## CLAIM

The ornamental design for a compacted carry bag, as shown and described.

## DESCRIPTION

FIG. 1 is a top plan view of a compacted carry bag, the bottom being a mirror image thereof;

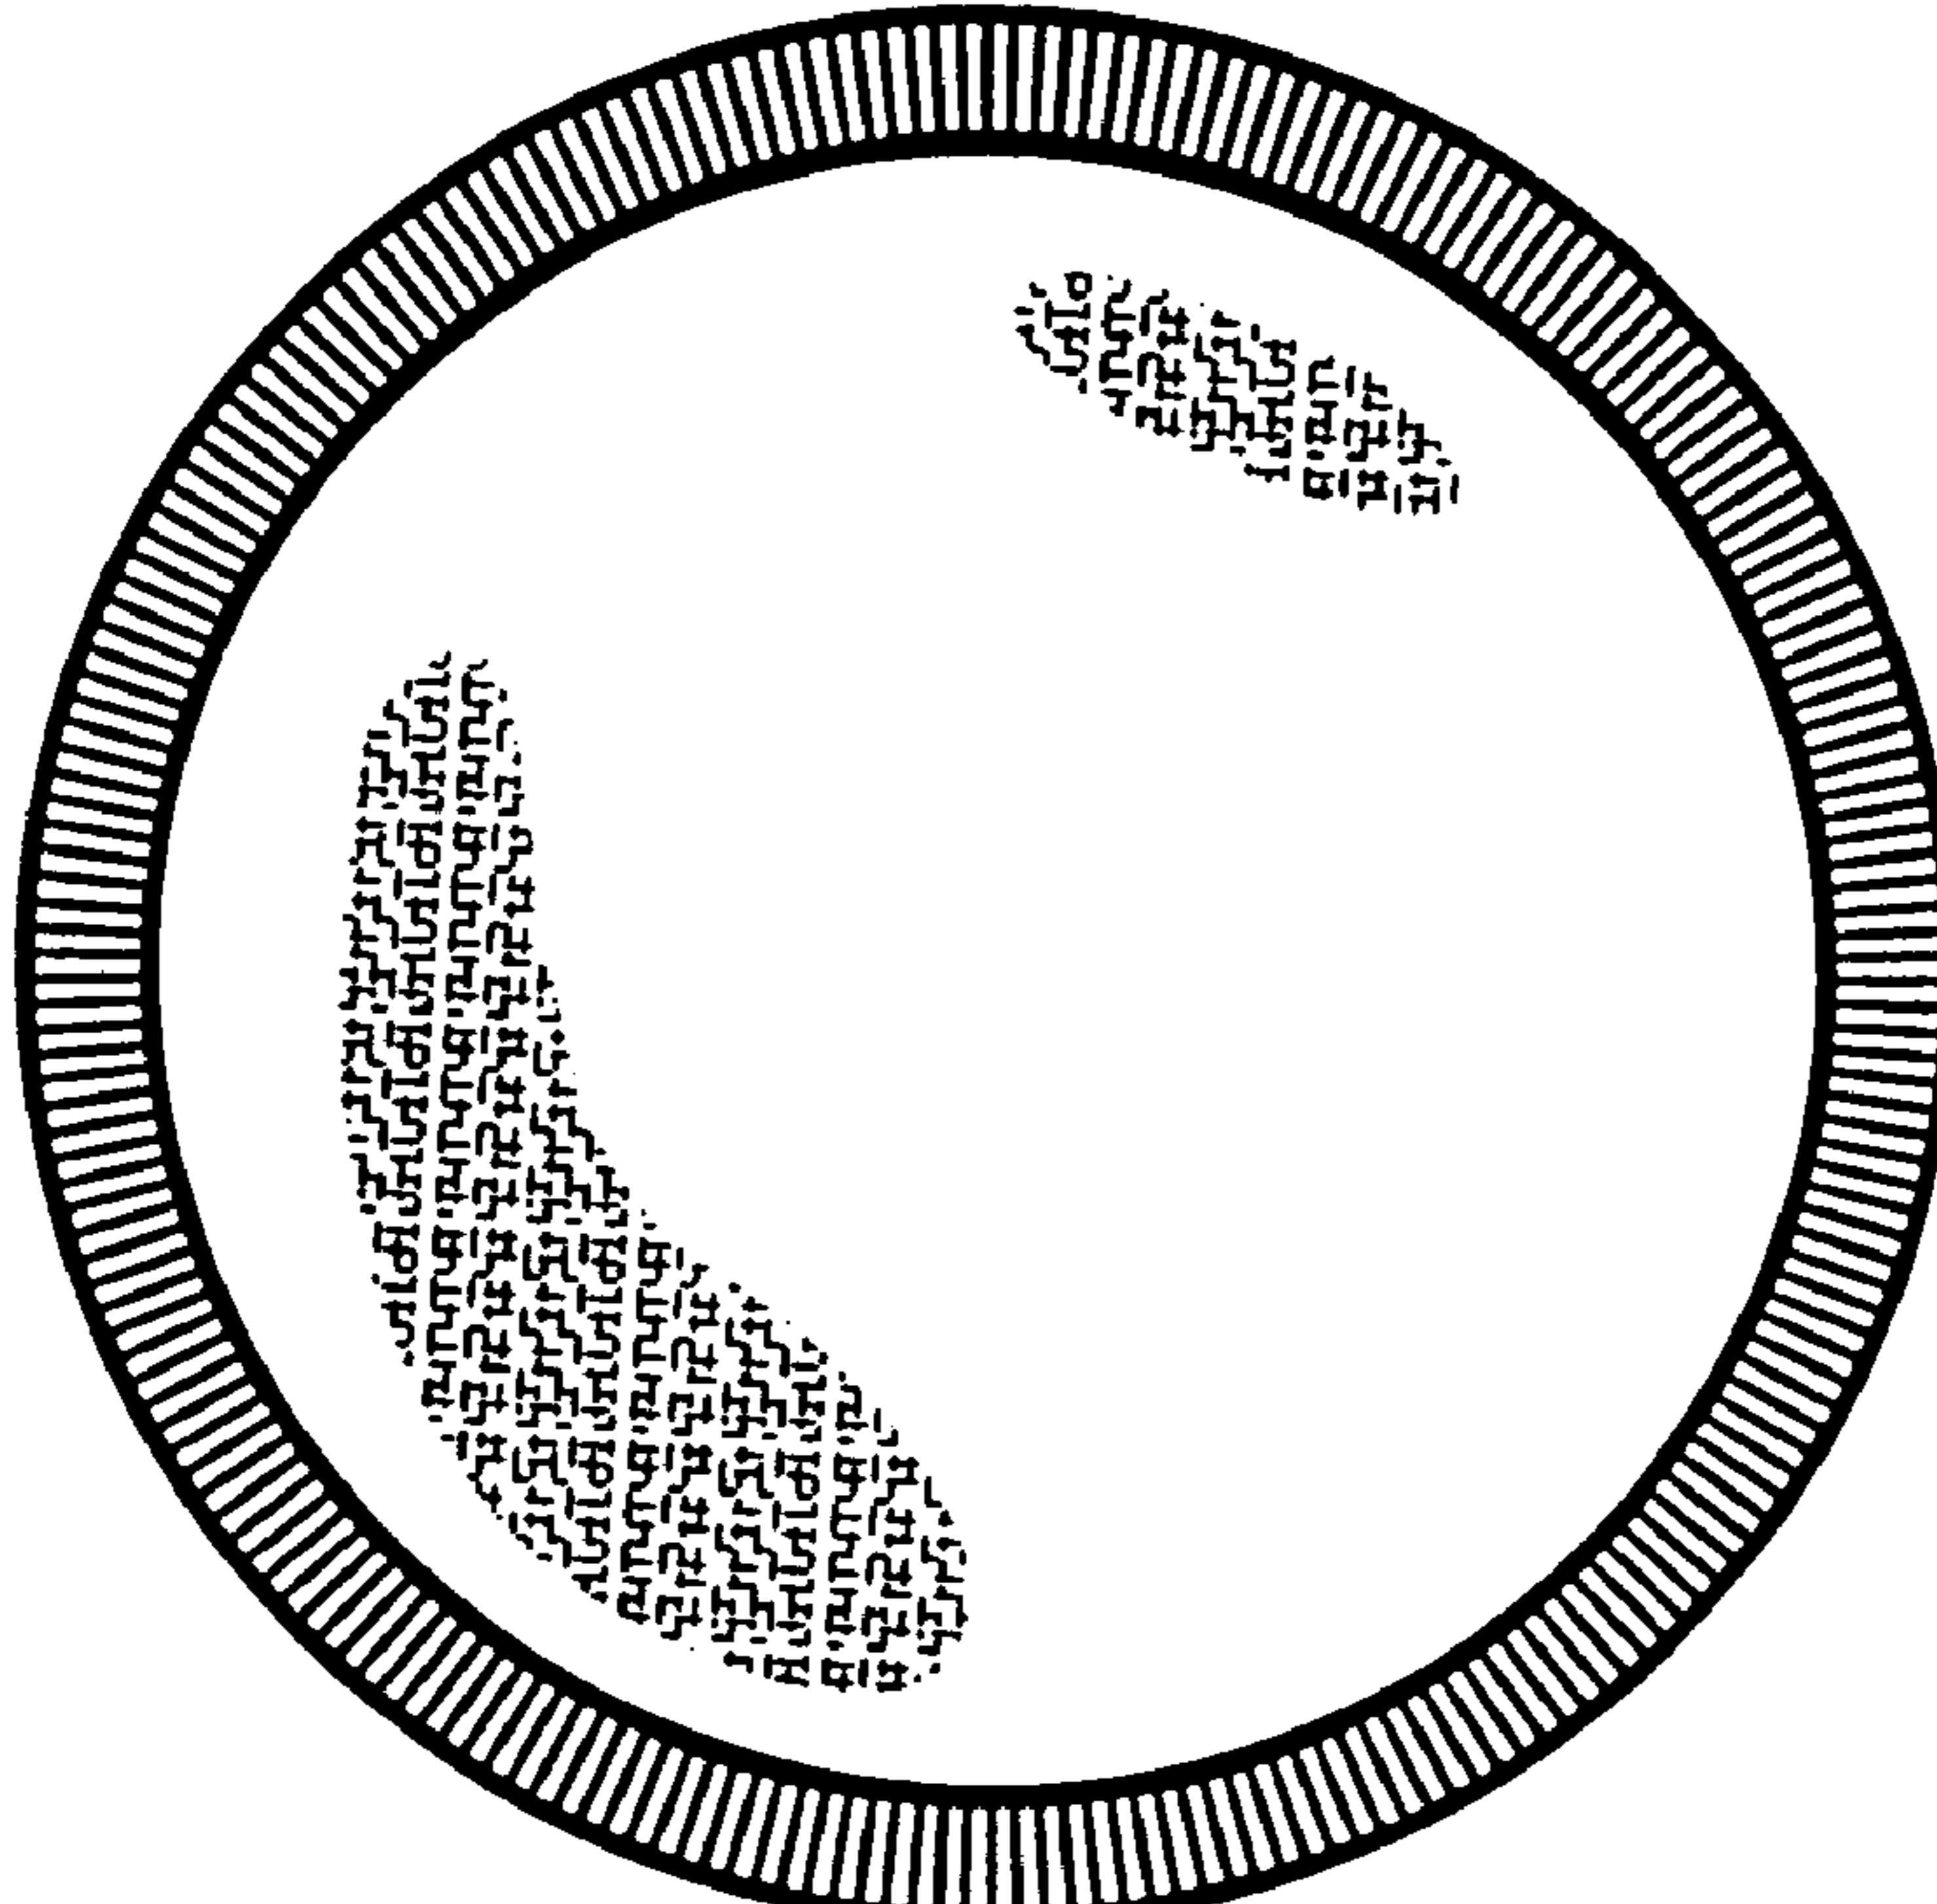

FIG. 2 is a side view