[57] **CLAIM**

The ornamental design for an electrical instrument probe, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electrical instrument probe showing our new design;

FIG. 2 is a right side elevational view thereof, the left side elevational view being a mirror image of FIG. 2;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top elevational view thereof; and,

FIG. 6 is a bottom elevational view thereof.

The broken line representations of a cord in FIGS. 1-4 are exemplary and form no part of the invention.
