[57] **CLAIM**

The ornamental design for the wind chime, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a wind chime of my new design;

FIG. 2 is a rear elevational view with reference to FIG. 1;

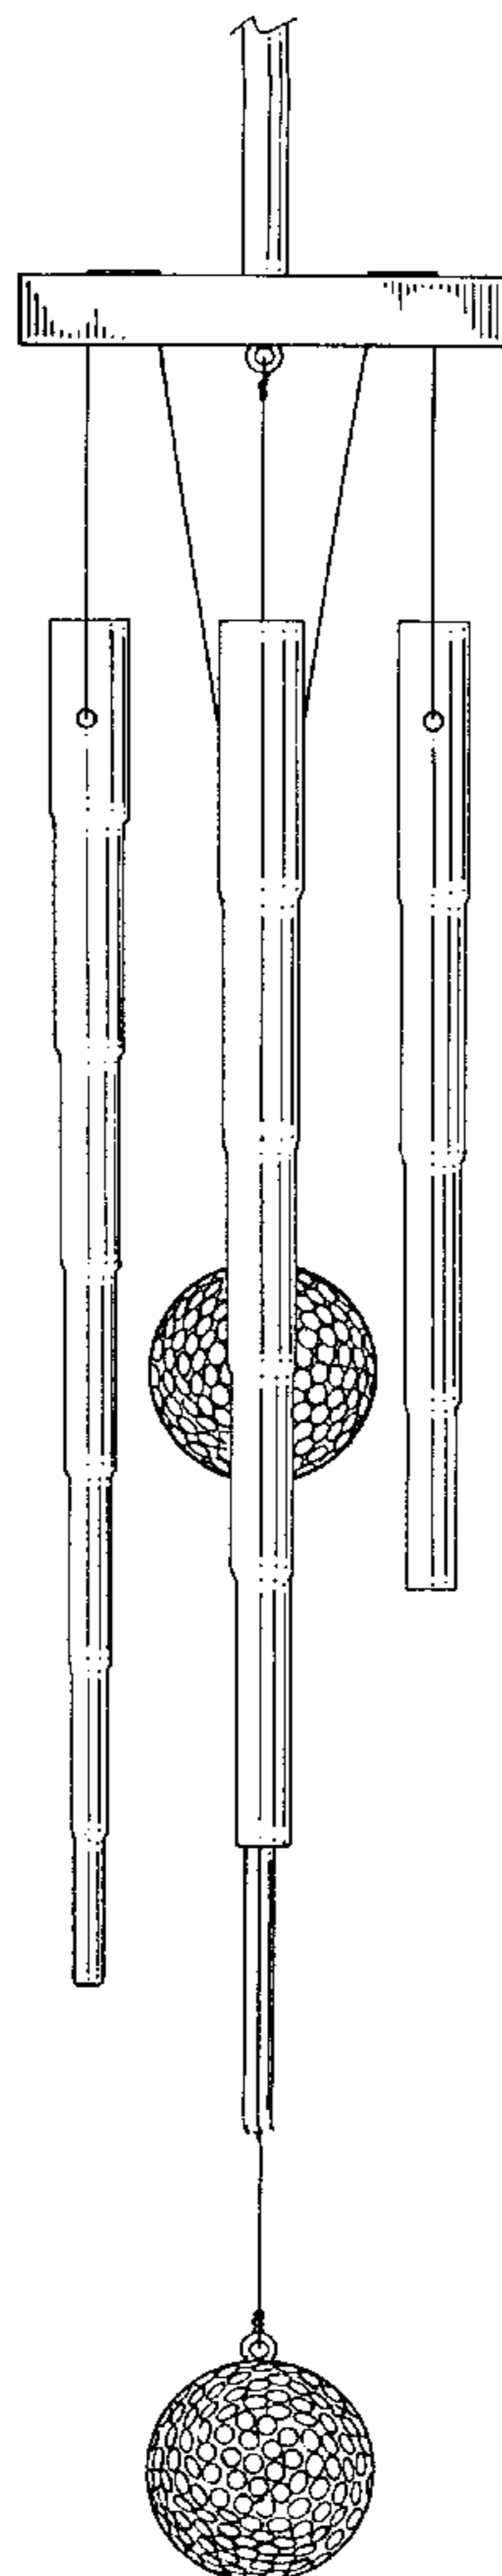

FIG. 3 is a top view, also with reference to FIG. 1;

FIG. 4 is an elevational view taken with respect to arrow in FIG. 3; and,

FIG. 5 is a bottom view with reference to FIG. 1.

The views shown in FIGS. 4 and 9 are provided in lieu of left and right side views of the respective embodiments since they disclose more fully the ornamental feature of the central portion of the wind chime than a left or right side view would accomplish.