thereof, illustrating a prominent medical binding between the top and bottom surfaces;

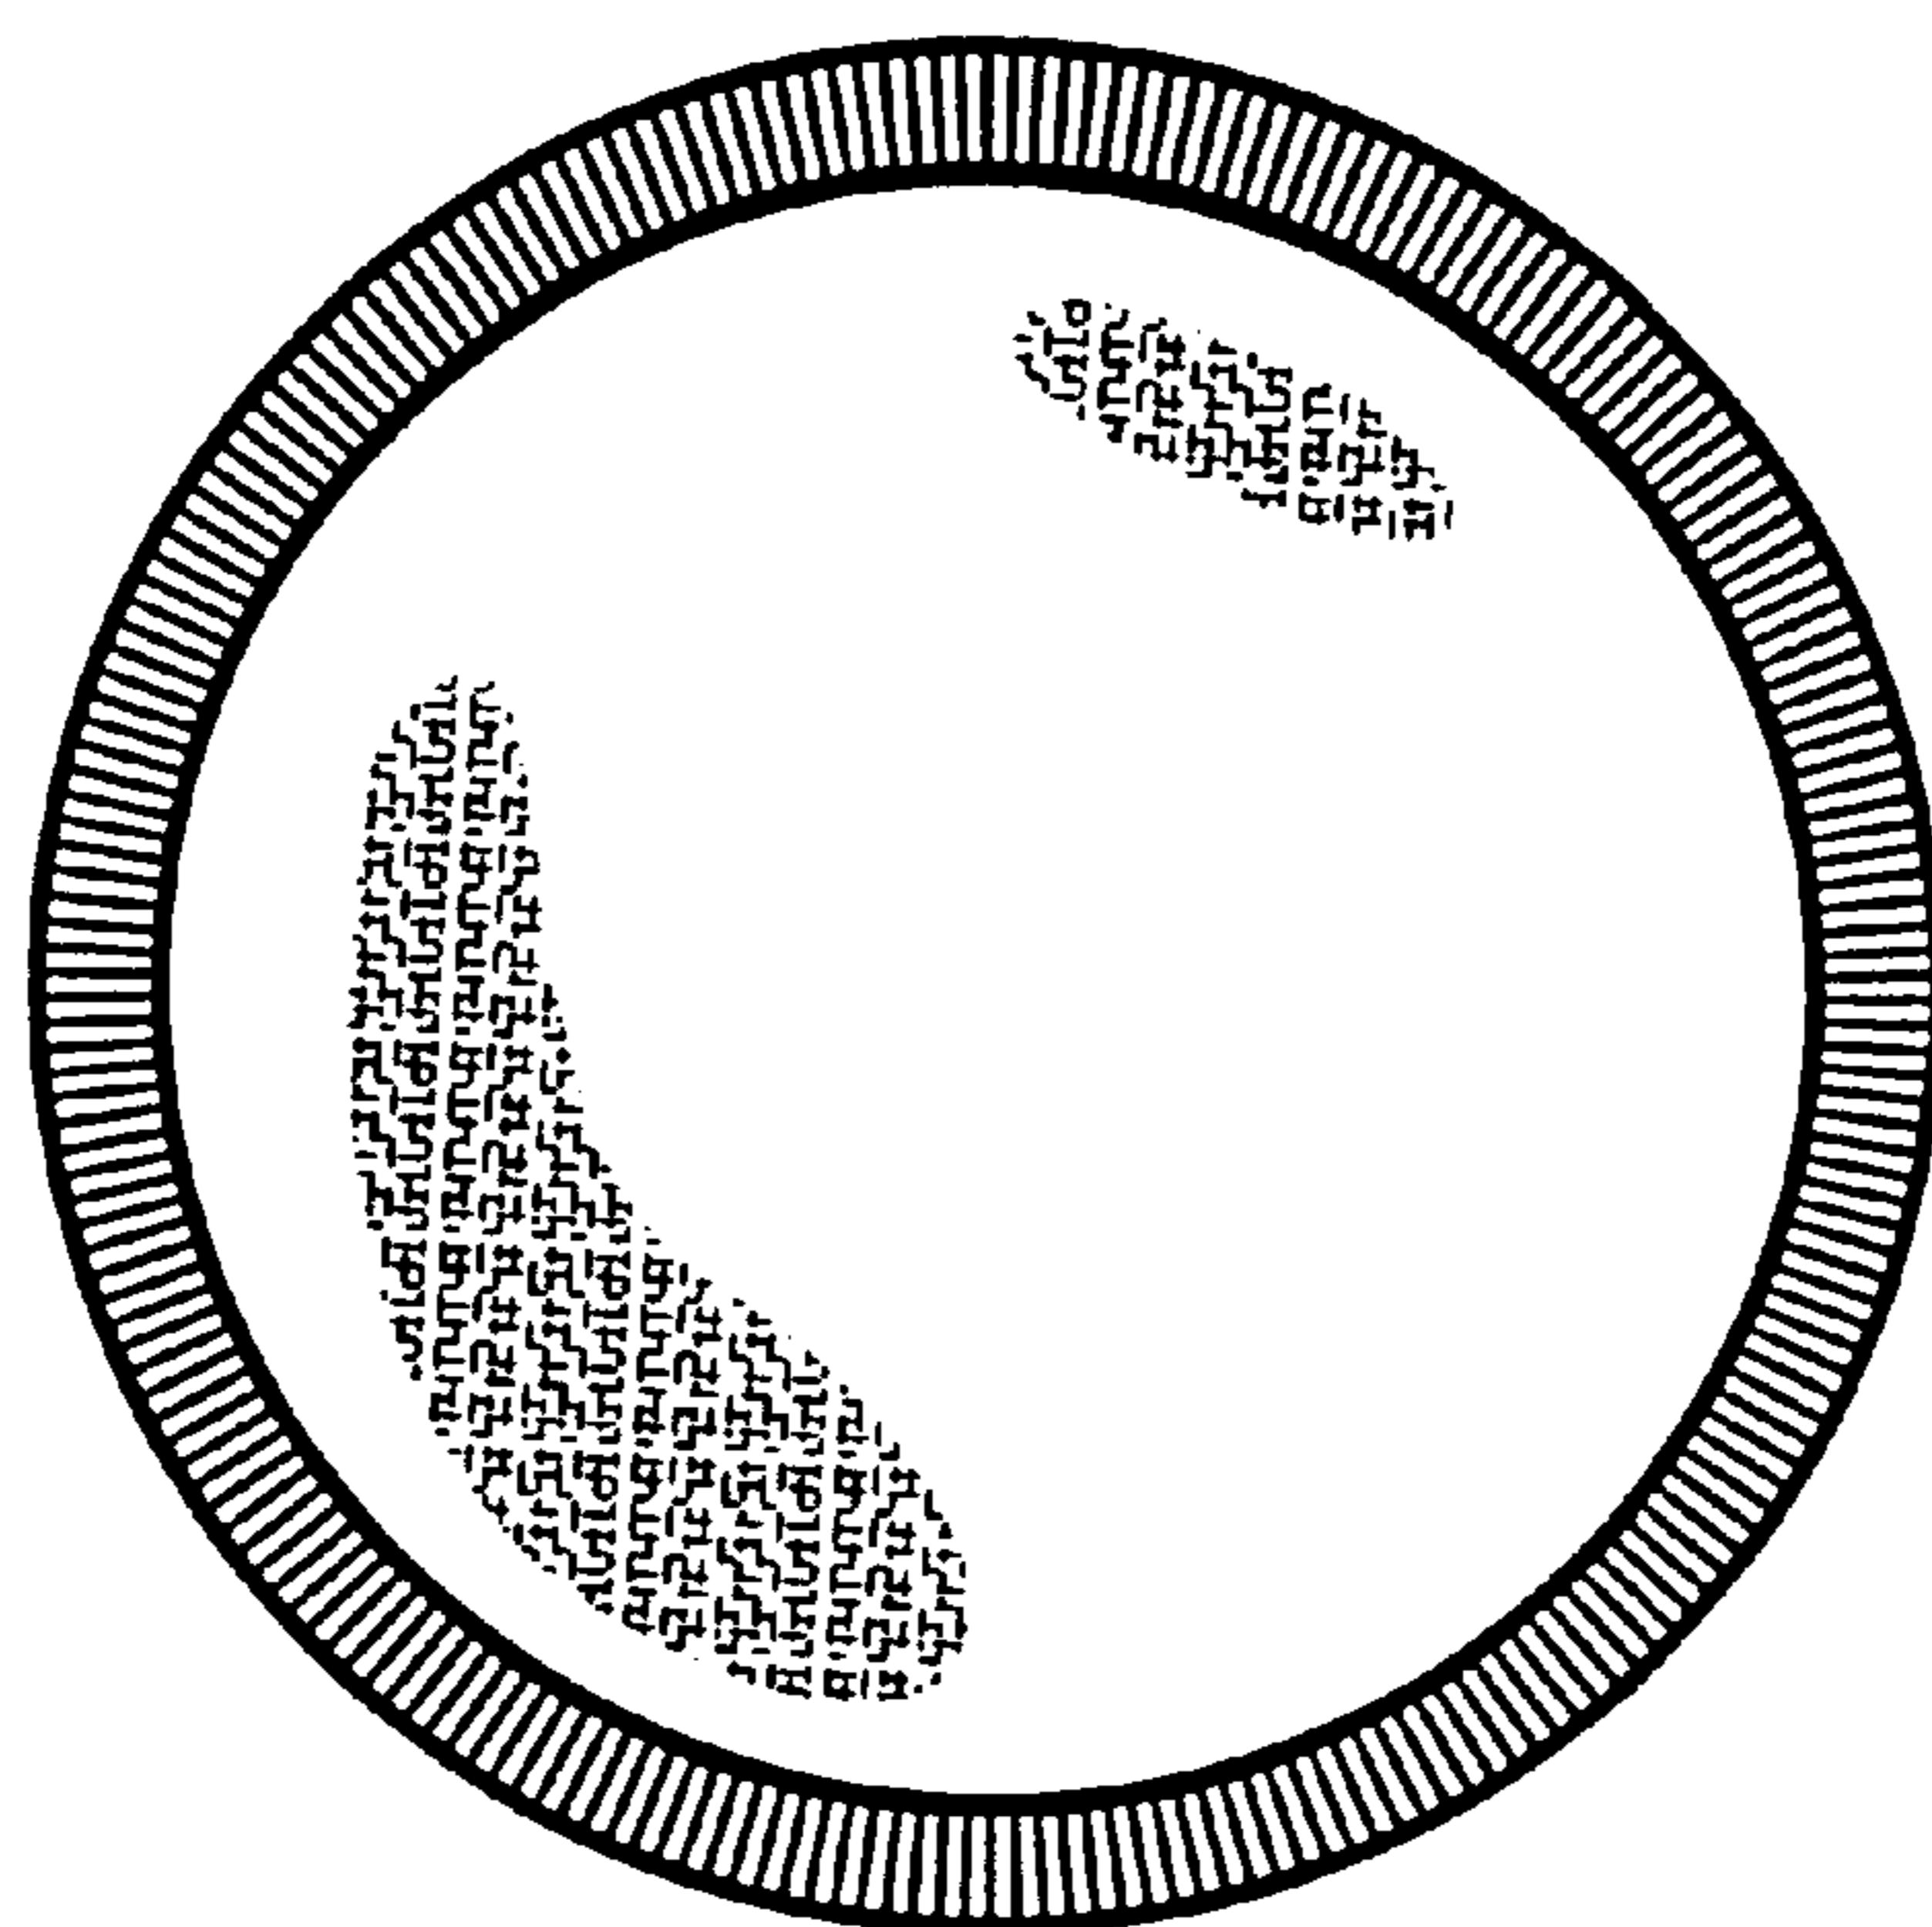

