[57] **CLAIM**

The ornamental design of an industrial emergency unit light fixture, as shown and described.

DESCRIPTION

FIG. 1 is a bottom perspective view taken from the front of a first embodiment of the industrial emergency unit light fixture showing the new design;

FIG. 2 is a bottom perspective view taken from the rear of the industrial emergency unit light fixture;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a top plan view thereof;
FIG. 6 is a side elevational view thereof;
FIG. 7 is a bottom perspective view taken from the front of a second embodiment of the industrial emergency unit light fixture showing the new design;
FIG. 8 is a bottom perspective view taken from the rear of the industrial emergency unit light fixture;
FIG. 9 is a front elevational view thereof;
FIG. 10 is a top plan view thereof;
FIG. 11 is a side elevational view thereof;
FIG. 12 is a bottom perspective view taken from the front of a third embodiment of the industrial emergency unit light fixture showing the new design;
FIG. 13 is a bottom perspective view taken from the rear of the third embodiment of the industrial emergency unit light fixture;
FIG. 14 is a front elevational view thereof;
FIG. 15 is a rear elevational view thereof;
FIG. 16 is a top plan view thereof;
FIG. 17 is a side elevational view thereof;
FIG. 18 is a bottom perspective view taken from the front of a fourth embodiment of the industrial emergency unit light fixture showing the new design;
FIG. 19 is a bottom perspective view taken from the rear of the fourth embodiment of the industrial emergency unit light fixture;
FIG. 20 is a front elevational view thereof;
FIG. 21 is a top perspective view thereof; and,
FIG. 22 is a side elevational view thereof.
