[57] **CLAIM**

The ornamental design for an automobile wheel cover, as shown and described.

DESCRIPTION

FIG. 1 is a diagrammatic perspective view of the automobile wheel cover in full lines with a car shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a right side elevational view of the automobile wheel cover, the left side view being a mirror image of the right side view; and,

FIG. 5 is a top plan view thereof, the bottom plan view being a mirror image of the top view.
