[57] CLAIM

The ornamental design for a box, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a box showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a first right side elevational view thereof, a first left side elevational view thereof being a mirror image; FIG. 5 is a second right side elevational view thereof wherein the handle portion is in the upright position, a second left side elevational view thereof being a mirror image; FIG. 6 is a third right side elevational view thereof wherein the latch is in the off position, the cover is in the open position and the front lid portion is in the open position, a third left side elevational view thereof being a mirror image; FIG. 7 is a top plan view of a second embodiment of a box showing my new design; FIG. 8 is a front elevational view thereof; FIG. 9 is a rear elevational view thereof; FIG. 10 is a first right side elevational view thereof, a first left side elevational view being a mirror image; FIG. 11 is a second right side elevational view thereof wherein the handle portion is in the upright position, a second left side elevational view thereof being a mirror image; and FIG. 12 is a third right side elevational view thereof wherein the latch is in the off position, the cover is in the open position and the front lid portion is in the open position, a third left side elevational view thereof being a mirror image; and, FIG. 13 is a reference top plan view thereof wherein the cover is in the open position.
