[57] **CLAIM**

The ornamental design for watch, as shown and described.

DESCRIPTION

FIG. 1 is a left front perspective view of a watch showing my new design;

FIG. 2 is a front elevation view thereof;

FIG. 3 is a left side elevation view thereof;

FIG. 4 is a right side elevation view thereof;

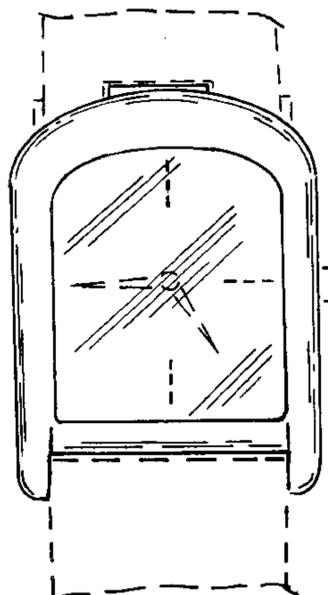

FIG. 5 is a front end elevational view of my new design with the dash lines representing a wrist strap in a downward position; and,

FIG. 6 is a rear end elevational view with the dash lines representing a wrist strap in a downward position.

Dashed lines indicating watch hands and quarter-hour symbols, watch straps, an upper strap retention pin and a pull

crown represent environmental elements and form no part of the claimed design. The dashed lines showing the back edge of the watch in FIGS. 1, 3, 4, 5 and 6 represent an indefinite watch thickness; a specific watch thickness is not a claimed feature of this design.