FIG. 3 is the side view of FIG. 2, illustrating an optional closure and optional carry clip, respectively positioned on the top and bottom surfaces thereof; and,

FIG. 4 is an inverted view of the compacted carry bag, illustrating an uncompacted carry bag, the contour of the uncompacted carry bag forming no part of the claimed design.

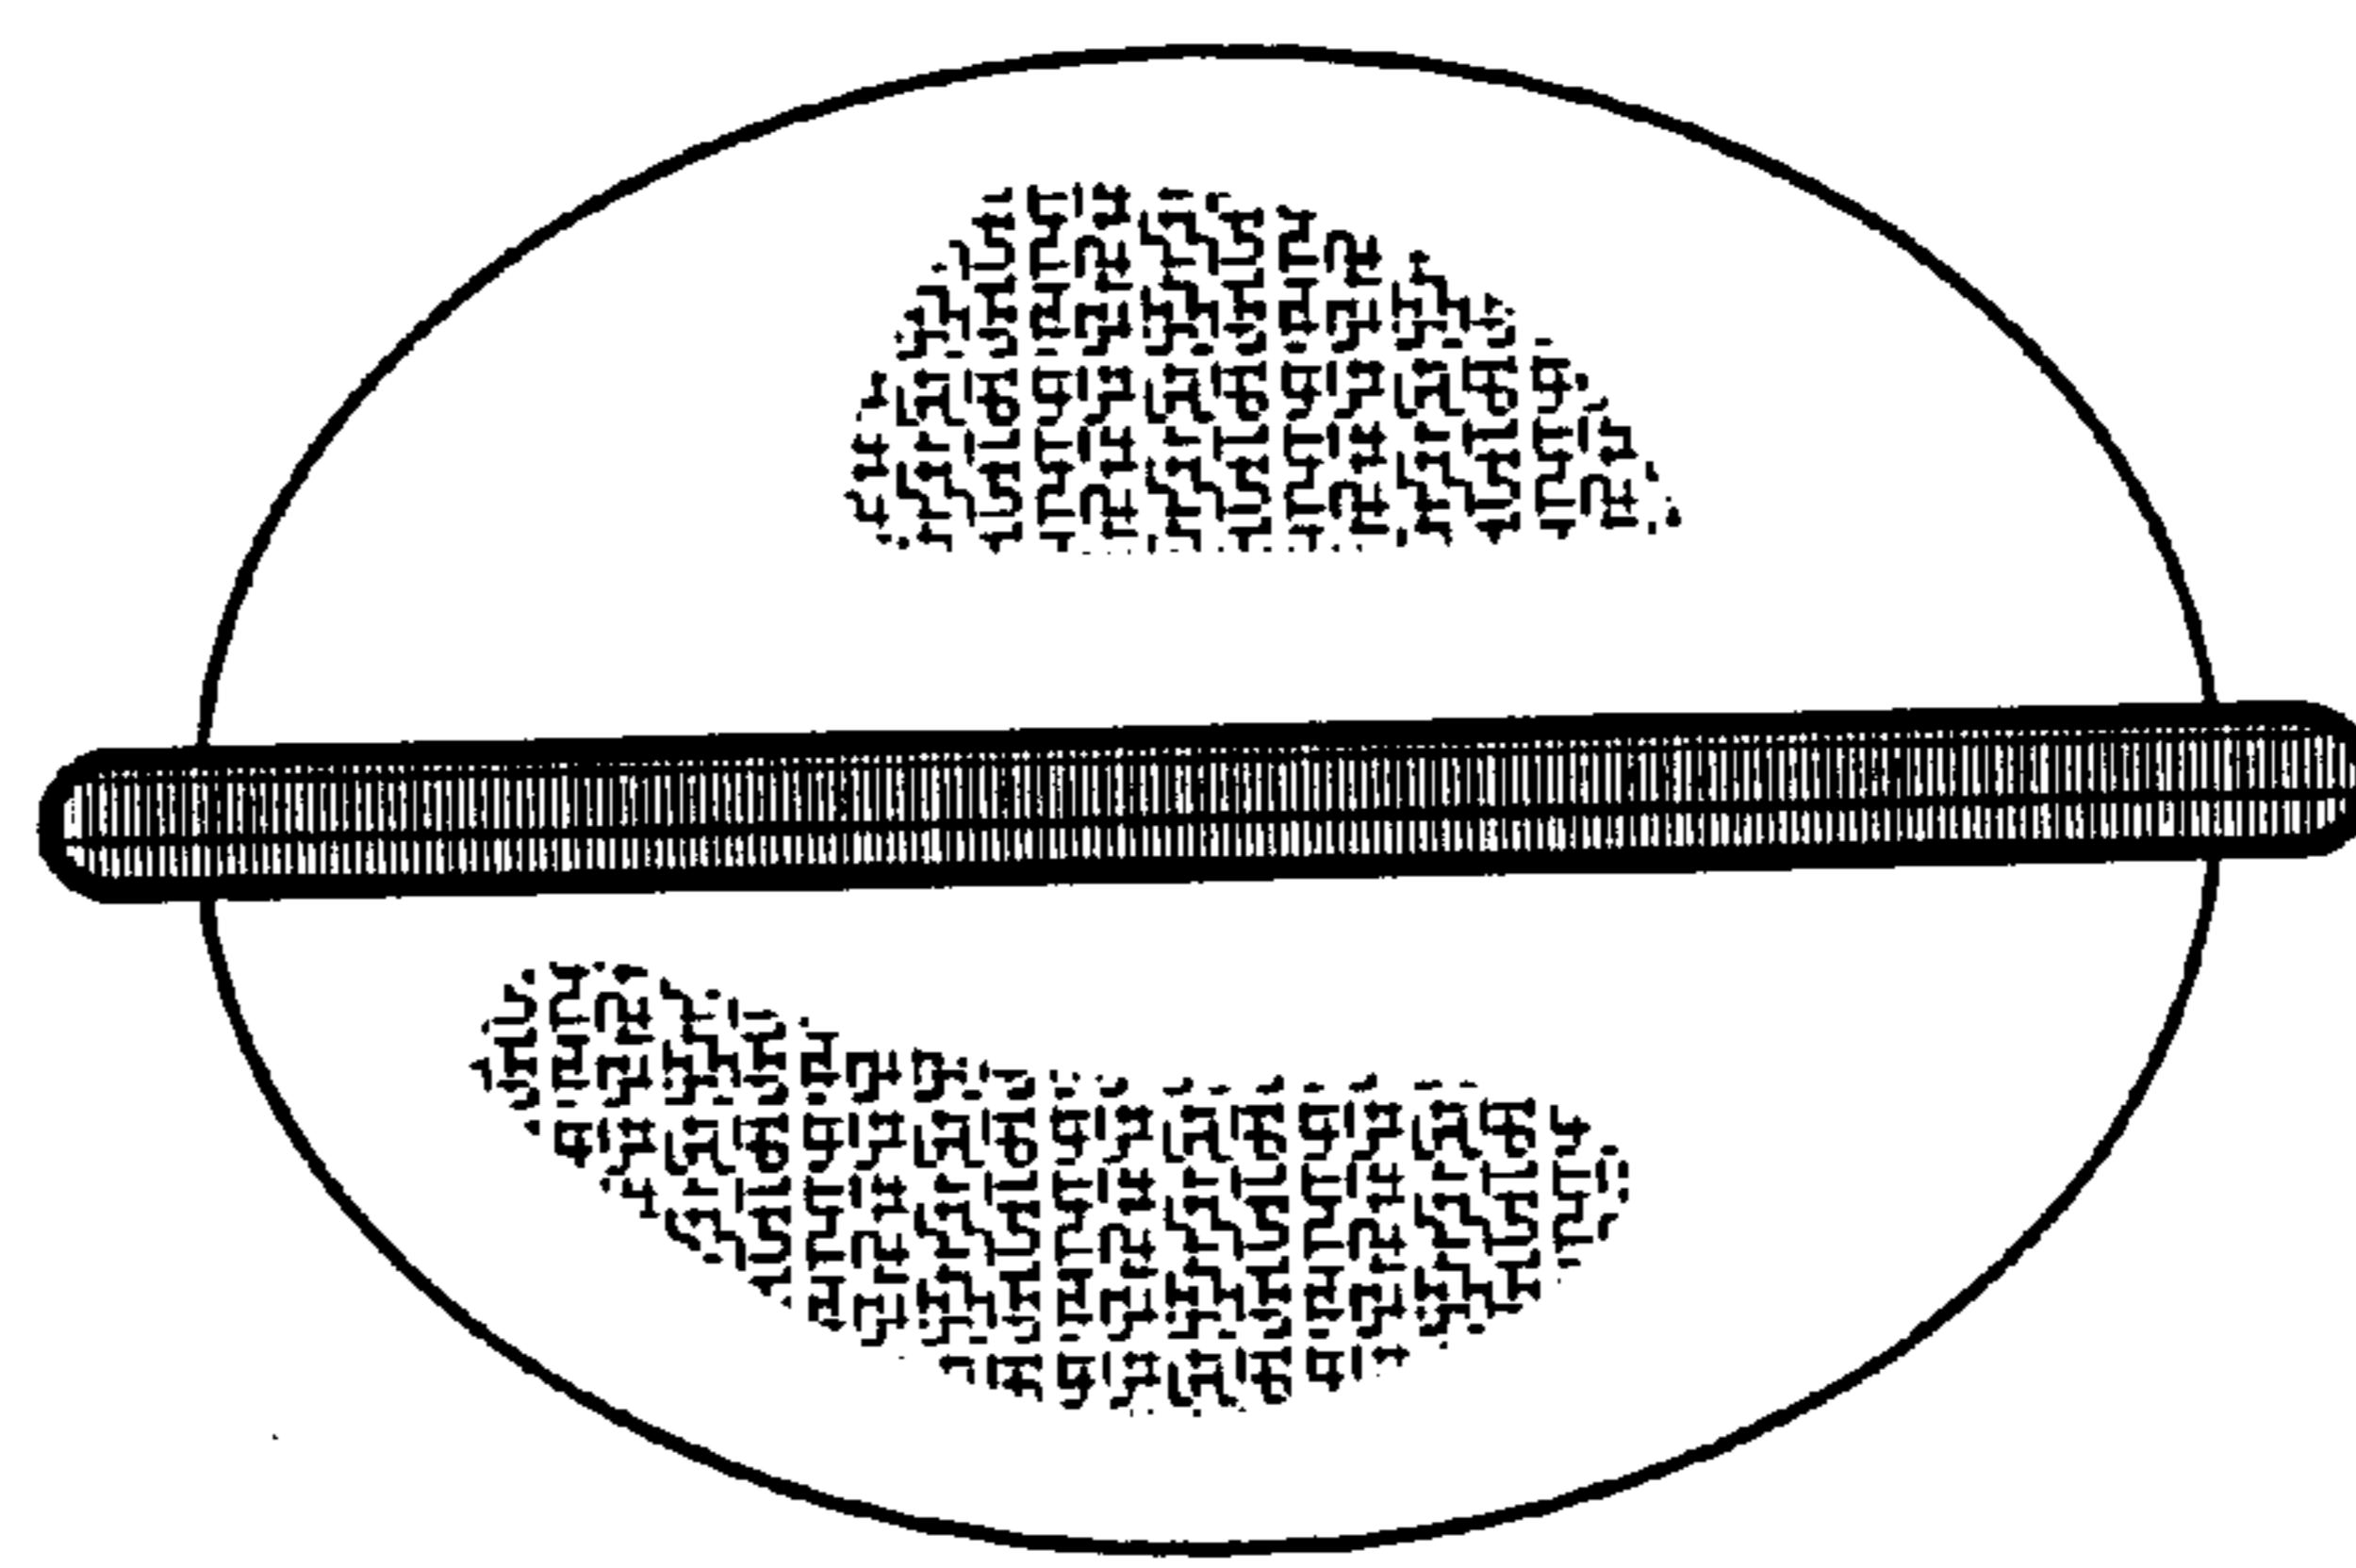

The broken lines shown in the Figures, including the closure and carry clip, and the position of the attachments of such elements to the compacted carry bag, illustrate the environment only, form no part of my claimed design, and can be omitted within the spirit of my invention.
