Page 1 of 1

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Description,

Line 4, insert -- view -- after "bottom"; and
Line 6, insert the following paragraph:

-- The towel dispenser is formed in two halves that are hinged together to form a generally cylindrical container/dispenser for towels. The seam between the halves, the mounting elements, and the serrated edge for tearing-off towels are shown in phantom and are not part of the claimed ornamental design. --
