[57] CLAIM

The ornamental design for a surface configuration of a vehicle body, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a surface configuration of a vehicle body according to our novel design;

FIG. 2 is a perspective view from the front left of a surface configuration of a vehicle body according to our novel design, the perspective view from the front right being mirror symmetrical;

FIG. 3 is a right side view of a surface configuration of a vehicle body according to our novel design, the left side view being mirror symmetrical;

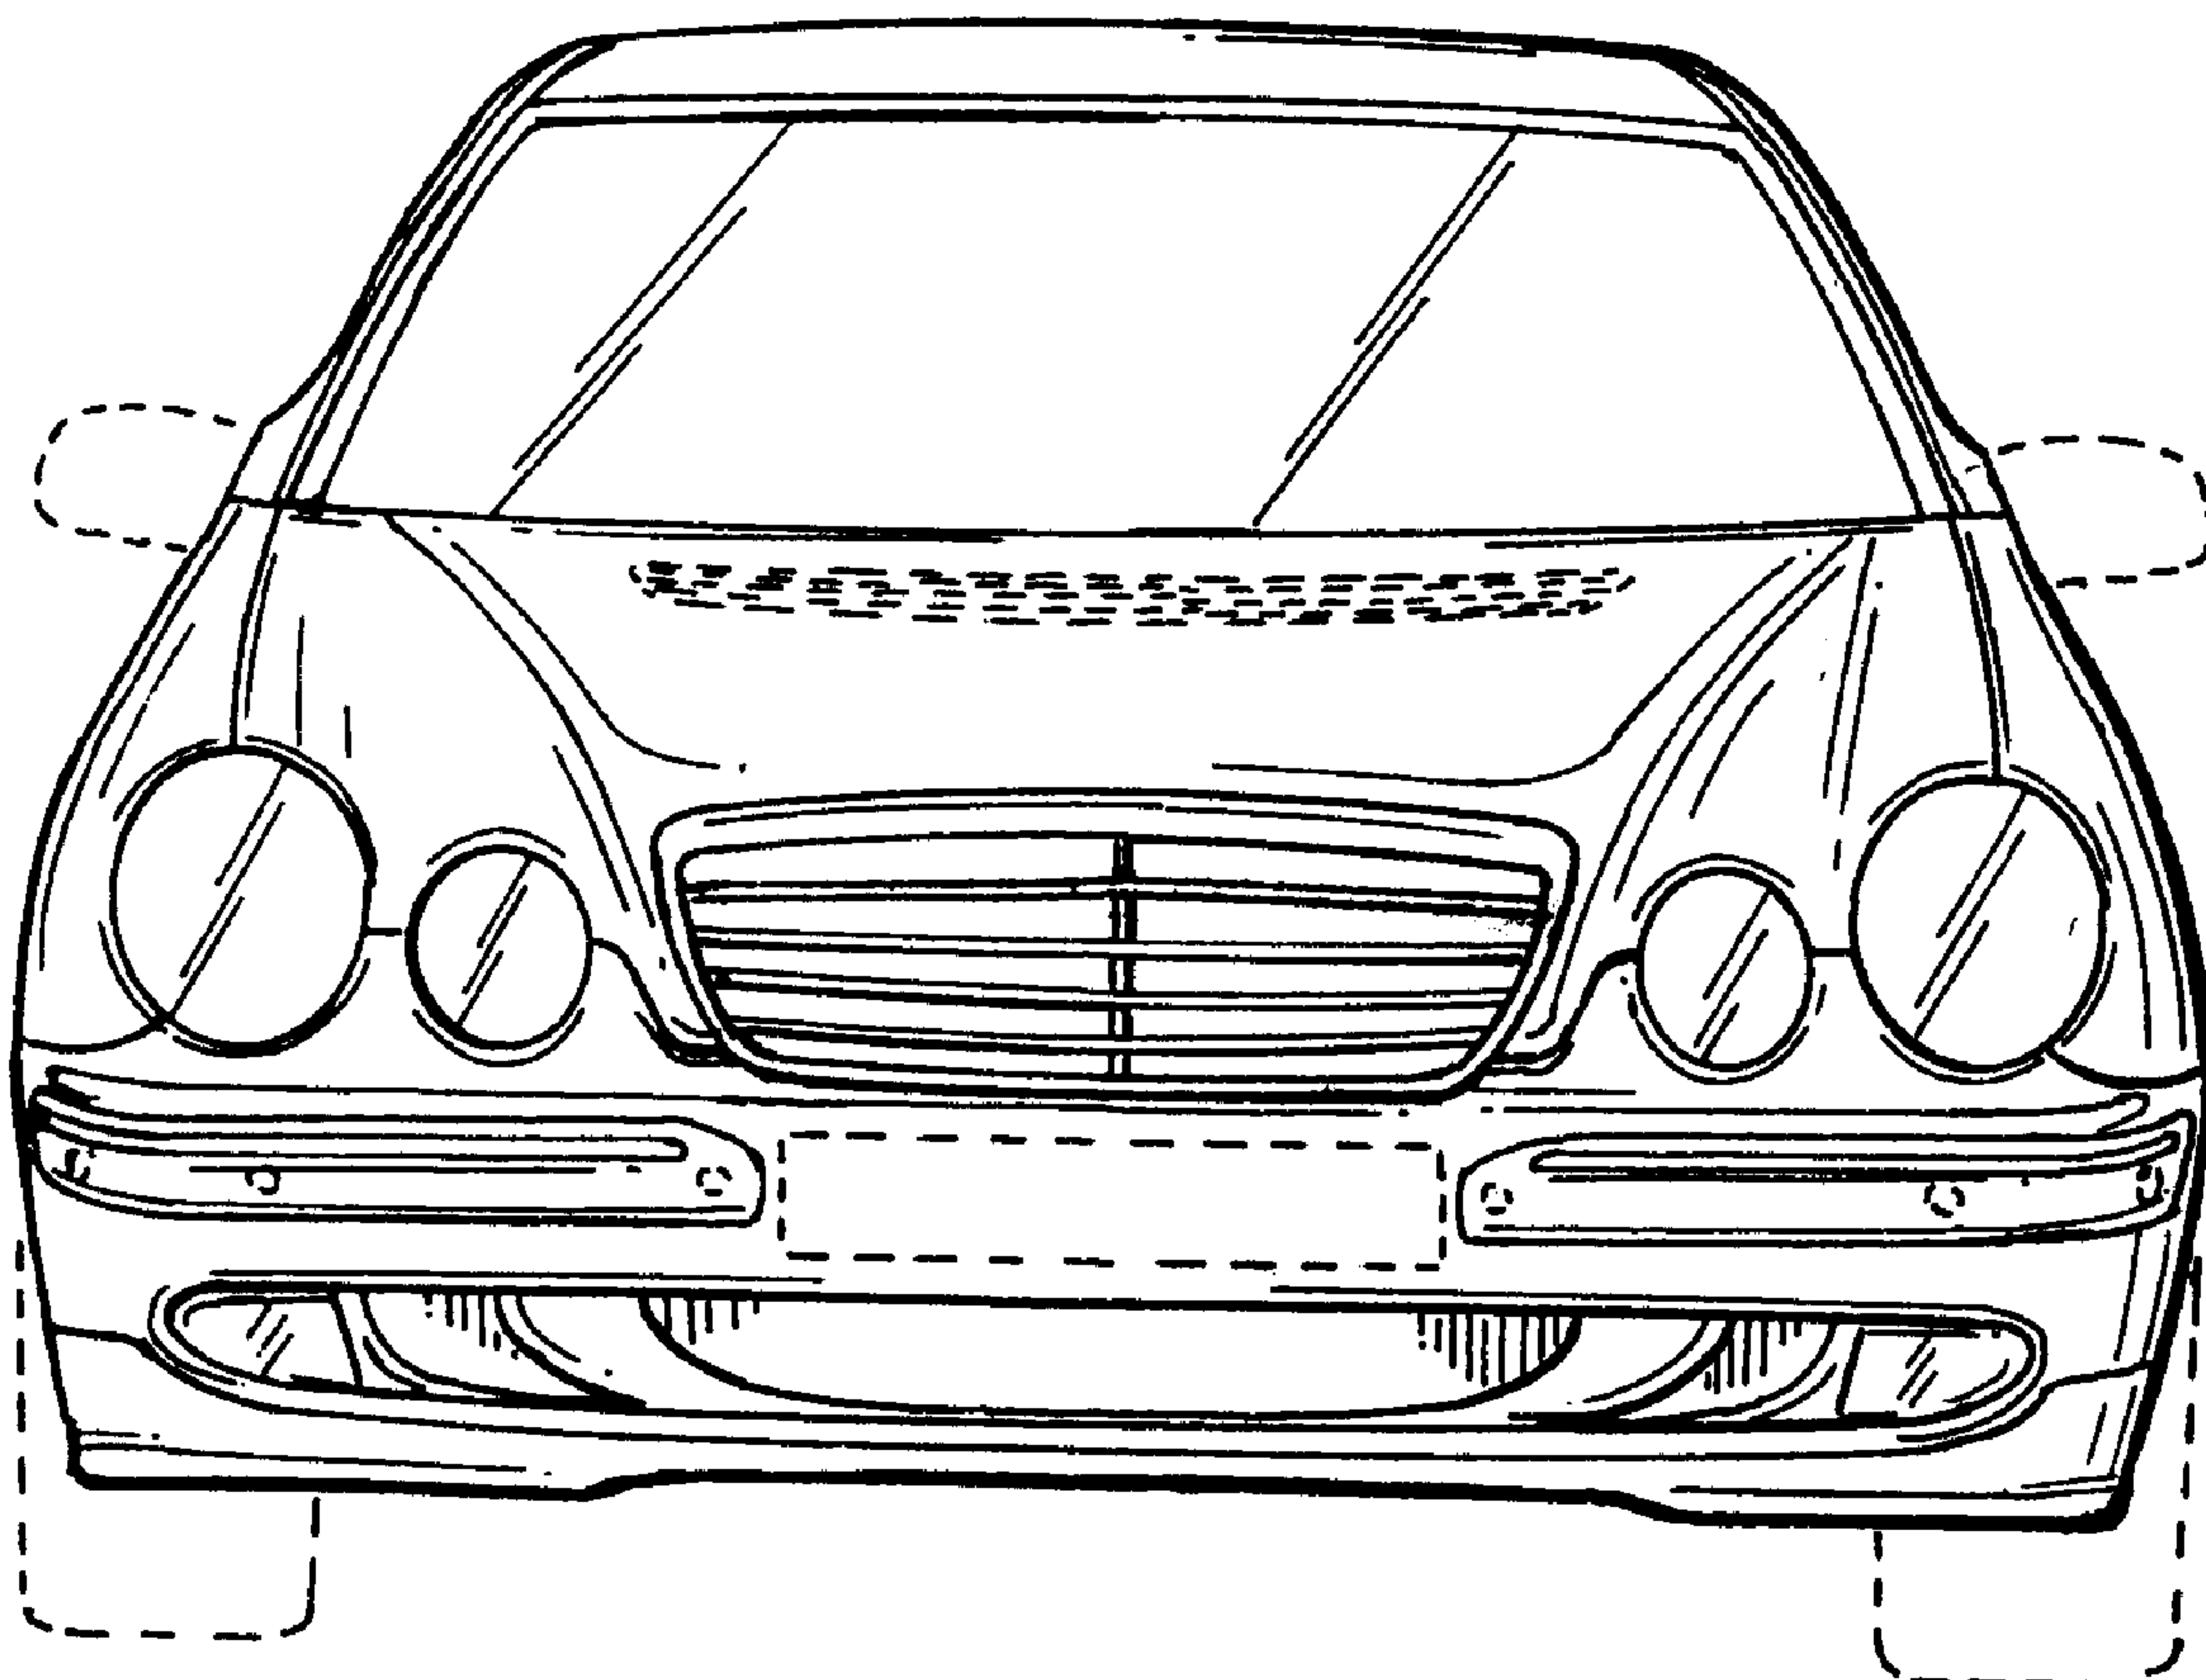

FIG. 4 is a perspective view from the rear right of a surface configuration of a vehicle body according to our novel design, the perspective view from the rear left being mirror symmetrical;

FIG. 5 is a rear view of a surface configuration of a vehicle body according to our novel design; and,

FIG. 6 is a top view of a surface configuration of a vehicle body according to our novel design.

The broken line included depicts environment and is not part of the claimed design.
