[57] **CLAIM**

The ornamental design for apparatus for the removal of oil or grease from a liquid surface, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the bottom of the apparatus for the removal of oil or grease from a liquid surface of my new design;

FIG. 2 is a perspective view taken from the top thereof showing the outer curvature thereof;

FIG. 3 is a left side perspective view thereof with the apparatus of the design disposed in the inverted position; and,

FIG. 4 is a right-side perspective view thereof similar with the apparatus of the design disposed in an inverted position like that of FIG. 3.
