[57] CLAIM

The ornamental design for a powered external vacuum
appliance for the treatment of impotence, as shown and
described.

DESCRIPTION

FIG. 1 is a back end elevational view of the vacuum cylinder
component of a powered external vacuum appliance for the
treatment of impotence, embodying our new design;

FIG. 2 is a top plan view thereof, the bottom plan view being
identical thereto;

FIG. 3 is a right side elevational view thereof, the left side
elevational view being identical thereto;

FIG. 4 is a front end elevational view thereof;

FIG. 5 is a back end elevational view of the cylinder mount
and pump housing component of the powered external
vacuum appliance for the treatment of impotence;

FIG. 6 is a right side elevational view thereof, the left side
elevational view being identical thereto;

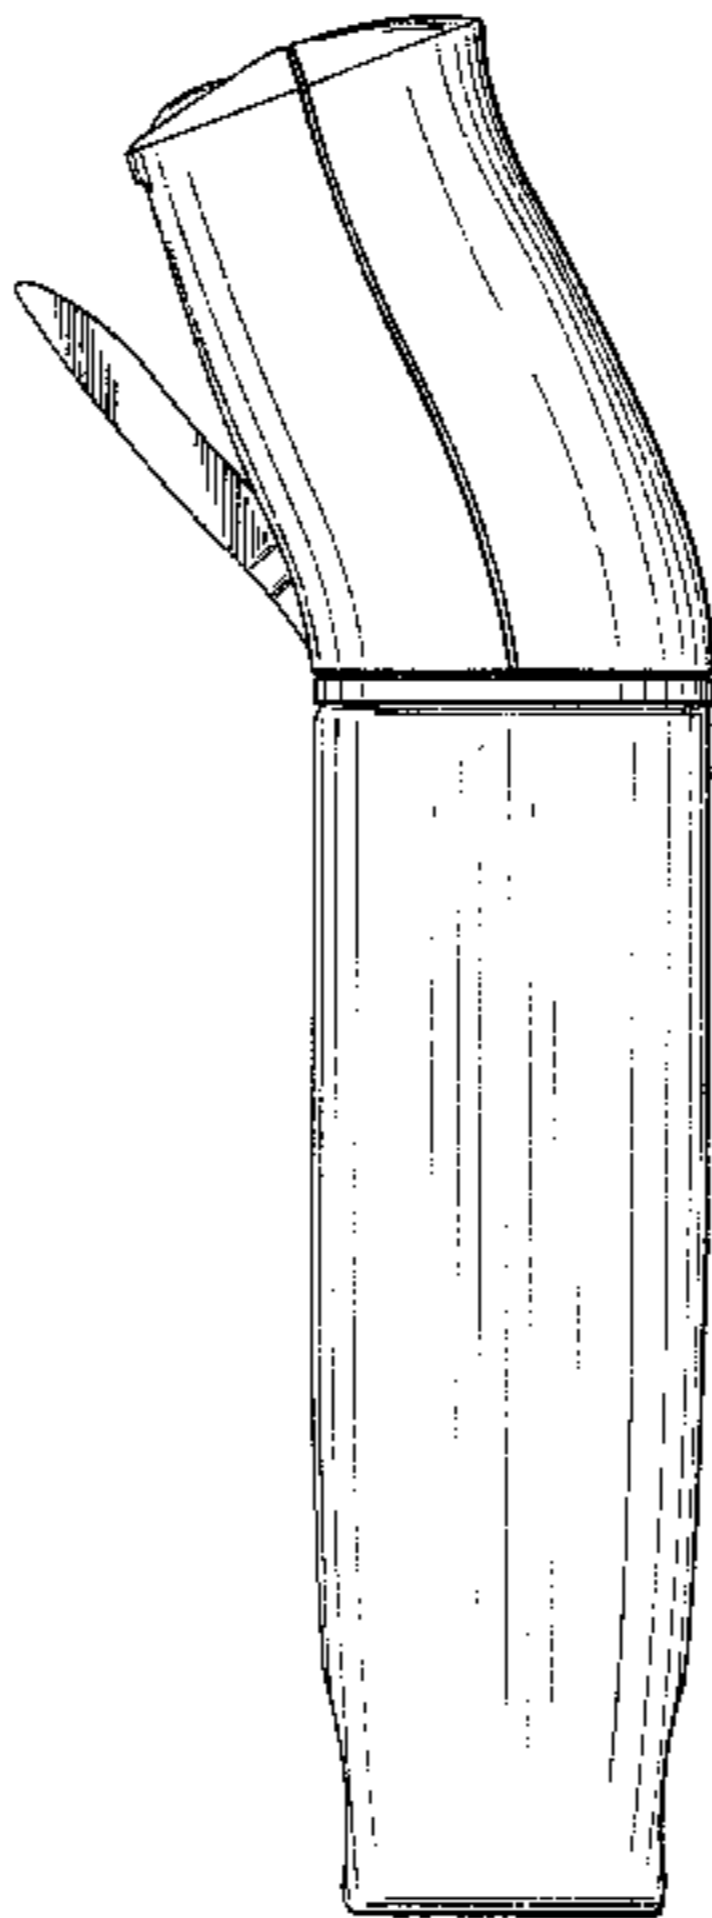

FIG. 7 is a top plan view thereof;

FIG. 8 is a bottom plan view thereof;

FIG. 9 is a front end elevational view thereof; and,

FIG. 10 is a right side elevational view of the vacuum
cylinder component and the cylinder mount and pump
housing component in combined condition.
