[57] **CLAIM**

The ornamental design for a stamp, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a stamp according to our new design.

FIG. 2 is a rear elevational view of the stamp.

FIG. 3 is a right side elevational view of the stamp. The left side is a mirror image of FIG. 3.

FIG. 4 is a top plan view of the stamp.

FIG. 5 is a bottom plan view of the stamp.

FIG. 6 is a perspective view of the stamp; and,

FIG. 7 is a front elevation view of an alternative embodiment of the stamp showing a modified front face. The rear, and bottom views of the alternative embodiment are identical to FIGS. 2, and 5, respectively.

The surfaces of the alternative embodiment that are not shown form no part of the claimed design of the alternative embodiment.

The data imprinting mechanism is shown in dashed line in FIGS. 1, 2, 3, 5, 6 and 7 for illustrative purposes only and forms no part of the claimed design.
