[57] **CLAIM**

The ornamental design for a lifting strap, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a lifting strap showing our new design, it being understood that the opposite side is a mirror image thereof.

FIG. 2 is a perspective view of a lifting strap showing a second embodiment, it being understood that the opposite side is a mirror image thereof.

FIG. 3 is a perspective view of a lifting strap showing a third embodiment thereof with the top portions of the two right loops being linearly folded together, it being understood that the opposite side is a mirror image thereof.

FIG. 4 is an enlarged partial view of a longitudinal portion of the strap shown in FIG. 3; and,

FIG. 5 is a cross sectional view taken along line 5—5 in FIG. 4.
