not intended to form part of the claimed ornamental design.
