[57] **CLAIM**

The ornamental design for a cap with sandwich style visor, as shown and described.

DESCRIPTION

FIG. 1 is an upper, front perspective view of a cap with sandwich style visor in accordance with my new design; FIG. 2 is a bottom, front perspective view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a bottom plan view thereof; FIG. 5 is a side elevational view thereof; the opposite side being a mirror image; and FIG. 6 is a front elevational view thereof; and, FIG. 7 is an enlargement of FIG. 6, without the broken lines. The broken line showing is for illustrative purposes only and forms no part of the claimed design. The unique feature of the claimed design is embodied in the visor portion, which, viewed from the side or front, is seen to have three layers, with only the edge of the middle layer visible between the upper and lower layers, in the nature of a sandwich.
