[57] **CLAIM**

The design for connector for five tubes in playground structures, as shown and described.

DESCRIPTION

FIG. 1 is a bird's eye isometric view of the design for the connector for five tubes in playground structures of this invention.

FIG. 2 is a top plan view of the design for the connector.

FIG. 3 is a bottom plan view of the design for the connector.

FIG. 4 is a side elevational view of the connector as seen from the south side of FIG. 2 of the connector, the opposite side of which is exactly the same; and,

FIG. 5 is a side elevational view of the connector as seen from the west side of FIG. 2, the opposite of which is exactly the same.
