[57] **CLAIM**

The ornamental design for a display device with integral wing-like carrying handles, as shown and described.

DESCRIPTION

FIG. 1 is a front right side perspective view of a display device with integral wing-like carrying handles showing our new design;

FIG. 2 is a front elevational view of the arrangement shown in FIG. 1;

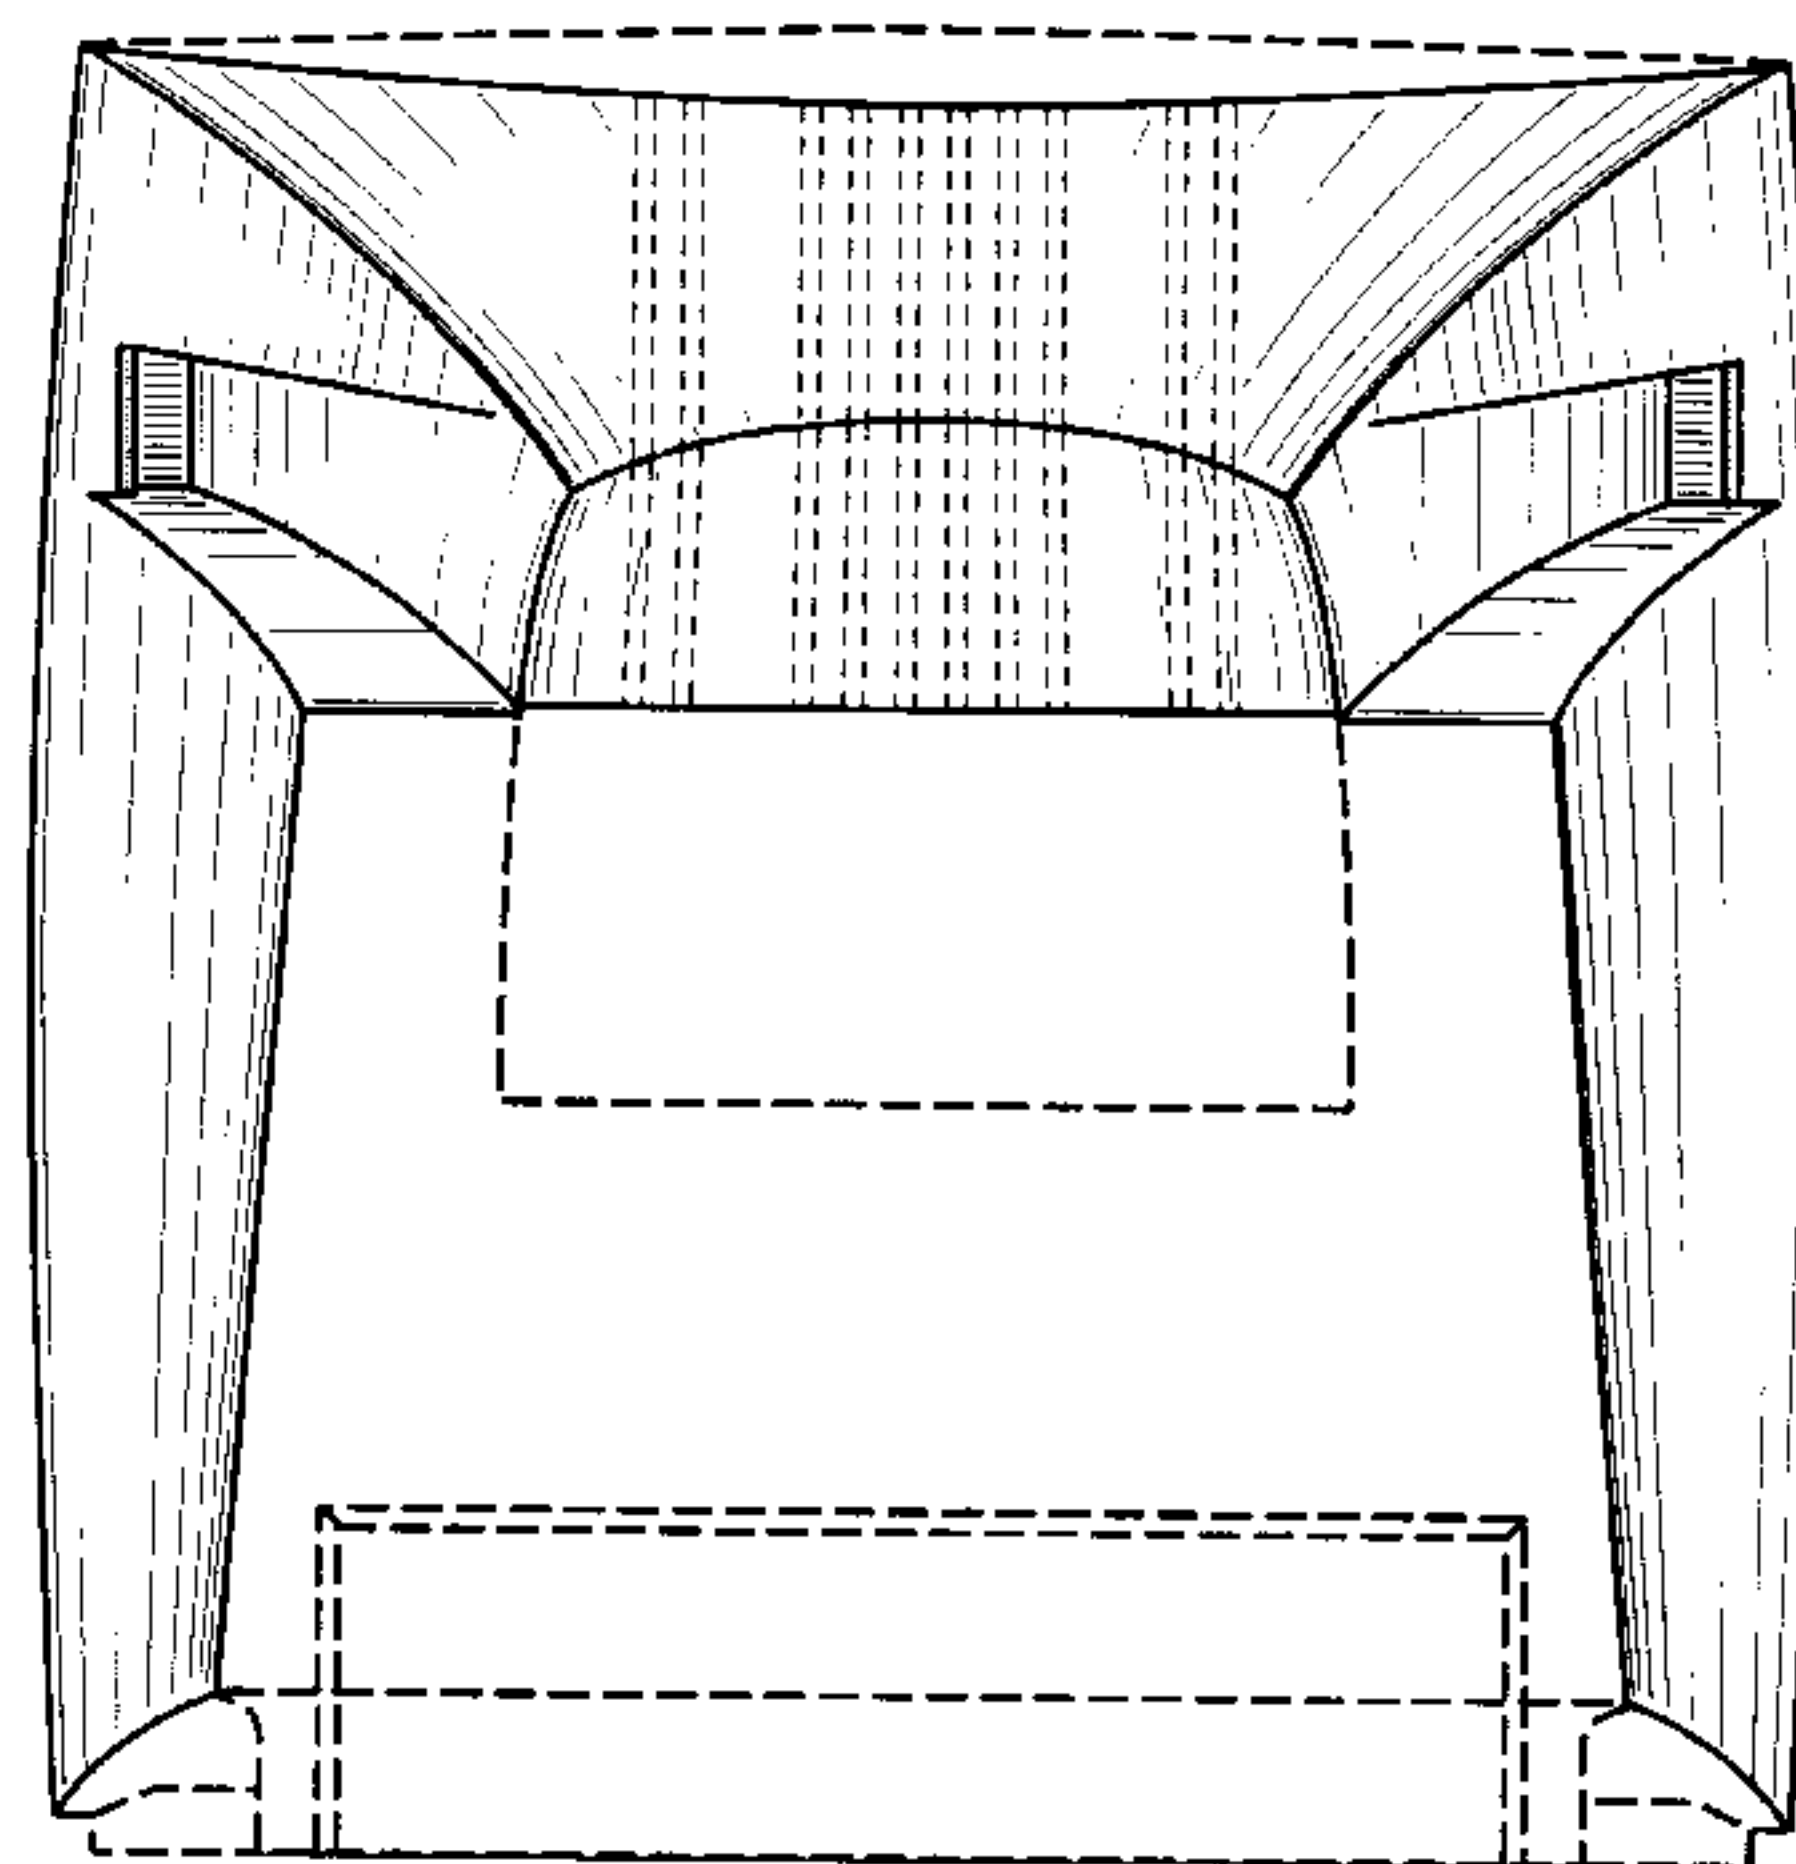

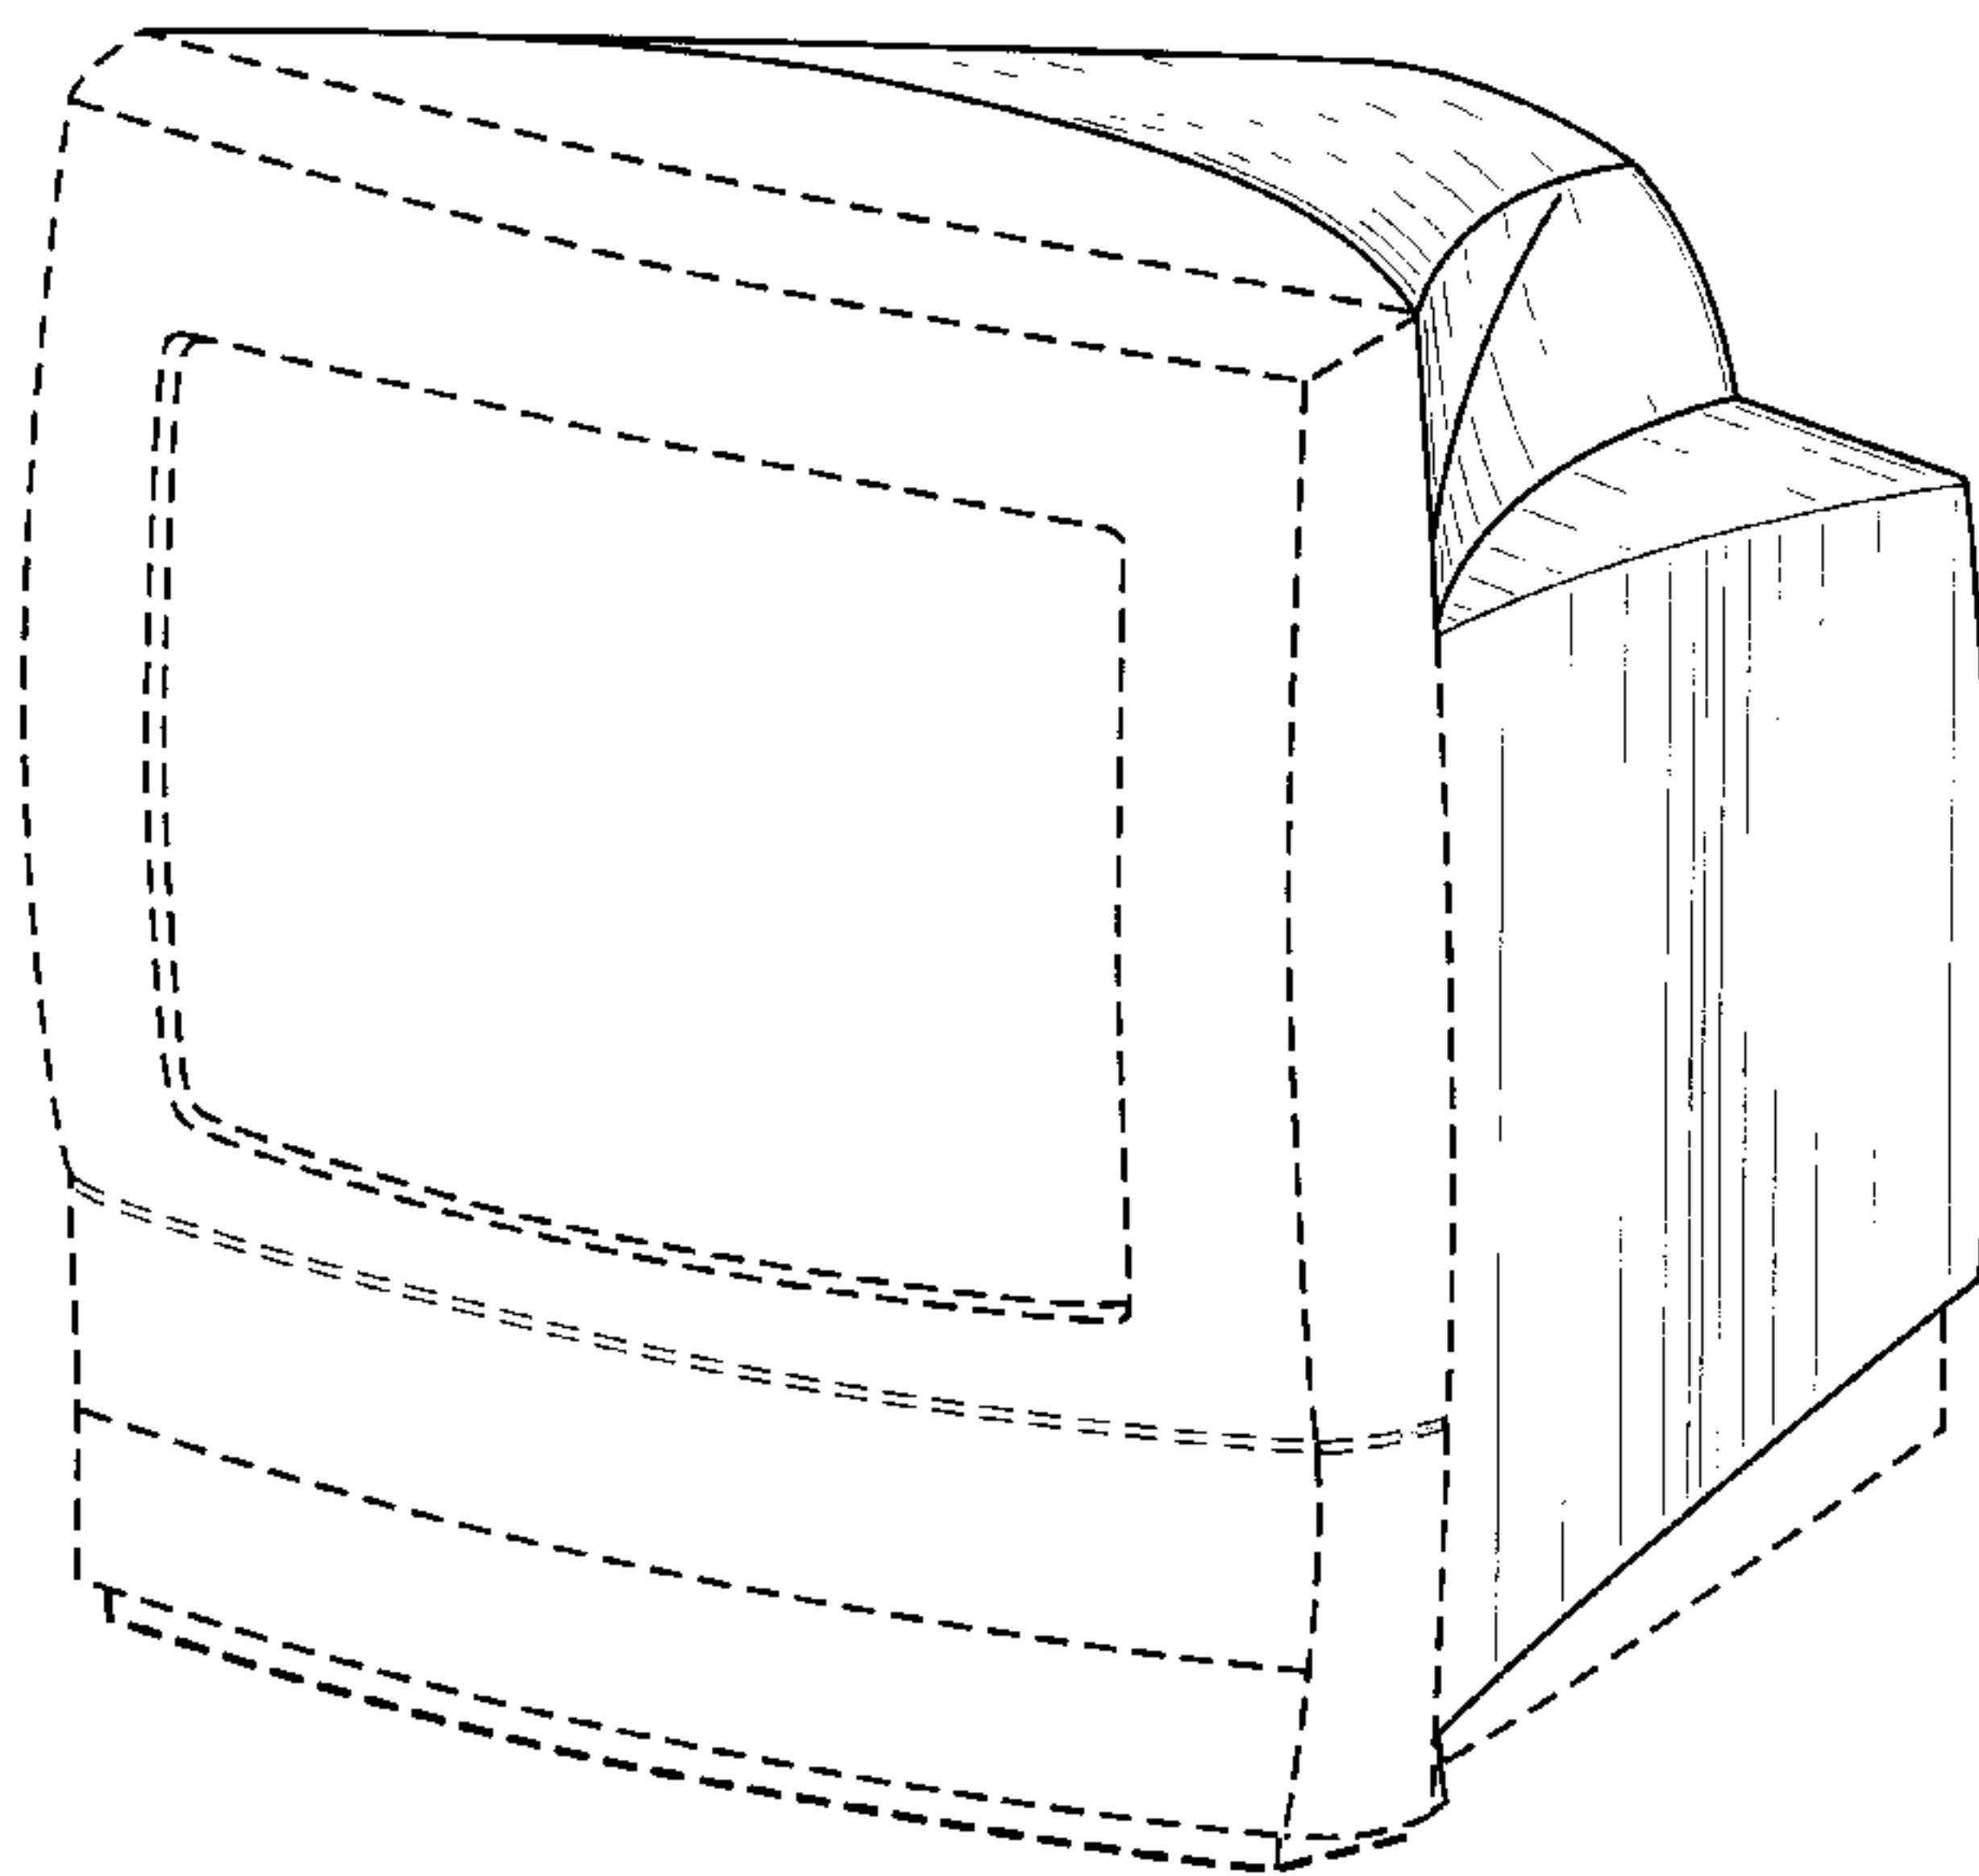

FIG. 3 is a rear elevational view of the arrangement shown in FIG. 1;

FIG. 4 is a right side elevational view of the arrangement shown in FIG. 1; and,

FIG. 5 is a top plan view of the arrangement shown in FIG. 1.

The portion of the FIGS. drawn with broken (phantom) lines are for illustrative purposes only and form no part of the claimed design. A bottom plan view of the arrangement shown in FIG. 1 is not provided because this portion of the arrangement is not a part of the claimed invention. The left elevational view of the arrangement shown in FIG. 1 is a mirror image of the right elevational view shown in FIG. 4, and is therefore not shown.
