[57] **CLAIM**

The ornamental design for a carver's knife handle, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a first embodiment of the present invention showing the blade end and one side. FIG. 2 is a side elevational view of the invention shown in FIG. 1; the opposite side is identical. FIG. 3 is a side elevational view of the invention shown in FIG. 1 rotated about its longitudinal axis 90° from the view of the invention shown in FIG. 2; the opposite side is identical. FIG. 4 is a plan view of the blade end of the invention shown in FIG. 1. FIG. 5 is a plan view of the base end of the invention shown in FIG. 1. FIG. 6 is a perspective view of a second embodiment of the present invention, showing the blade end and one side of the invention. FIG. 7 is a side elevational view of the invention shown in FIG. 6; the opposite side is identical. FIG. 8 is a side elevational view of the invention shown in FIG. 6 rotated about its longitudinal axis 90° from the view of the invention shown in FIG. 7; the opposite is identical. FIG. 9 is a plan view of the blade end of the invention shown in FIG. 6; and, FIG. 10 is a plan view of the base end of the invention shown in FIG. 6.
