[57] **CLAIM**

The ornamental design for an aerial chair, as shown and described.

**DESCRIPTION**

FIG. 1 is front elevational view of the aerial chair; FIG. 2 is a rear elevational view of the aerial chair; FIG. 3 is a right, perspective view of the aerial chair; FIG. 4 is a left, perspective view of the aerial chair; FIG. 5 is a right-rear, perspective view of the aerial chair; FIG. 6 is a left-rear, perspective view of the aerial chair; FIG. 7 is a top, plan view of the aerial chair; and, FIG. 8 is a bottom plan view of the aerial chair. Black dots at the juncture of cords in all figures are intended to represent knots. Fragmentary criss-cross shading showing in all views is understood to represent a fabric material and is repeated throughout the surfaces shown. The broken lines in FIGS. 1, 3, 4, and 7 represent conventional stitching.
