[57] CLAIM

The ornamental design for a knob cover, as shown and
described.

DESCRIPTION

FIG. 1 is a top, rear and left side perspective view of the
knob cover embodying the new design, the broken lines
being for illustrative purposes only and forming no part of
the claimed design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a left side view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom view thereof;

FIG. 6 is a bottom, rear and left side perspective view
thereof, the broken lines being for illustrative purposes only
and forming no part of the claimed design;

FIG. 7 is a top, rear and left side perspective view of the
knob cover showing a second embodiment of my new
design, the broken lines below the knob cover being for
illustrative purposes only and forming no part of the
embodiment and the broken lines above and below the
recessed grooves representing the bounds of the embodi-
ment and forming no part thereof;

FIG. 8 is a front elevational view thereof, the broken lines
below the knob cover being for illustrative purposes only
and forming no part of the embodiment and the broken lines
above and below the recessed grooves representing the
bounds of the embodiment and forming no part thereof;

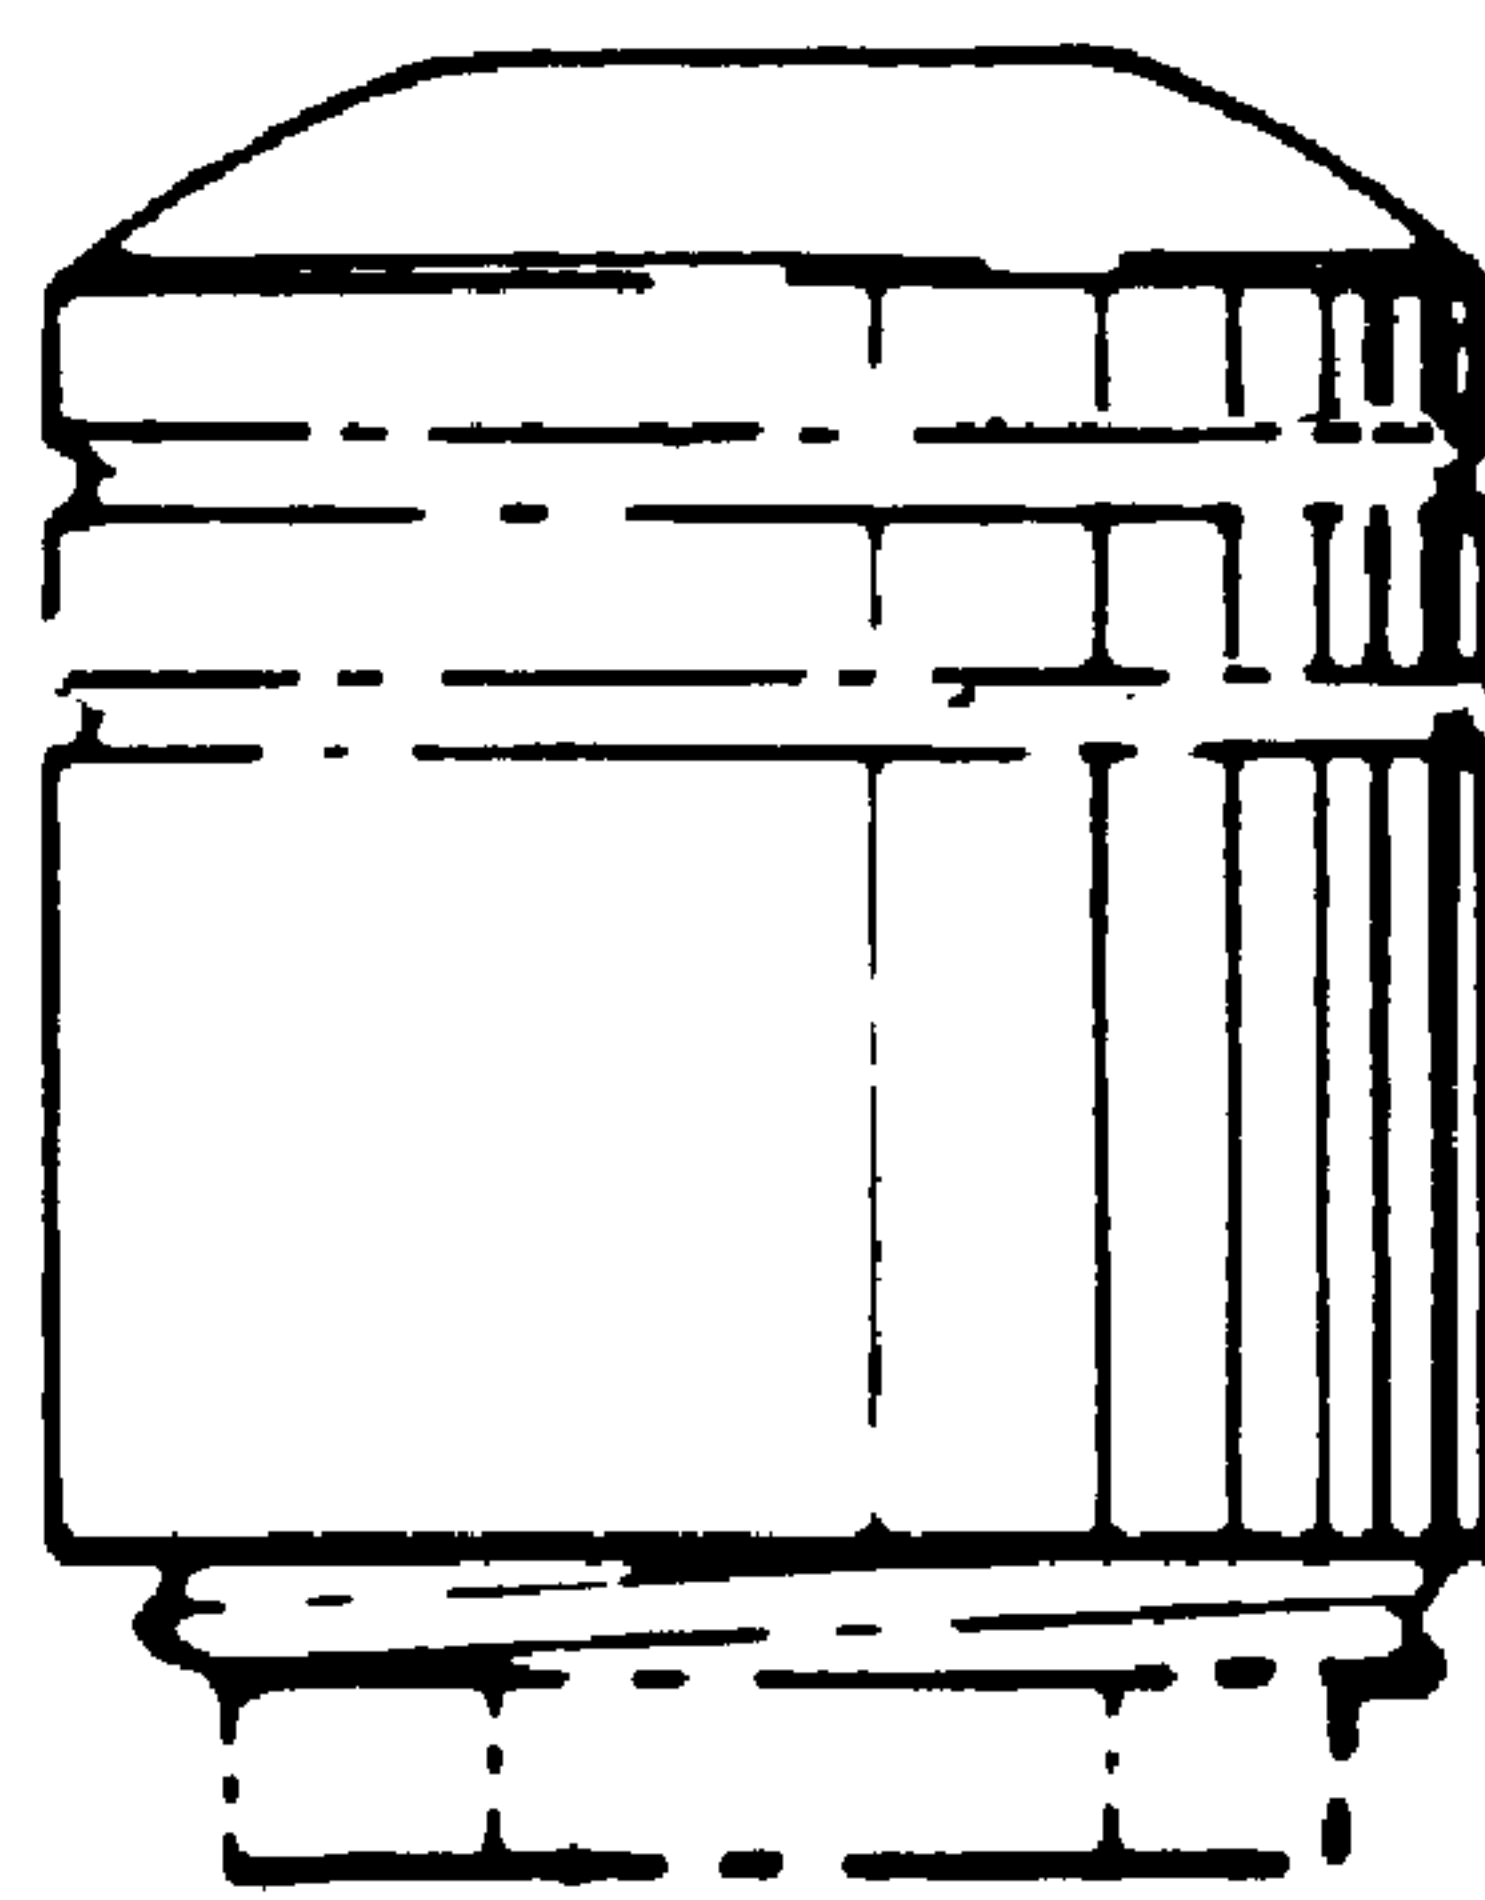

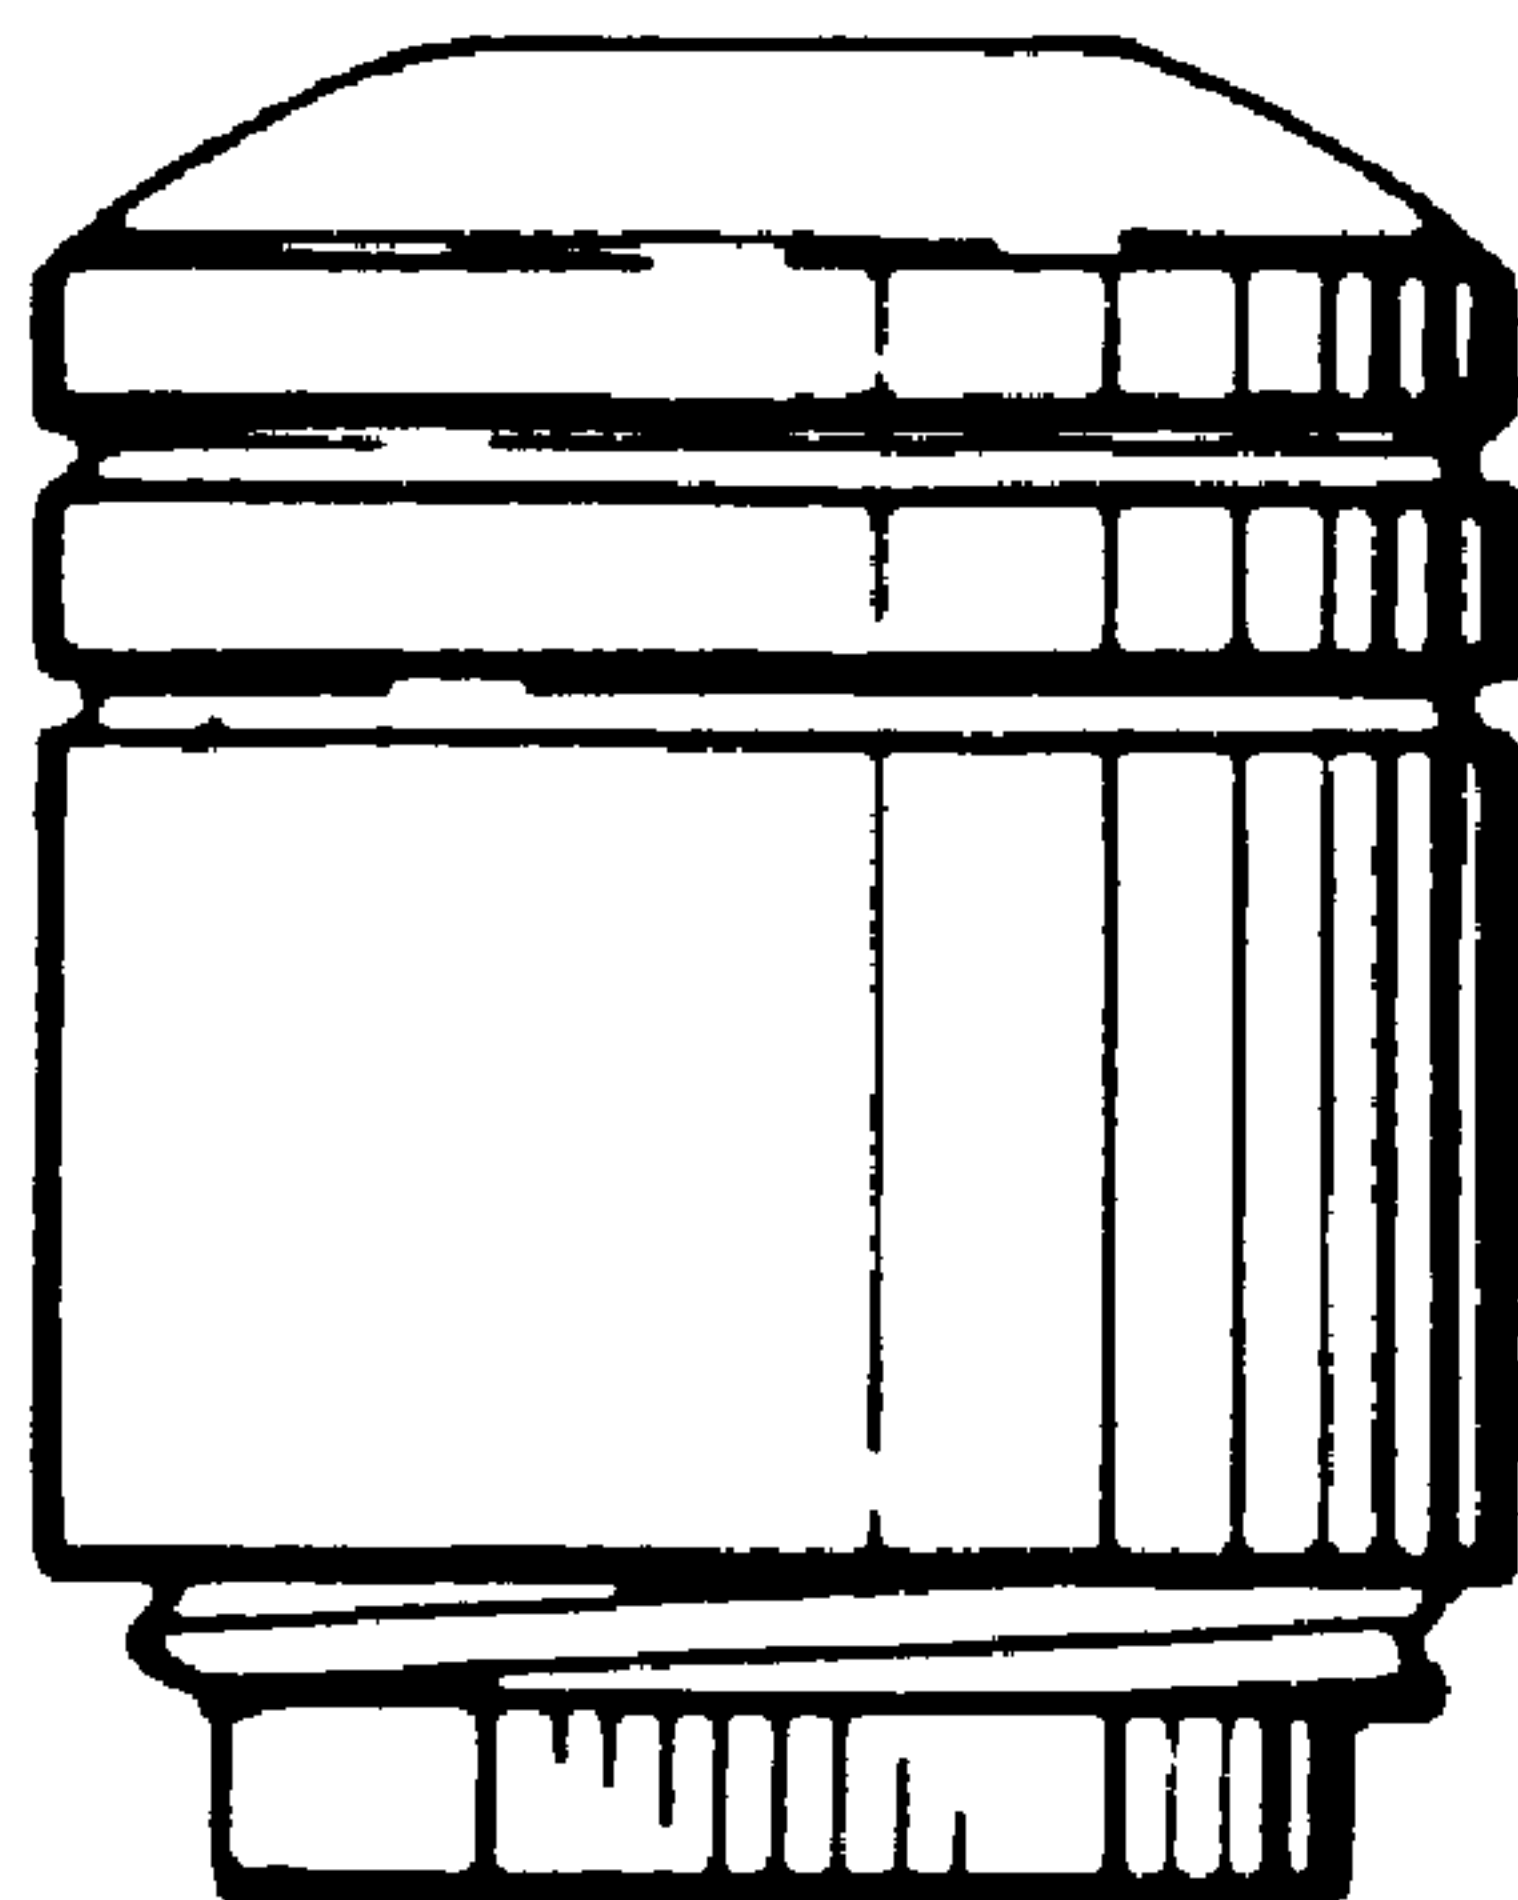

FIG. 9 is a left side view thereof, the broken lines below the
knob cover being for illustrative purposes only and forming
