[57] **CLAIM**

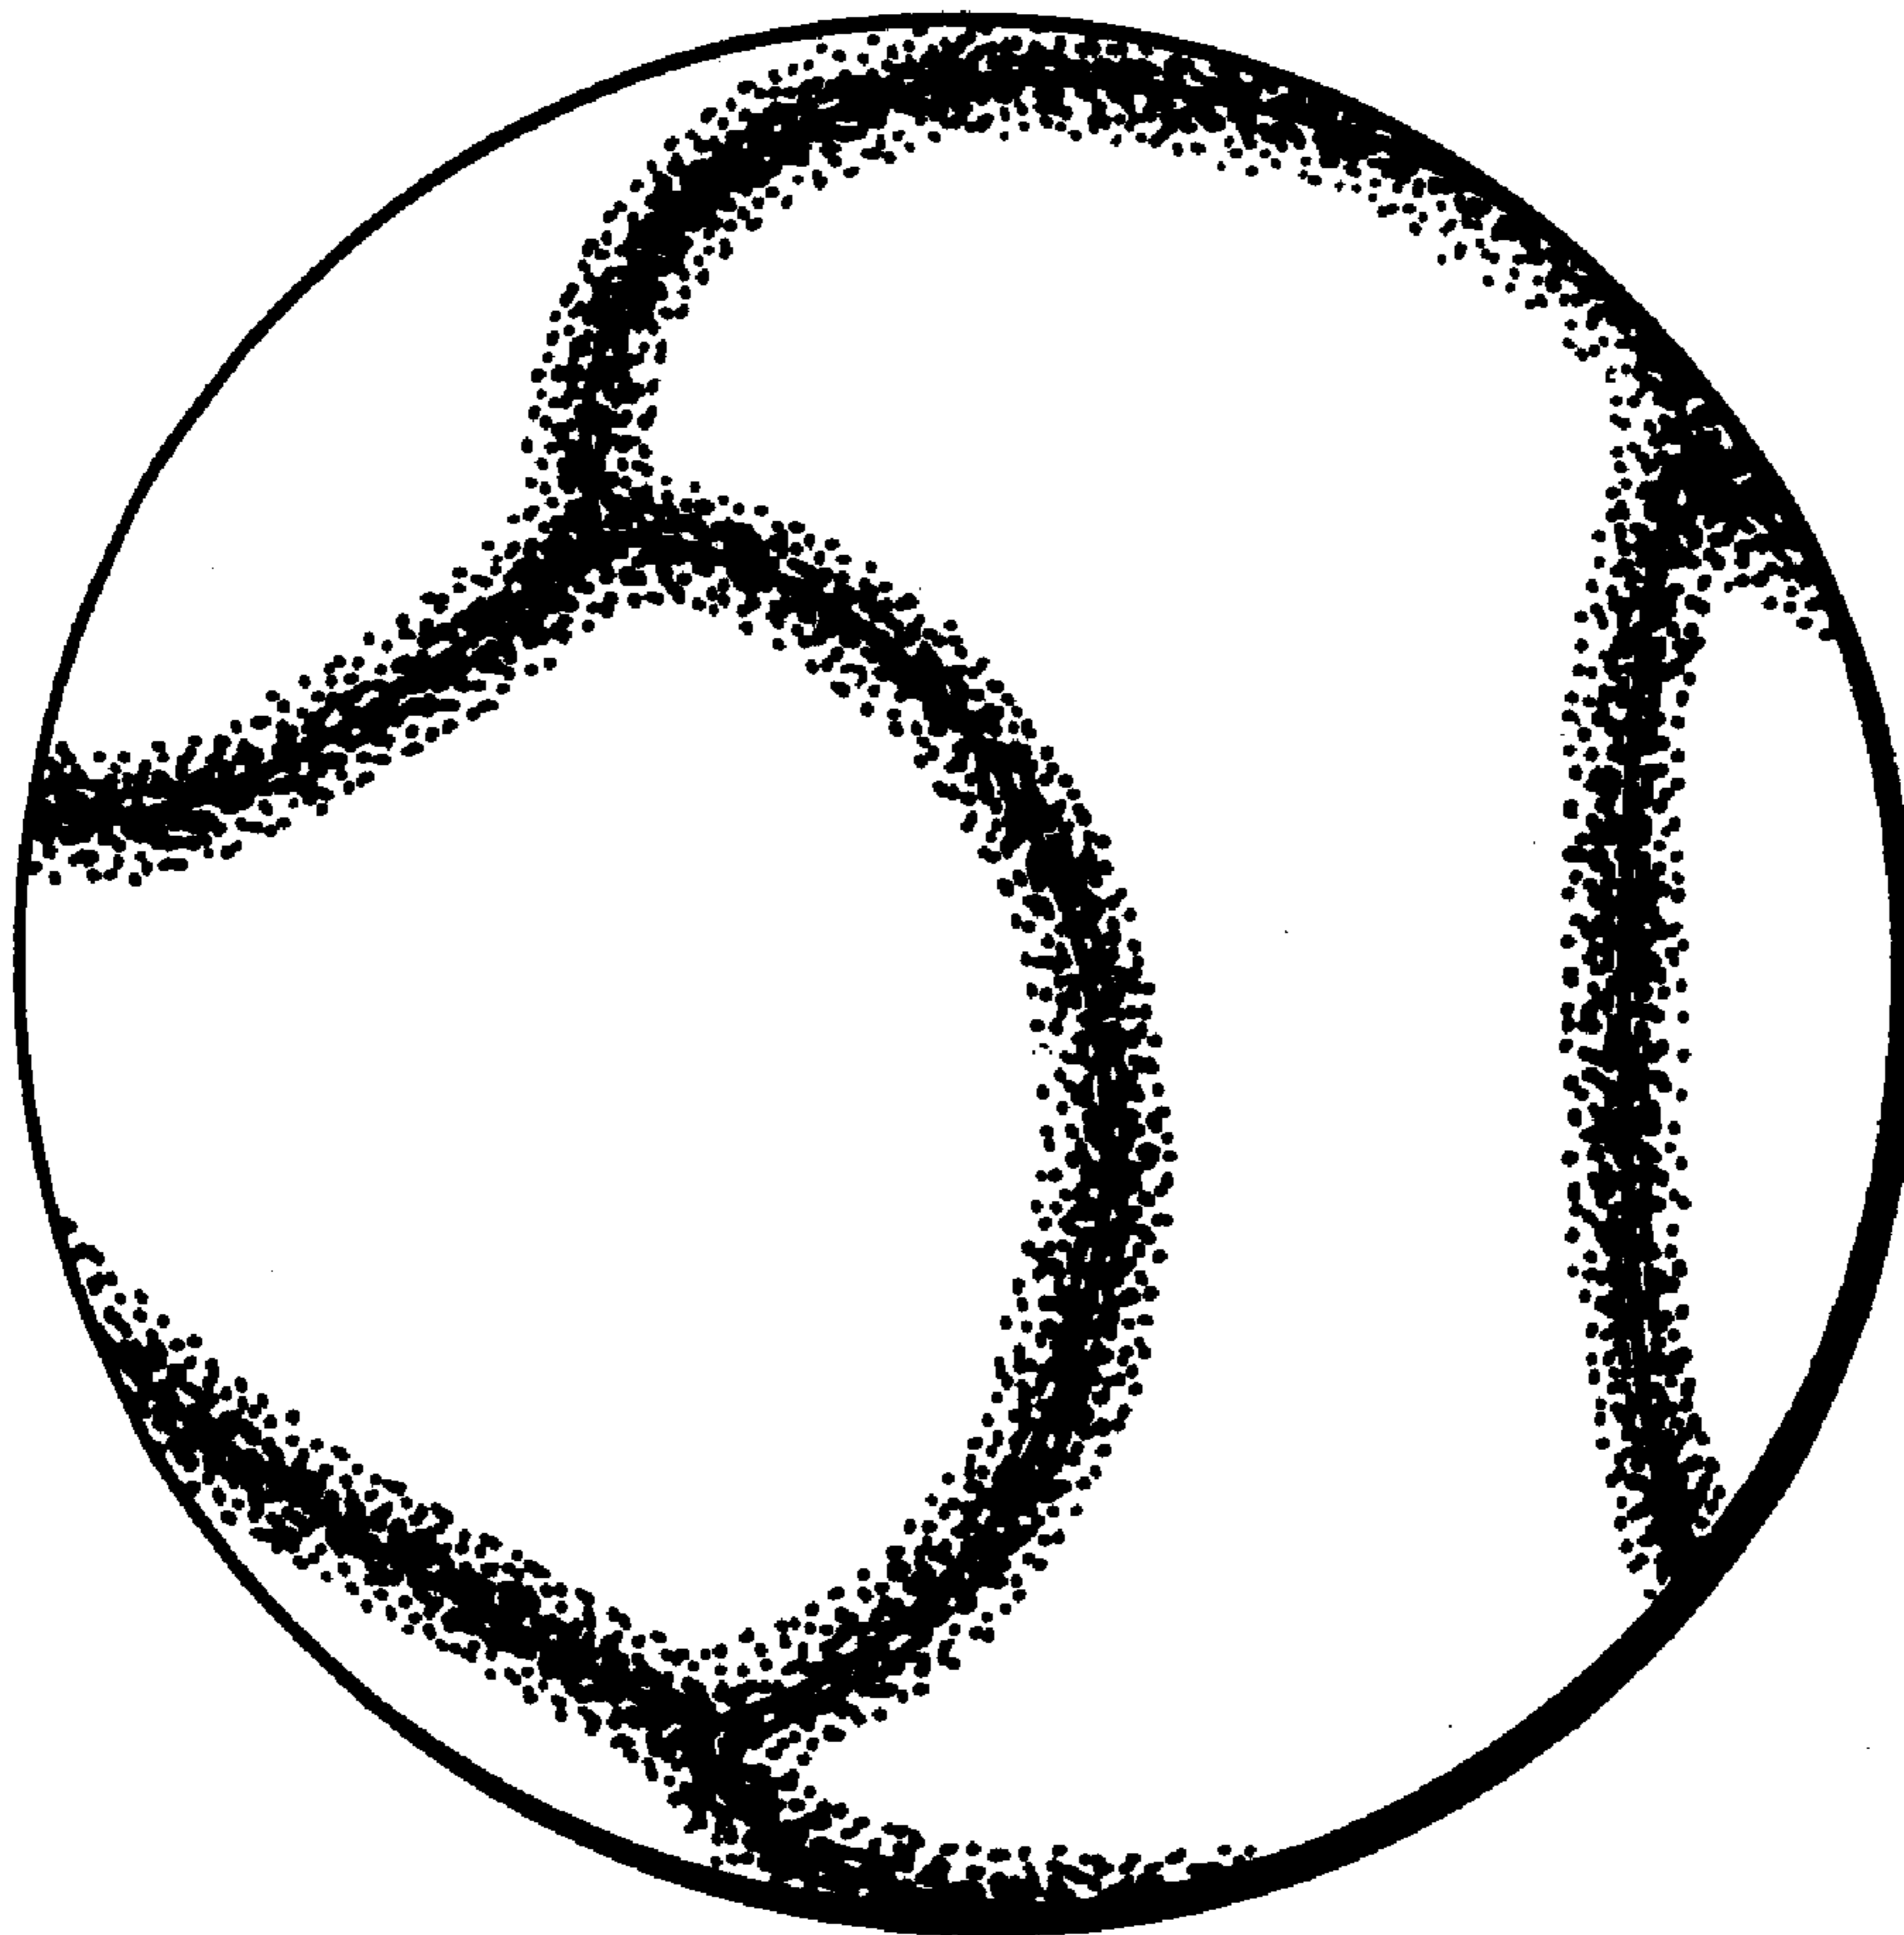

The ornamental design for a six-panel soccer ball having toned seam lines of varied intensity, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a six-panel soccer ball having toned seam lines of varied intensity showing my invention. FIG. 2 is a top view of the six-panel soccer ball having toned seam lines of varied intensity shown in FIG. 1. The bottom view of the six-panel soccer ball shown in FIG. 1 is identical to the top view shown in FIG. 2.

FIG. 3 is a right side view of the six-panel soccer ball having toned seam lines of varied intensity shown in FIG. 1. The left side view of the six-panel soccer ball shown in FIG. 1 is identical to the right side view shown in FIG. 3.
