[57] **CLAIM**

We claim the ornamental design for the repeating pattern for an embossed paper product, as shown and described.

DESCRIPTION

The sole FIGURE is a top plan view of a repeating pattern for an embossed paper product embodying our design.

The product embodied by the attached drawing can be a single or multi-ply product. The broken boundary line in the figure represents the boundaries of the claimed design which repeats uniformly throughout the length and width of the paper product, as well as the boundaries of the article to which the claimed design is applied, and does not represent a part of the claimed design. The flowers and quilt gridwork pattern shown in broken lines form a part of the claimed design.