no part of the embodiment and the broken lines above and
below the recessed grooves representing the bounds of the
embodiment and forming no part thereof;

FIG. 10 is a top plan view thereof;

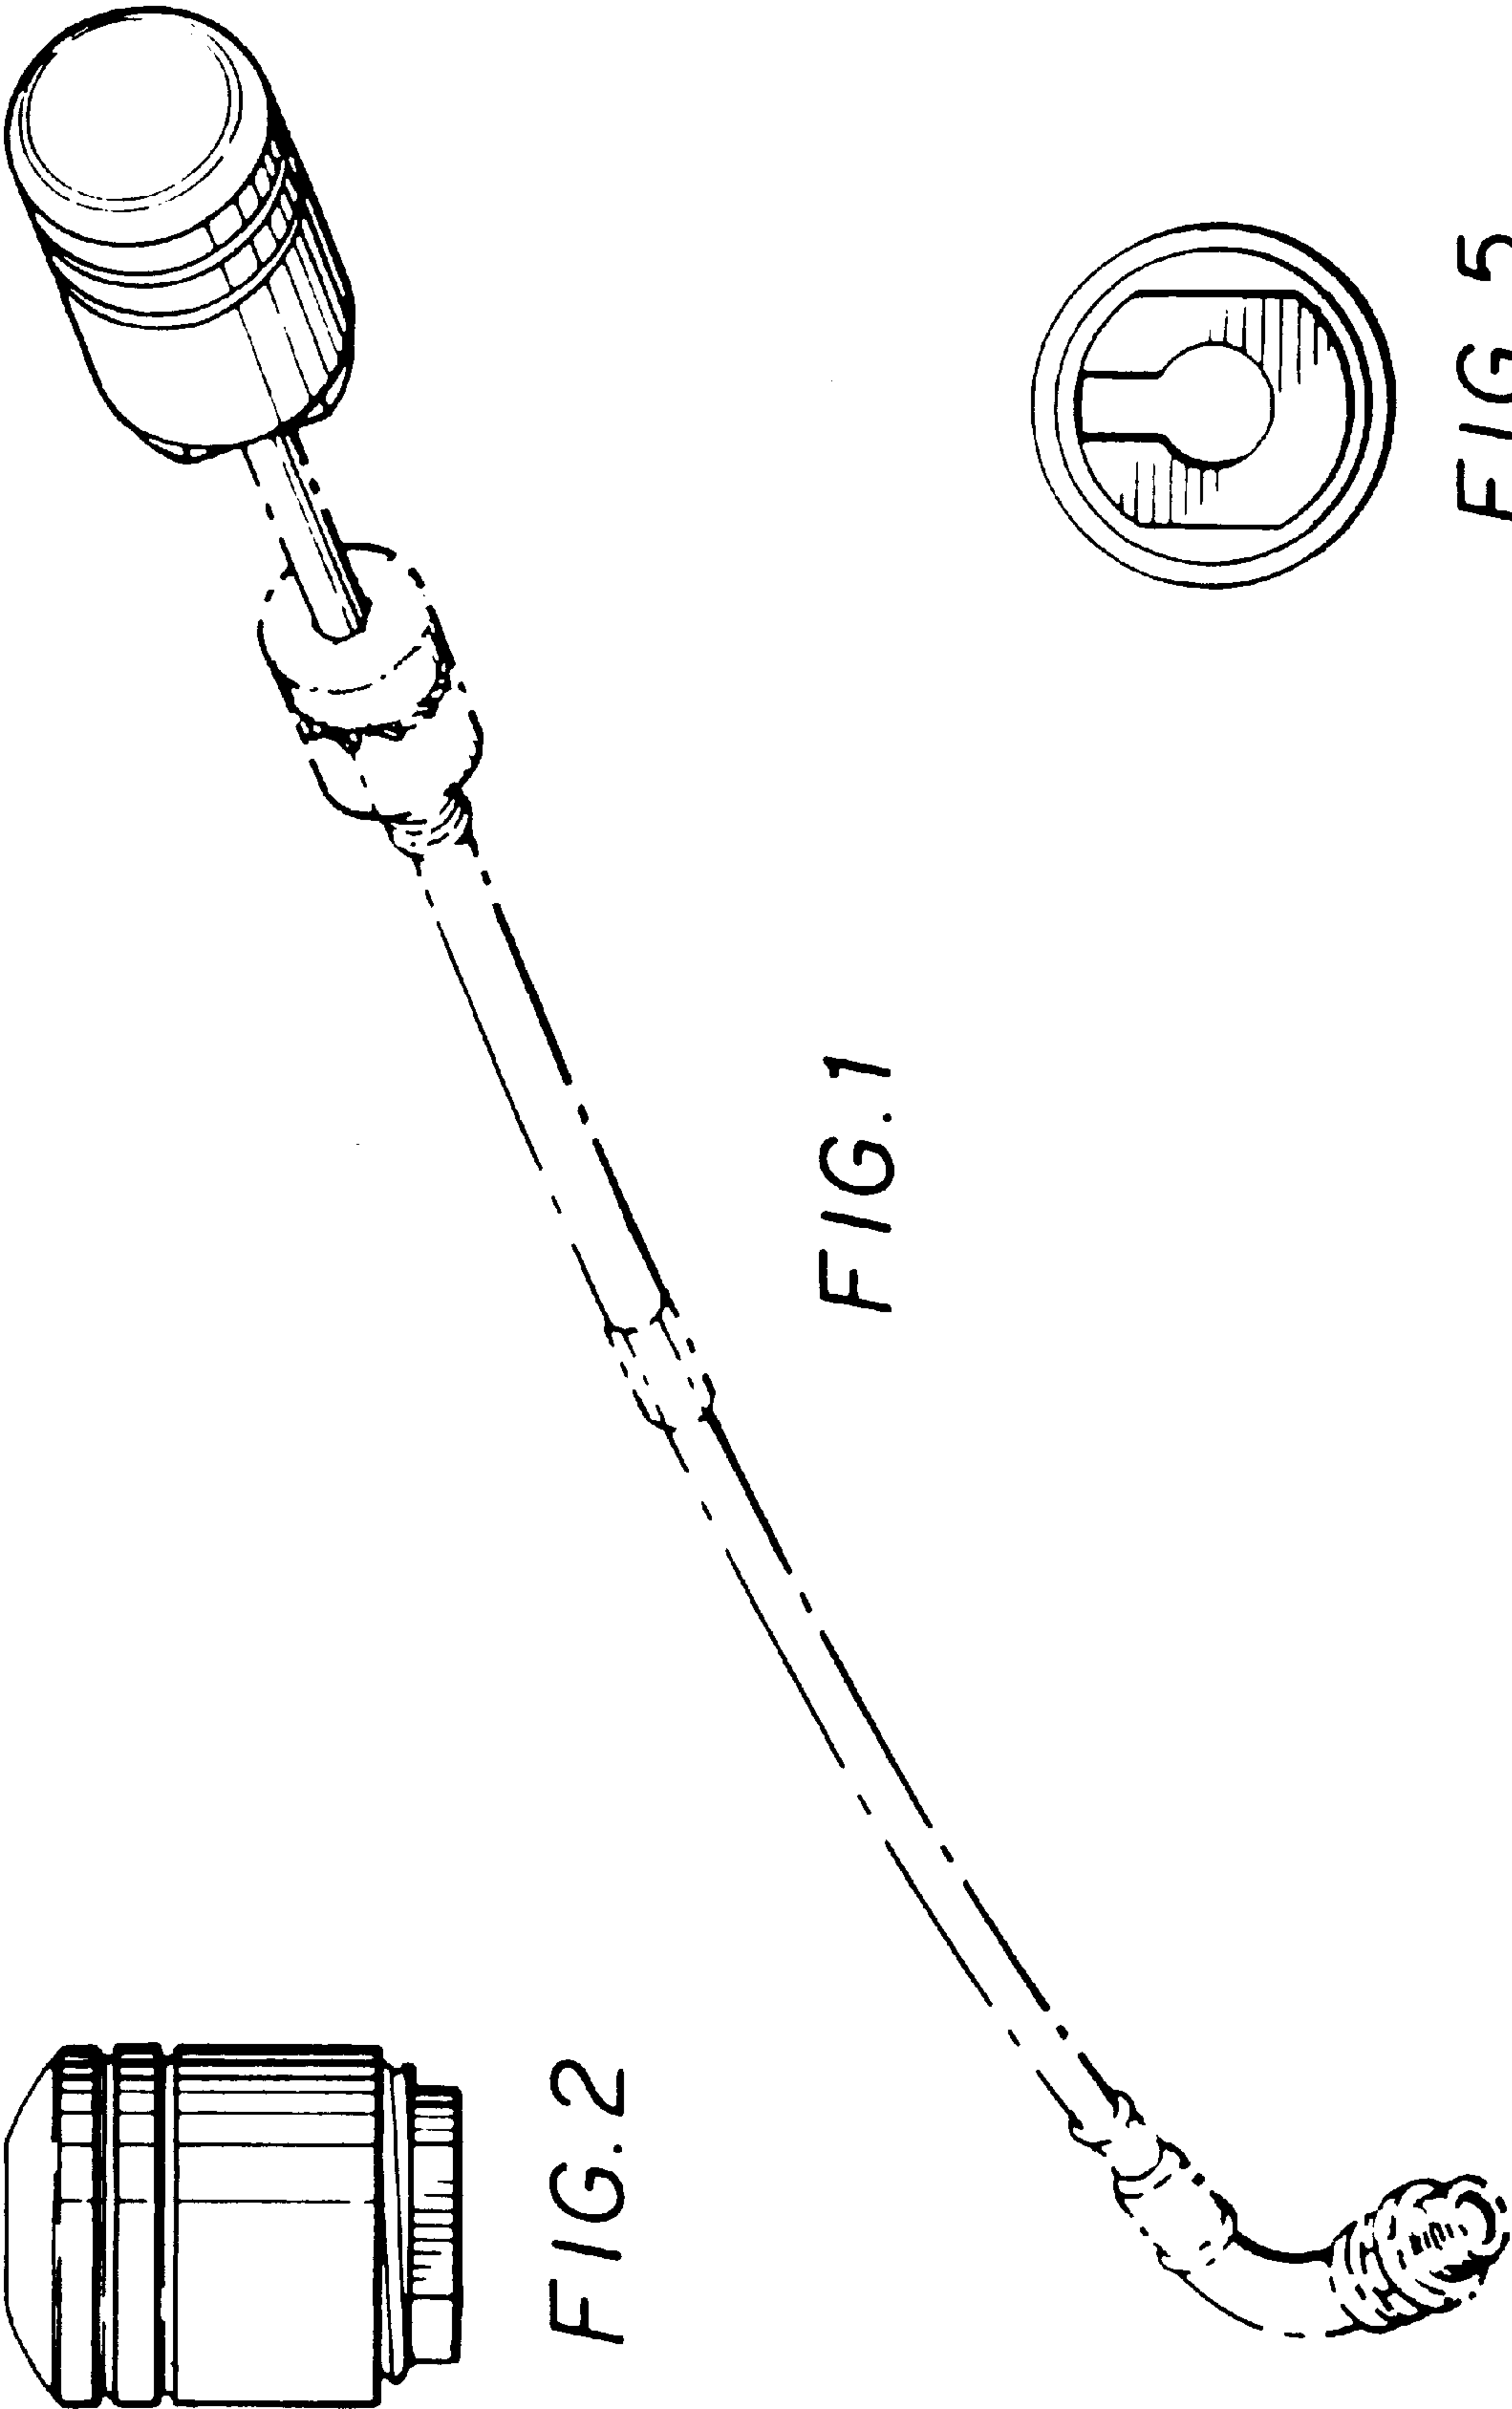

FIG. 11 is a bottom view thereof, the broken lines in the
center of the knob cover being for illustrative purposes only
and forming no part of the embodiment and the broken lines
immediately within the outer perimeter representing the
bounds of the embodiment and forming no part thereof; and,

FIG. 12 is a bottom, front and left side perspective view
thereof, the broken lines below the knob cover being for
illustrative purposes only and forming no part of the
embodiment and the broken lines above and below the
recessed grooves representing the bounds of the embodi-
ment and forming no part thereof.
