[57] **CLAIM**

The ornamental design for a connector faceplate for communication lines, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a connector faceplate for communication lines showing our new design. The appearance from the rear forms no part of the claimed design;

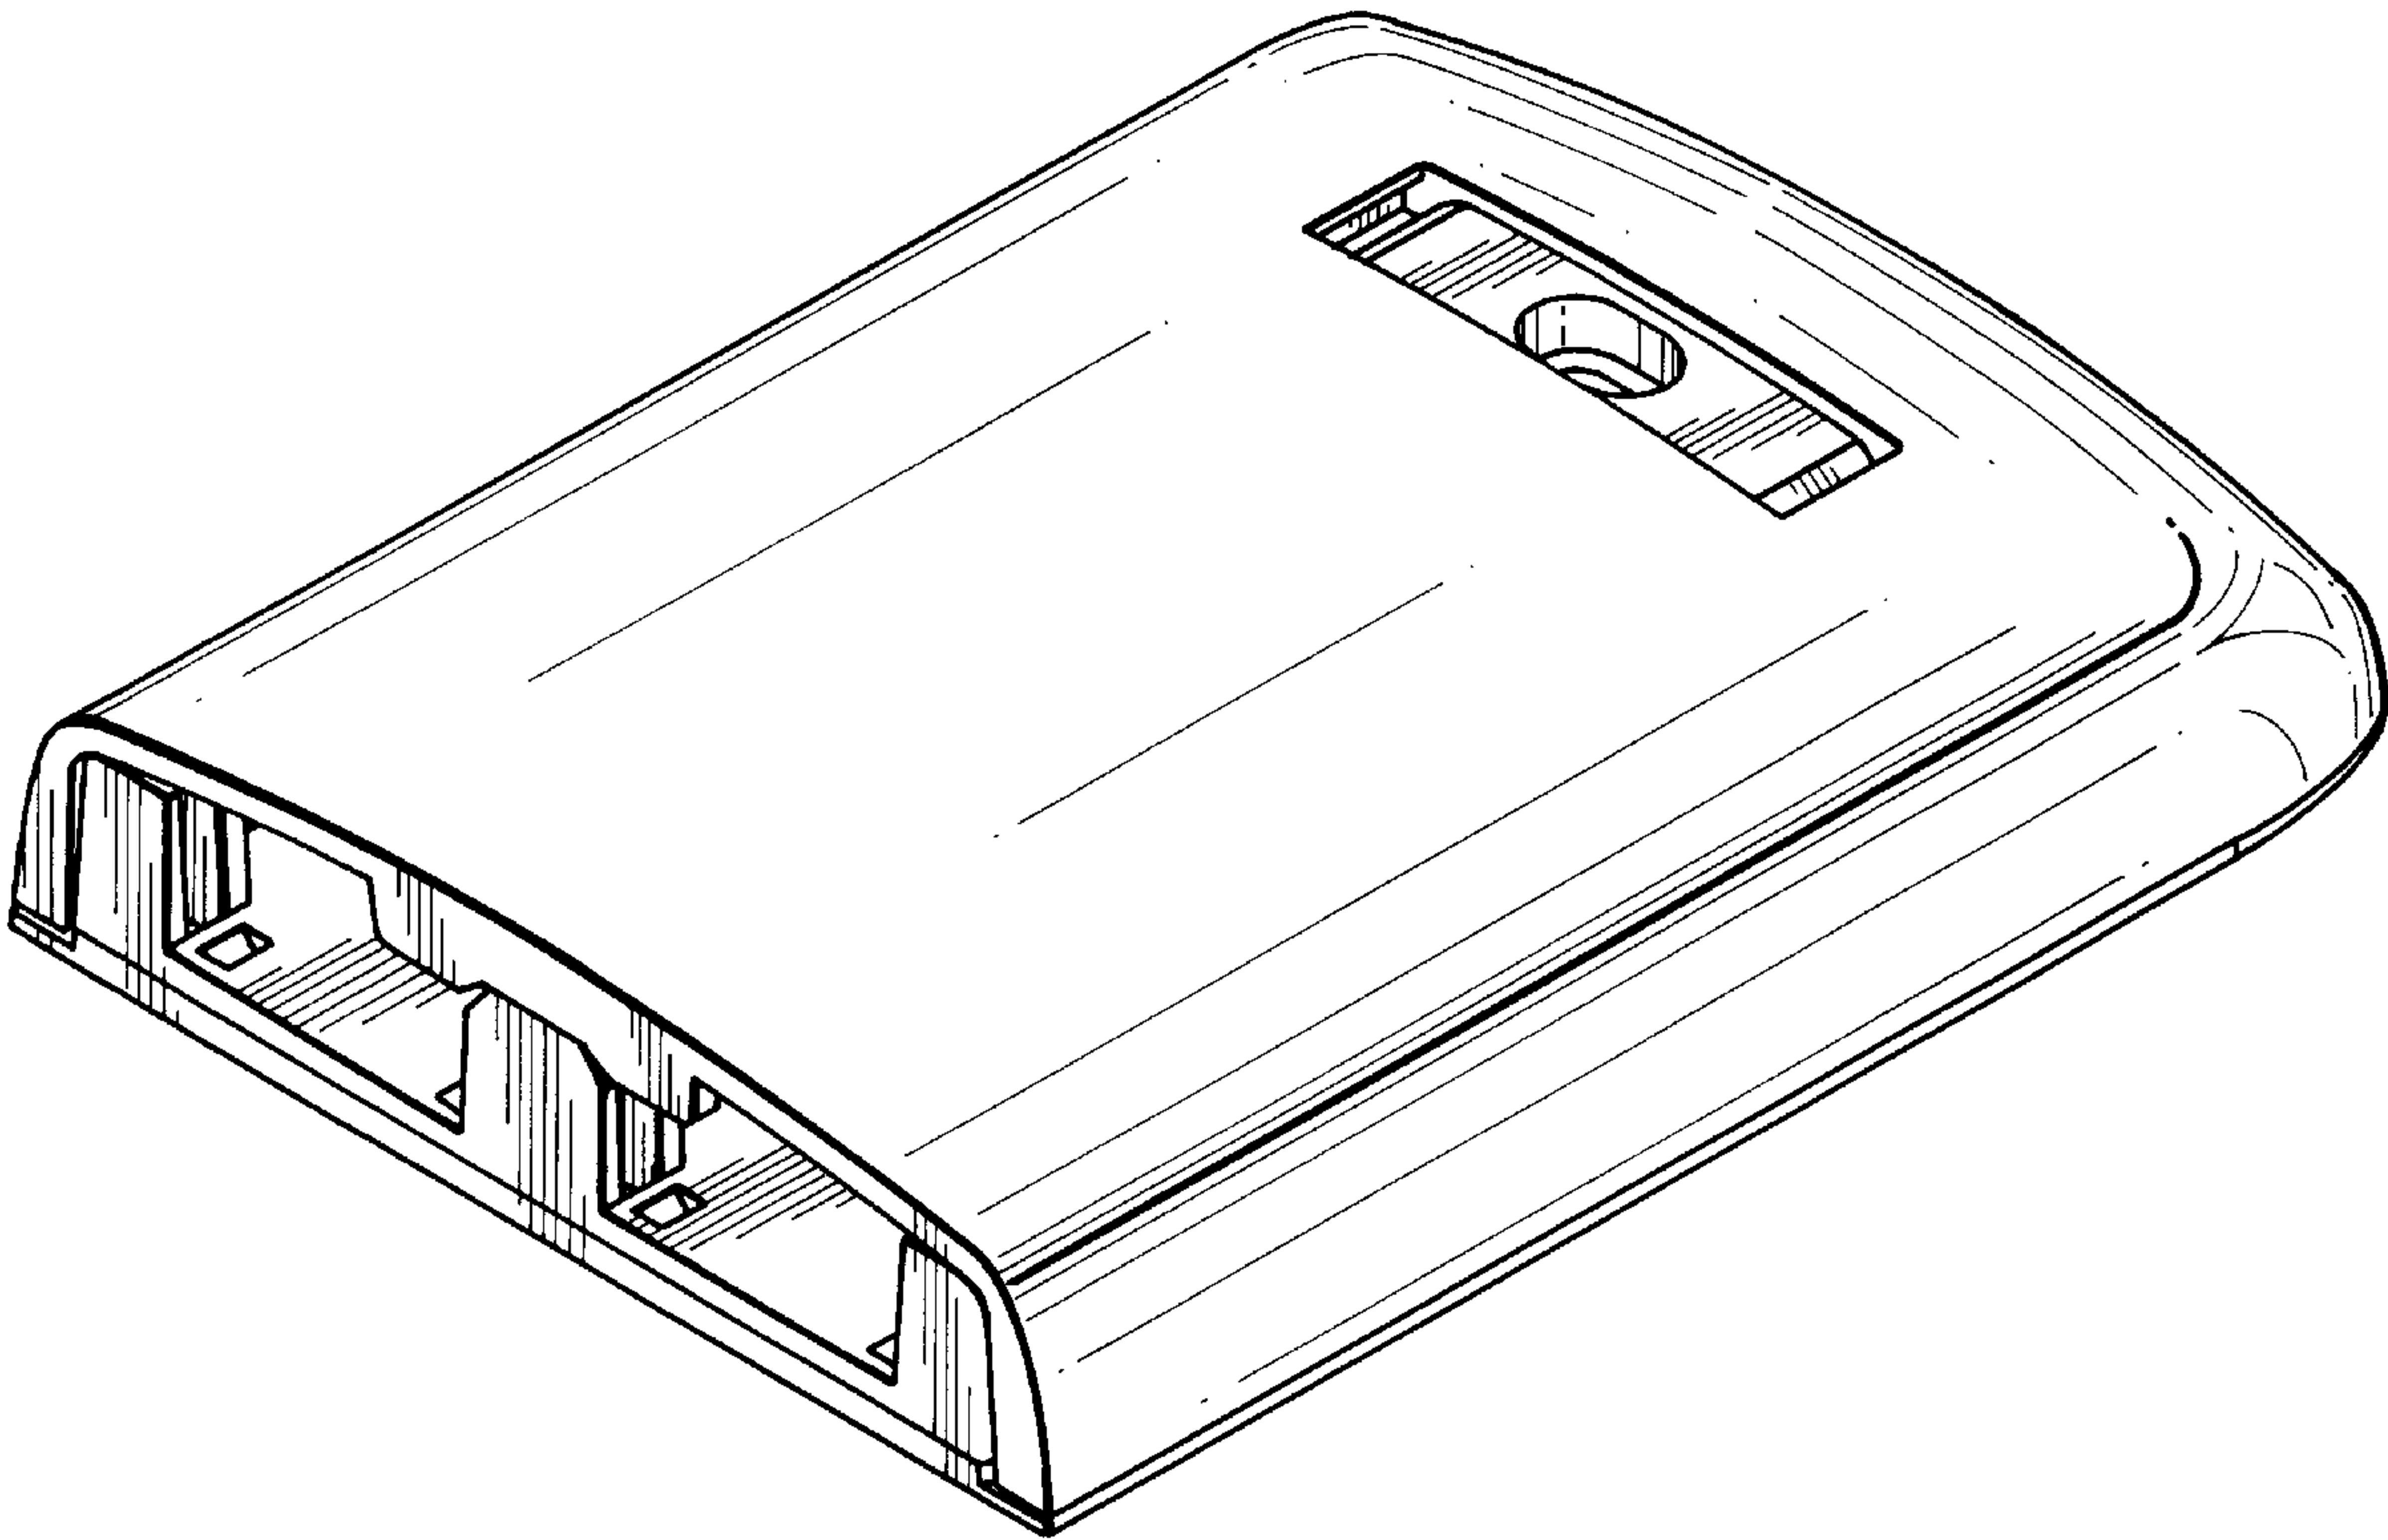

FIG. 2 is a top view thereof;

FIG. 3 is a left side view thereof, the right side view thereof being a mirror image;

FIG. 4 is a top left perspective view of the present invention; and,

FIG. 5 is a bottom right perspective view of the present invention.
