[57] CLAIM

We claim the ornamental design for the domino orienting center piece, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a domino orienting center piece of our invention, wherein the dominos appearing in FIG. 1 the broken lines are not part of the design; FIG. 2 is a top plan view of our invention, wherein the bottom view is identical in appearance; FIG. 3 is a front side plan view of our invention, wherein the back view is identical in appearance; and, FIG. 4 is a left end view of our invention, wherein the right end view is identical in appearance.
